Morris's Dastardly Attempt to Wreck Fishermen's Union.

To Lower the Price of Fish and to increase the cost of living by wiping out Union Trading Company and Co-Operative Stores.

On Monday, we referred to the dastardly attempt of Morris and McGrath to wreck the Fishermen's Union. The subject will bear further consideration so as to drive home to the fishermen and to all Union workers and sympathizers the peculiarly heinous character of the attack. Morris professes at all times to have great sympathy for the workingman, the laborer, the mechanic and all who work for a living. A special paragraph in his Manifesto was devoted to vague promises, unfulfilled we need not say, to improve the conditions of the working classes. As this was not one of the promises concerning the Reid Company and railway building, as it was not one to put millions into the pockets of the railway contractors, it was studiously and faithfully evaded.

The mechanics of St. John's, the tradesmen and the laborers have been organized into Unions for several years and great have been the benefits to employer and employed. The employee has been in a position to demand a living wage and to make his income meet the increased cost of living and the employer has had a settled condition of things to calculate on when estimating the cost of his manufactures. The benefits of union became so apparent to the outport resident, from his frequent visits to St. John's, that when Mr. Coaker started to organize the fishermen into a Union he found them willing and ready. In an incredibly short time the idea took root and spread over the northern districts. But in addition to the customary objects for which the idea stands in St. John's, Mr. Coaker grafted on co-operative stores and a central trading company.

The F.P.U. serves the fishermen as a club, a meeting house, a lodge, a place where they can come together and exchange ideas and principally as a medium through which they can express a united voice on any question affecting their interests in the commercial or political life of the country. The trading company, known as the Union Trading Company, and co-operative stores are the points which the fishermen resent most strongly McGrath's inspired attack, for it was into these ventures that their hard earned savings, the fruits of many years of toil were placed. These were placed in jeopardy by the malicious attack of McGrath. But they were not alone the subject of his vitriolic diatribes. The organ of the fishermen, the 'Advocate,' and the President of the Union came in for an equally strong share. The object of the attack was most apparent. Morris made up his mind when he found the 'Advocate' and F.P.U. would have none of his corrupt politics, **to kill the Union** and all connected with it. Little cared he or McGrath how much of the fishermen's money was embarked in these concerns if he could succeed in putting such a dangerous opponent out of the way. The unmanly, unfair, ungenerous, we might add, vile, dishonest and ferocious attack failed, miserably, hopelessly failed and McGrath emerged, and his master Morris emerged, from the contest with the redoubtable Coaker and the F.P.U. more contemned and despised than before.

The result is now plain to all. The F.P.U. with its (18,000) of members has thrown its support with the Liberal Party, and under the skilful and statesmanlike leadership of SIR ROBERT BOND will put an end to the unexampled era of corruption and extravagance that has existed in the country since Morris and his gang of treasury blood-suckers got control of the people's money. Never in the history of any country, except perhaps among the Turks, was such shameless expenditure of public funds permitted to continue. We have but to point to immense land grants made to Morison and his company amounting to an area one-third as great as the whole area of Newfoundland, the large sums paid Morris and Morison for their trips to England and the Hague, the salaries voted Devereaux and Downey, the fees paid Emerson, Howley and Squires, the tearing up of the Placeman's Act so that three members might sit and vote in support of the Government while in receipt of salaries and expenses of over $3,000 each, the contracts for coastal service awarded the Produce Company of which Messrs. Morison and Crosbie, two members of the Government were directors, the sale of the $28 spar for $2,200 as a few instances where the Government have failed in their trust as custodians of the people's money, and the Colony's assets.

The People's Party has confined its favors to itself, to the Government and its own supporters. But mark this well! when the knowledge that the fishermen banded together for their common good, did not approve of these acts of corruption was made apparent, a deliberate attempt was made to destroy their Union and the concerns where their money was invested, and McGrath, with the full knowledge or the silent acquiescence of Morris, sets apart a full week and devotes his paper and his abilities to a vicious attack. These are stern facts which we advise the Union man and non-Union man to bear in mind when the Morris candidates visit their homes seeking votes. Under Morris it has been and will be death to the knife to the Union; under BOND the Union will take its place in the councils and representatives of the country and can make the voice of the united fishermen heard. Under Morris, capitalists and wealth will seek and obtain favors and privileges, land grabbing, and extravagance will take place; under BOND a fair, just and economic administration, with equal rights to all classes, special favors to none, will obtain. To all, union and non-union men we appeal to punish this dastardly trick of Morris and McGrath, and when Polling Day comes round tell Morris candidates that they must go for BOND

CAN'T LOSE.

History Being Repeated.

A GENERAL SWEEP OUT.

Thoroughly reliable information gathered from persons who have recently travelled through all the districts, declare that the coming sweep out of the present Tory Government will be equal to the sweep out of 1900 when the Tories only won four seats. What else could be expected. "Who would be free themselves must strike the blow." Patsy will use his vile pen in vain this time without any doubt whatever. The districts everywhere are falling into line for the geratest Liberal Victory ever yet known in the island. The people have made up their minds and they will stand true against the allurements of bribery and corruption. Poor Morris & Co. are approaching the "bitter end" sure.—Com.

Preparing for the Contest.

The young Liberal voters in the West End are now preparing for the contest in November, and are determined to uphold the Liberal prestige and do honor to the memory of the Sires who bequeathed to them the grand privilege of standing by the Old Liberal Banner and treat with disdain the old Tory rag—the emblem of the worst days this island ever saw. The figures in Tuesday's **Telegram** pointing out the decrease in the Morris vote in the last election were an eye-opener. Morris has gone down rapidly since becoming a Tory. His 1300 majority vote under BOND was reduced to about 250 or less in the last election while shouldering the Tory flag with P. T. McGrath at his back. What could he expect better? Traitors can expect no better fate.—Com.

Shamrock's Excursion

In Conjunction With Tor's Cove Garden Party.

The 10th annual excursion of the "Shamrock's" was held yesterday and was the biggest success of the season. Precisely at 10 o'clock the train puled out of the station with a happy and joyous party numbering over six hundred persons, including the C. C. C. Band. Arriving at Tor's Cove on time, a pleasing incident took place. On the members of the Club landing from the train they were each presented wth a bunch of shamrocks, the thoughtful action of Mrs. Margaret O'Drscoll, as an appreciation of their first visit to Tor's Cove. The Club, through its chairman, Mr. Murphy, sincerely thanked the kind and venerable lady for her appropriate present and hearty cheers given for her and family. The party then headed by the band proceeded to the grounds which were decorated with bunting and the table holders and assistants were then busily engaged for upwards of two hours tending to the inner man which was done in a first class manner by the ladies who deserve the congratulations of each and every excursionist. After ample justice had been done at the festive board, Rev. Parish Priest (P. J. O'Brien) announced the programme of sports which were run off without a hitch except that the race course became clouded with fog, nevertheless the contestants entered each event with a vim.

PROGRAMME.

No. 1. Sail Race—Won by A. O'Driscoll.

No. 2. Dory Race— Between men from Bay Bulls, Witless Bay, Cape Broyle and Tor's Cove for a beautiful silver cup presented by the Shamrock Club; won by Tor's Cove crew.

No. 5. Marathon Race, 4 miles, 3 competitors entered, prizes: gold and silver medals. Won by J. Kavanagh; W. Wall, 2nd.

Much enthusiasm prevailed throughout the contests. Tea hour having arrived the tables were generously patronized. Dancing began at 9 o'clock to the music of Myron's orchestra and the hall was literally packed. During the interval Chairman Murphy presented the prizes to the victors including the cup, gold and silver medals, oil clothes and box of tobacco. President McGrath, L. S. P. U., handed back the honorarium won by his men to Rev. Fr. O'Brien to be contested for next year.

The excusionists arrived in town this morning at 5.30 having spent a most enjoyable day at Tor's Cove, all speaking well of the attention shown by the residents.

Denied Life Insurance

because his bodily health failed to meet the company's rules, Mr. James Conners says Duffy's Pure Malt Whiskey built him up so that he successfully passed three different physical examinations by the same Life Insurance Co., which formerly rejected his application. No wonder he will not accept substitutes for Duffy's.

"I have great faith in your wonderful remedy which I have taken regularly for the past twenty-five years. Before I took Duffy's Pure Malt Whiskey I was subject to chills and heavy colds in the winter and had a very poor appetite. My family physician advised me to take a tablespoonful of Duffy's Pure Malt Whiskey before meals. I followed his directions and found it created an appetite, and while taking it I was not subject to the cold chills that I formerly suffered with.

"Twenty years ago I was rejected by a Life Insurance Company, and since taking your whiskey I have built myself up and have passed three times since in the same company.—James Conners, 397 Baltic Street, Brooklyn, N.Y.

THE IMPERIAL OIL CO., LTD.

Gentlemen,—With reference to POLARINE OIL, we desire to say that we operated six Winton Six-Cylinder Cars on the Cariboo Road in 1912, and these Cars travelled 82,430 miles during the season.

We used POLARINE exclusively, and found it superior to any other oil which we had previously tested, and while the cars were operated under all sorts of climatic conditions, we were so well pleased with the results obtainable from the use of POLARINE OIL that we propose to use nothing else on the eight Winton Cars which we will operate this year.

Could Hardly Care for Children — Finds Health in Lydia E. Pinkham's Vegetable Compound.

Bovina Center, N.Y.—"For six years I have not had as good health as I have now. I was very young when my first baby was born and my health was very bad after that. I was not regular and I had pains in my back and was so poorly that I could hardly take care of my two children. I doctored with several doctors but got no better. They told me there was no help without an operation. I have used Lydia E. Pinkham's Vegetable Compound and it has helped me wonderfully. I do most of my own work now and take care of my children. I recommend your remedies to all suffering women."—Mrs. WILLARD A. GRAHAM, Care of ELSWORTH TUTTLE, Bovina Center, N.Y.
