Making Another Effort to Get North.

Having thrice retreated, the Bow ring coaster Prospero, Capt. A. Kean, sailed last evening for the Northward, making another attempt to reach Griguet, her terminus. A visit of the steamer, the first for the season, to many northern outports, would be gladly welcomed just now, as people are short of provisions after the winter: besides the steamer has on board fishing supplies that are badly needed now. The ship took a full freight and as saloon passengers:-

WARSHIPS BOMBARD TCHESME.

THE LONDON BUDGET.

LONDON, June 14. Germany to-day claimed another decided success along the eastern line Dyke, J. W. northwest of Mosciska, in the region Dickenson, J. H., Boncloddy St. Sieniawa. The German report said that along the line extending over forty-three miles, the entire positions of the Russians were taken, Drensfield, B. and that 16,000 prisoners fell into their hands. The Russian official report, however, only mentioned the locality where the action took place, in a paragraph which declared that the Austro-Germans, after heavy losses in the region of Mosciska on Friday and Saturday, did not resume the of-

According to Petrograd, the Austro-Germans have made another crossing of the Dneister, where a brilliant cavalry charge resulted in a local Russian success; but no claim is made that the invaders were pushed back across the river. Crossing the river at this place may not be a Gosney, Ernest, card' serious affair for the Russians, as it Gabriel, Miss Mary Ellen. is remote from Lemberg, and an ad-

vance from it might expose the Austro-German flank. In the Western front the French continue their battering tactics against the formidable German positions, with some assistance from the Belgians, who have thrown a battalion across the Yser east bank, where south of the Dixmude railway bridge they destroyed a German blockhouse. They claim they have retained the position, despite the German counterattacks. Berlin claims that the French suffered a severe defeat on their front north of Souchez. Paris admits the loss of German trenches previously captured in that sector.

Full returns of the Greek elections re not yet available, but triumph of M. Venizelos, former Premier, seems certain. The continued illness of the Greek King may prevent the victory of the war party from having any immediate results.

Britain, which braced itself for the hock of the announcement of the ssue of another \$1,250,000,000 in the war budget, must wait another day, as the Commons rose this evening without Reginald McKenna, Chancellor of the Exchequer, having made the expected announcement.
