OFFICIAL.

LONDON, August 3.
 The Admiralty report a German destroyer sunk by a British submarine near the German coast on July 26th. In the sea of Marmora a British submarine sank two steamers, and bombarded the railway, blowing up ammunition trucks and doing other damage.

General Hamilton reports several sections of the Turkish trenches occupied by an attack on the Australian and New Zealand right. At least several Turks were killed round the works. The ridge on the crest was gained, and the position in that section materially improved. The French Government reports German trenches captured in Artois and Vosges, and a trench lost at two points in Argonne.

The Russian Government reports 500 prisoners and six machine guns captured in the Baltic provinces. North of Warsaw very desperate fighting continues. The enemy made some progress towards the right bank of the Vistula, and south of Warsaw fighting is favourable to the Russians.

A German transport was sunk by a British submarine in the Baltic. The Italian Government reports the capture of Mount Medetta in Carnia. On Carso a violent enemy attack was thrown back in complete disorder, and about 150 prisoners taken. A regiment of the Emperor's Jaeger was almost annihilated.

LONDON, August 4.—The French Government reports enemy attacks repulsed in Argonne and the Vosges. The Russian Government reports Russian retirement in Baltic provinces, and desperate fighting on the Narva, where every step costs the enemy enormous losses. Further enemy progress, after extremely sanguinary fighting northwest of Ivanovo. Enemy repulsed between the Vistula and the Bug.

The Italian Government reports Austrian counter-attacks in Carnia repulsed with heavy loss. On Carso plateau renewed enemy attacks were defeated and appreciable progress made in the centre.

LABOR'S OPPORTUNITY.
 LONDON, August 4.
 The labour of a million men is required to man the British fleet at sea. Chancellor McKenna declared at a meeting at Preston, last night, "The British Government, he said, is spending upon the Navy nearly half a million pounds daily in excess of what was spent in peace times."

WISE OR OTHERWISE.
 LONDON, August 4.
 A National Ministry has been formed in New Zealand consisting of five government, and five opposition members, according to a Reuter despatch from Wellington.

FIRM AND UNANSWERABLE.
 WASHINGTON, August 4.
 Great Britain's reply to the latest American representations against interference with neutral commerce, reject entirely the contention that the orders in council are illegal, and justify the British course as being wholly within international law. "Unsuitable, either in point of law or upon principles of international equity," is the British reply to the American protest against the blockade of neutral ports, with an invitation to submit to international arbitration any cases in which the States are dissatisfied with the action of the British Prize Courts. Changed conditions of warfare, the British note contends, require new application of principles of international law. The advent of the submarine, airship, and the atrocities by German troops in Belgium are cited as justification for the exercise of extreme measures. The blockade is justified on the contention that the universally recognized fundamental principle of a blockade is that a belligerent is entitled to cut off by every means the sea-borne commerce of his enemy. The note reiterates that Britain will continue to apply the Orders complained of, although not without every effort to avoid embarrassment to neutrals, and observes that American statistics show that any loss in trade with Germany and Austria has been more than overbalanced by increase of other industrial activities due to the war. Sir Edward refers to the atrocities in Belgium, the poisoning of wells in German South West Africa, the use of poisonous gasses against the allied troops in Flanders, and finally, the sinking of the Lusitania, to show how indispensable it is that we should leave untried no justifiable method of defending ourselves.

HONORS BELGIUM'S KING.
 PARIS, August 4.
 President Poincare, in the course of a visit yesterday, to the King and Queen of the Belgians, at the village of Lee, the occasion being the five anniversary of the German ultimatum to Belgium, conferred upon King Albert the Decoration of the Cross of War. At the time he said France considered Belgium's cause to be indissolubly linked with hers.

STRASSBURG BOMBED.
 PARIS, August 3.
 A flotilla of Anglo-French aeroplanes flew over the German city of Strassburg, and dropped twenty-five bombs. The extent of the damage is not yet ascertained.

BUY BULGARIA.
 LONDON, August 3.
 Discussing the possible course likely to be taken by the Austrians and

Germany after the capture of Warsaw leads the Standard to advocate editorially that the Allies make a tremendous effort to gain mastery by influencing Serbia to make the territorial concessions desired by Bulgaria, on the theory that German forces on the south side of the Danube would overwhelm Serbia to relieve Turkey and open the road to the Black Sea and the Aegean, bringing about the complete discomfiture of Russia, and have the greatest effect on the fortunes of the Allies. All this would be impossible, the Standard sets forth, if the Balkan States were on the side of Great Britain, Russia and France, Bulgaria being the keystone to the arch. It is not at all to the credit of French and British diplomacy, says the Standard, that this question was not settled long ago.

ALLIES AND GREECE.
 ATHENS, August 4.
 The British, French, Russian and Italian Ministers at Athens, made a collective visit to the Greek Premier today, and made united representations regarding the political situation.

NOTHING EXPECTED FROM ROMANIA.
 BERN, August 4.
 The warning that nothing can be expected from Roumania, is conveyed in a Tages Zeitung special this morning, by Count Ernest Reventlow. His article, which is headed, "Roumania's falling invitation," summarizes the situation thus: "Those friendly relations with Roumania, made sacred by tradition, and on the German side by firm contentment, hardly longer be considered as existing." Count Reventlow points to Roumania's refusal to permit the exports of grain or to permit munition for the Turks to pass through its territory, although Russia was permitted to transport munitions to Serbia. He says it had been hoped that Roumania would fulfil its treaty obligations, or keep upright, well within neutrality, but that the contrary has come to pass. Roumania's neutrality has become malevolent, he asserts, with a tendency to enter the conflict on the other side to Germany.

FISHERY REPORT.
 The following reports from the fishery are now posted at the Board of Trade:
 July 31st.—From T. Hogan (Carbonear to Western Bay)—The total catch is 2,140 with 750 for last week. Thirty-five punts and 140 traps are fishing. There is enough caplin for bait, but no codfish with hook and line.
 July 31st.—From W. White (Annapolis to Caplin Bay)—Ten whale boats, 44 traps and 65 dories and skiffs are fishing. Four schooners have arrived from the Banks and report no fish there. The catch to date is 4,419 lbs. with 1,862 for last week. There is a fairly good sign of codfish but no bait, though caplin is plentiful in deep water. Very good fishing was done in the first of the week but it has slackened off since, and trawl men are doing nothing, though they get a little from the traps when a haul is made.
 July 31st.—From W. Chambers (Hr. Grace to Trinity Cove)—Dogfish are numerous and very little cod is being caught as the caplin have gone. The total catch is 2,200 qts., and for last week 200. Twenty dories and skiffs and 17 boats are fishing.
 July 31st.—From C. Renouf (Bank Head to Highlands)—Prospects are very poor, and the only bait obtainable is herring in small quantities. The lobster fishery is a blank. Hand lines and jiggers are the only means of fishing now. The catch to date is 1,708 qts. with 150 for the week.

Hr. Grace Notes.
 The service at St. Andrew's Church yesterday by Rev. Mr. McKenzie, of West Island, was very much appreciated and enjoyed by the congregation.
 Mr. Robert Brazil left for St. John's on Saturday morning to enter hospital where he will be operated on for appendicitis.
 Mr. O. Leach, Manager of the Hr. Grace Boot and Shoe Factory, left on Tuesday last for Boston on a visit expected to occupy a month.
 Trappers are still doing well, and are deserving of every congratulation on their success with a fervent prayer for the continuation of the same, but we would draw the attention of their brethren to the great need of keeping their stage surroundings as free as possible from the offal that is likely to send a very undesirable odor into the open windows of people in the neighborhood who believe in open windows and fresh air; all the same, hearty congratulations, fishermen.

Mrs. Ellen Granville, widow of the late Mr. Andrew Granville, of Rocky Pond Road, passed away yesterday after a long illness. The deceased was in her 82 year. The funeral takes place this afternoon.

The very sad news was received in town this forenoon by Mr. William Telford that his son, Melvin Telford, who was one of our Royal Naval Reservists serving on a yacht on the English coast had been drowned by falling over from his ship. Much sympathy is felt for the bereaved family.

Mr. Geo. W. Pynn, who is operating a saw mill at Gander, in the town on Saturday on a brief visit. He leaves again this afternoon to resume work.

WE POINT WITH PRIDE.

TO THE STORE THAT SAVES YOU MONEY.

Ten Strong Reasons

Why You should Buy Your Furniture from us.

- 1st—We produce our own lumber which goes into the Furniture and saves considerable in cost.
- 2nd—We have the Surface Oak finish for our Furniture, which is the only thing of its kind in the country.
- 3rd—We import our own Coverings for our Parlour Suites, thus saving two duties, as most all the imported Suites come from Canada and the United States, and they have to import their coverings from France or some of the European countries, and pay duty into Canada or the States. We avoid the second duty by getting the Covering ourselves and having the frames made here.
- 4th—We have our Springs made from the wire by the only Weaver in the country; also the Oxford or Copper Wire Spring by machines too.
- 5th—We have our Mattresses made by machinery in our own building, the only machine of its kind in the country. It can produce 50 against 10 by hand, thus saving considerable in cost.
- 6th—We are producing the Excelsior or Wood Fibre and cutting the cost in two, which will mean considerable saving in the making of Mattresses.
- 7th—We are also selling agents for the celebrated Ideal Bed's and Springs and sell at factory price.
- 8th—We also have the COMBINATION LATH and SPRING BED, the only thing of its kind in the country.
- 9th—Having the factory in the same building, we can handle all sizes all repairing; in fact you can choose your own Coverings for Parlour Suites, Mattresses, etc., and have it made to order.
- 10th—Our motto (last but not least) is to sell at the lowest possible prices, and despite the serious advance in prices all round, we are, where possible, reducing the prices, WHICH SHOULD APPEAL TO EVERY HOUSEKEEPER when in need of Furniture and Furnishings, as we now by arrangement work from the "Tree to the Home," thus cutting out all middlemen's profits.
