Turks Present Ultimatum

Demand Possession of Thrace --- Near East Situation Extremely Critical --- Italy Joins France in Support of Kemalists --- British Navy Concentrating at Ismid.

SITUATION GRAVER.

LONDON, Oct. 7. Despatches received here tonight give an even graver aspect to the Near East situation than that earlier in the day. The Kemalists are insisting on the right to the immediate occupation of Eastern Thrace and have given the Allies a time limit expiring this evening for reply on the question. The Turks have refused to accept the proposal for Allied occupation of Thrace or any Allied control and are apparently supported by the French and Italian Governments. Everything now seems to depend on the British cabinet's reply to the report of General Harrington which was said to be anxiously awaited in Constantinople this evening. It was expected that General Harrington would ask the Turks for an extension of their time limit for the occupation of Thrace until tomorrow morning.

A TURK ULTIMATUM.

PARIS, Oct. 7. According to information from a British source the Ankara Government has notified the Allied Generals in Constantinople that unless it is given formal assurance that Thrace will be handed over to the Turks in a month after the evacuation of Greek troops Turkish troops will resume operations against the Greek forces.

THE TURKS' DEMANDS.

CONSTANTINOPLE, Oct. 6. Replies from the respective Allied Governments to the latest Kemalist note not having arrived, the Allied representatives to the Mudania Conference have requested the Ankara Representatives to postpone the re-assembling of the meeting until late this evening. The Kemalists have demanded that their troops be allowed to enter Eastern Thrace, that a Turkish administration be established and Allied control withdrawn, that is within one month. This was officially given to-day as the explanation of the return of the Allied Generals to Istanbul. Jamet Pasha, Turkish representative, definitely rejected this afternoon the Allied protocol for the occupation of Thrace by one thousand Allied troops. He also declined the establishment of Allied control

Commissions in Thrace. The Turkish demand is for the immediate occupation of Thrace, without foreign control.

ITALY SUPPORTS TURKS.

CONSTANTINOPLE, Oct. 7. Italy has ordered General Mombelli its representative at the Mudania Conference, to support the Turkish claim.

WARSHIPS CONCENTRATING AT ISMID.

CONSTANTINOPLE, Oct. 7. Three additional British dreadnoughts arrived before Chanak today, bringing the strength in first class battleships to nine. The British are making extensive naval concentrations in the neighbourhood of Ismid.

NO MORE GREEK TROOPS FOR THRACE.

PARIS, Oct. 7. M. Joliet, Greek Foreign Minister, tonight instructed Premier Poincaré to send instructions to the Greeks to stop all further despatching of Greek troops into Thrace.

GREECE WANTS ALLIED SUPERVISION.

ATHENS, Oct. 5. Greek officials are trying to prepare the army and navy and the public generally for the probable loss to Greece of Eastern Thrace, but will make a determined diplomatic offensive to keep the Turkish army out of Thrace. Greece will probably demand some form of autonomous Government there, with general supervision by the Allies.

GIANTS WIN AGAIN.

NEW YORK, Oct. 6. The Giants plastered their ancient enemies the Yankees, with a coating of whitewash this afternoon, and won their second victory over the American League champions by a score of three to nothing. Deacon John Scott, resuscitated, rejuvenated, after all Major League clubs had regarded his pitching arm as ruined, stood out on the hurling hill and made the Yankees look foolish with speed and power, mixed with fine curve. Hoyt pitched a loose game for the Yankees.

Our Dumb Animals.

REPORT OF THE CHIEF AGENT
FOR WEEK ENDING Oct. 6TH.

Attended to the landing of 65 head of cattle, two horses and some sheep and pigs, from the Canadian Sapper. Also two carloads of cattle at the Reid Newfoundland Company, all properly cared for and in good condition. Called out to see a dog which had been run over by a motor car; the animal was suffering keenly, and I put it to sleep. Another dog was reported from Duckworth Street with its leg broken. The lady would not have the dog destroyed, and she had the broken limb set. Also destroyed a dog for a lady on Barter's Hill, at the owners request. Attended two sales of cattle at Neale's wharf. Sent in three horses for treatment. Received reports of an expressman driving hard late on Saturday night; saw some of the men who claim they have to drive hard to get around with the parcels. It is a great pity that people don't try and make their purchases earlier and give the men a chance to do up their horses early. I have spoken of this several times for the sake of the dumb animals which are yoked up at nine o'clock in the morning and in some cases not taken out of harness until twelve or one o'clock Sunday morning, and now that the cold nights are upon us, I think all this could be avoided by early purchasing. I was also called to humane-ly destroy a horse for a West End farmer; the animal was suffering from an incurable leg. Also shot a horse owned by Mr. Geo. Neville, that had its leg broken and was severely out-

across the breast in a motor accident on Cornwall Avenue on Thursday night. Immediately after receiving the message, I shot the horse and relieved it from its misery. Several complaints about men riding on loads of coal going against the grade will have to be brought before court in order to stop the practice. All animals in pasture must be stabled every night from date.

SPECIAL SERVICE TO-MORROW.

The Cathedral Men's Bible Class re-opens to-morrow with a celebration of Holy Communion at 8 a.m., and a special service for men at the Cathedral at 3.15 p.m. The service in the afternoon will also be attended by the C.I.B. Cadets and Old Comrades. The address will be given by Rev. J. Brinton, Chairman of the Class and Battalion Chaplain to the Brigade. Both the class and the Brigade began their work in the city about the same time, though along different lines, and it is a singular coincidence that Mr. Brinton should be the Spiritual Director of both at the present time. For something like thirty years these organizations have been at work, going steadily and quietly forward year after year, in spite of changes and difficulties, and have done and still continue to do a splendid work for the manhood of our city. To unfold the history of these organizations would be a long story, though possibly some day it may be written for the encouragement of future generations. Let it suffice for the present to say for the class that its work in its Missions to Seamen is well worth the doing and is greatly appreciated by our many hardy toilers of the deep. The Class will meet as usual in the Synod Building every Sunday afternoon at 3 p.m.

New World's Record Set by Peter Manning.

COLUMBUS, O., Sept. 29.—Peter Manning, driven by Tommy Murphy, yesterday not only lowered his record of 1:57 1/4 in a trial against time but also broke the world's trotting record for the Columbus Driving Park Track, which, until yesterday stood at 1:58 3/4. His time was 1:57 for the mile. The former world's record, held by Peter Manning, was 1:57 1/4. Paced by a runner, Peter Manning went to the quarter in .29 1/4, to the half in .58 1/4, and to the three-quarters in 1:27 1/4. Just before he reached the wire he went into a break, thus possibly slowing down his time.
