REMOVAL.

G. B. FRASER

Has removed directly opposite his old stand, where he has opened with a brand new stock at much lower prices than could be bought earlier in the season.

G. B. Fraser is too modest to advertise that he is selling much cheaper than those who make a great show. Still facts are stubborn chiefs, and a discerning public pronounce Fraser's to be the cheap store to deal in.

G. B. Fraser gives his old friends a cordial invitation, and invites all who wish to save money to call and see his new stock.

Have a splendid stock of English Silicated Carbon

Water Filters!

These Filters entirely remove animalculae, colour, taste and odour from water, and deprive it of the organic matter which is so dangerous to drinking water. They are the best possible preventives of Cholera and all other diseases arising from drinking unwholesome water.

No water should be used for drinking or cooking without being filtered, and no house can be thoroughly furnished without a good filter.

WE have also the celebrated

"Arctic" Refrigerator.

heavy timber, and required all the strength that was on hand for the occasion. Samuel Blakesman is to do the frame work on the building, and Wm. Gibson has the contract for the mason work. The foundation is to be of stone, with the lower part of the building fitted up for stables, while the upper portion will be used as mows and granaries. After the frame had been raised, the party repaired to Mr. McLean's house, where a number of the fair sex were in waiting, and the party "tripped the light fantastic" till a late hour.

The barn of Joseph Metcalf, of the 6th Concession, Minto, was totally destroyed by fire on the night of the 11th instant. Mr. Metcalf lost 2 sets of harness, 1 waggon, a ton of hay, about 20 bushels of wheat and other articles. The building and contents were insured some time ago, but there is doubt as to whether the insurance has not run out. If it has, the loss will be heavy, as the barn cost \$1,000. Mr. Pointon also had a number of articles in the barn, and it is thought he will lose all. The destruction of this property was no doubt the work of an incendiary.

The crops in Minto never had a better appearance than now; everything seems to be rushing up unshroom-like. There is as yet no appearance of a fly or any other insect to injure them; it only requires the absence of frost to make them all right. The bug has again made its appearance on the potato, in swarms, so that Paris green and every other available means have to be used to exterminate the pest. Turnips are all sown and it is said there never were as many sown before in one season.

Some maliciously disposed person entered the premises of James Smm, of the townline of Howick and Minto, on the night of the 14th inst., and by means of a knife or some other sharp instrument cut the tongue out of a span of horses. The pieces of the tongues were found in the yard, but there is no clue to the perpetrator of the horrible act.

Some person, who must be possessed of a seared conscience, went into the orchard of John Sothern, of Howick, and girdled all the trees in his orchard to such an extent that it rendered them useless. It is a pity such scoundrels could not be found out.
