MAKES STUBBORN COUGHS VANISH IN A HURRY

Surprisingly Good Cough Syrup Easily and Cheaply Made at Home.

If someone in your family has an obstinate cough or a bad throat, you can make it yield to treatment, get from any drug store 2½ ounces of Pinex and make it into 15 ounces of cough syrup.

The total cost is about 54 cents, and gives you 16 ounces—a family supply—of a most effective remedy.

A day's use will usually overcome a severe cough. Easily prepared in 5 minutes—full directions with Pinex. Keeps perfectly and has a pleasant taste. Children like it.

It is really remarkable how promptly and easily it loosens the dry, hoarse, tight cough and breaks the inflamed membranes in a painful cough. It also stops the formation of phlegm in the throat and bronchial tubes, and ends the persistent loose cough. A splendid remedy for bronchitis, winter coughs, bronchial asthma and whooping cough.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, rich in gualic acid, which is so healing to the membranes.

Avoid disappointment by asking your pharmacist for "2½ ounces of Pinex," and do not accept anything else. A guarantee of absolute satisfaction goes with this preparation or money promptly refunded. The Pinex Company, Toronto, Ont.

TO STOP HEADACHE

Headache usually comes from a sluggish liver and bowels. If you feel bilious, dizzy, or tongue in coated and stomach sour, just get a box of Cascara to start your liver and bowels and your headache will end.

WOMAN WEAK AND NERVOUS

Finds Health in Lydia E. Pinkham's Vegetable Compound.

Creston, Iowa.—"I suffered with female troubles from the time I came into womanhood until I had taken Lydia E. Pinkham's Vegetable Compound. I would have paid it all I owned to get it. It lifted anything heavy, and I would be so weak and nervous and feel so much misery that I would be prostrated. A friend told me to get your medicine had done for her and I tried it. It made me strong and healthy and our home is now happy with a new boy. I have very much to thank you for Lydia E. Pinkham's Vegetable Compound and do all I can to recommend it."—Mrs. A. B. Boscamp, 504 E. Howard street, Creston, Iowa.

EAT LESS AND TAKE SALTS FOR KIDNEYS

Take a Glass of Salts if Your Back Hurts or Bladder Bothers.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out. When the kidneys become sluggish the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead, your back hurts, or you are obliged to seek relief two or three times during the night, if you suffer with sick headache or dizzy, or you get rheumatism when the weather is bad, get from your pharmacist a glass of salts. It is a simple matter to take a glass of salts in a glass of water before breakfast for a few days and your kidneys will thank you for it. This famous salts is made from the acid of grapes and lemon juice combined with lithium and has been used for generations to flush and stimulate sluggish kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent, gives a delicious beverage, and is in every home, because nobody can make a mistake by having a good kidney flushing any time.

BRONCHITIS

If Neglected Will Surely Turn Into PNEUMONIA.

Bronchitis comes from a neglected cold. It starts with a sore, painful cough, accompanied with a feeling of tightness through the chest. At first the expectoration is of a light color, but soon becomes copious and of purulent character.

You have, no doubt, awakened up in the morning and have had to cough half a dozen times before you could raise your chest from your bronchial tubes, and when you do succeed in doing so you find that it is yellowish or greenish color, and you get some relief right away.

When this happens to you, you may rest assured that you have a touch of bronchitis, and it is well to take a course of Dr. Wood's Norway Pine Syrup, or some other more serious trouble.

When the cold, and thereby prevent bronchitis and pneumonia taking a hold on your system.

This can be quickly done by the use of DR. WOOD'S NORWAY PINE SYRUP.

Mrs. Rebecca Hays, Malone, Bay, N. S., writes: "My little boy, aged 1½, was always troubled with a cough, and was always whooping cough. He was weak. Doctors advised me to use Dr. Wood's Norway Pine Syrup. It gave him instant relief, and positively cured him."

Count Should Share Cost.

Ald. P. W. Daly referred to the phase of the question when he declared that the County of Middlesex should put at least \$5,000 into the stockyards project.

The stockyards project, which is as well as the city.

Ald. Haney referred to the fact that the newly-formed Concession and Sales Company would hold its first sale here on April 6 and 7, and suggested that the first sale be held at the site of the stockyards. He also suggested a convention of stockmen here to boost along the project.

He declared that the project was bigger and broader than the average man believed.

He cited the manager of the Toronto stockyards as saying that there was no reason why London would not have the best stock market in Canada.

"We have the goods and we have the county behind us," he said.

Ald. Haney, in outlining the proposed expenditures, declared that provision would be made for the stockyards for a year. This figure might seem large, he said, but the manager would have to spend much of his own money, and the city would not be asked to contribute.

Controller Gammon—As members of the council we are not responsible. The commission is responsible. They are responsible to the people.

Mayor Stevenson—Do you know that this salary that you want to vote can be collected from the personally?

Controller Gammon—As members of the council we are not responsible. The commission is responsible. They are responsible to the people.

Mayor Stevenson—I am not so sure about that. Do you know that the commission has not contracted for one dollar's worth of power from the hydro-electric commission? We simply turned the hydro over to that commission to administer for us.

Controller Gammon—That may be true, but why discriminate? Hunt did not while he was away.

Mayor Stevenson—Do you know Mr. Claubit did not?

The Mayor—No. Has any move been made to pay Mr. Claubit his salary?

Controller Moore—Then why are we bothering with it?

Another Champion.

Ald. Daly—I commend the zeal of certain of the aldermen who go back five years to get a precedent for this case. But all they have done is to resurrect an academic opinion to hold as a club over the head of Claubit.

We have no opinion on the city solicitor on the question at all. The city is hopelessly and helplessly drifting in the matter of his salary.

The question is outside our province entirely. If we are going to meddle with the commission's business, then that commission should be appointed by us, and not elected by the people.

We are the custodians of the city's money, and I refuse to be made the tool of designing men.

Controller White—We are taking on ourselves unwarranted powers in dealing with this.

Ald. Lerner—This is a proposition that is a blot on English honor. I will start a race had there was any other race in the world.

Glaubit is Heard.

When Glaubit was heard in his own defence he outlined a similar case in which he outlined a similar case in which he outlined a similar case.

Touching on the question of his non-appearance before the special committee, he said:

"I put it up to you gentlemen. Would any of you appear before a committee, every blessed member of which has been elected to the city council, and it is now a question of law only. Therefore I move that he be not heard," declared Mr. Tancok.

After a considerable debate, the council decided to hear Glaubit.
