but we have a number of properties on our lists which, in order to obtain ready sales of them, for various reasons, have been placed in our hands at bargain prices. If you buy any property through the exchange you will not pay more than a fair price for it nor more than the property is really worth. Except where a man for some special reason is willing to take less than his property is worth you cannot expect to get a satisfactory property for less than a fair price.

Our aim is to bring Buyers and Sellers together and to make sales that are advantageous to both. In no other way can we hope to do a permanent and can we hope to do a permanent and successful business. We take for sale only such properties as we think we can
