Sneak Thieves.

Sneak Thieves. The sneak thief at the present season no longer delights in tramping over beauti-ful blossoms and ruthlessly destroying valuable plants, but leaves them for the greater attractions of grean fruit. Now that plums, pears and apples are ripen-ing, owners of orchards are complaining bitterly of his raids on their half-ripe property, and are laying all sorts of traps to capture the depredators. This same class of robber it is who abounds in the vicinity of Goldstream. His Owners of the Contraband Whiskey. same class of robber it is who abounds in the vicinity of Goldstream. His tactics are to shadow an unsuspecting picnic party up the course of the stream, carefully collecting the whole of the ferns they have with difficulty obtained, and laid down to wait for their return.
