His Views on England's Commercial Superiority, Sir Alerander Galt Enthusiastic on the Climate

WEDNESDAY MORNING, OCTOBER 5, 1881.

and on the trish League.

London, Oct. 4.—Sir Stafford Northcote in a speech at Hull yesterday said: There are those who think that commercial superiority will, as the premier himself has said, pass from England to America. I do not at least believe this will be in our time, if we make use of existing means to OTTAWA, Oct. 4.—Speaking of the Northwest to an interviewento-day, Sir Alexander Galt said: It is a wonderful country. have become quite enthusiastic about it. Before I went there I had opinions, of course, but I could not realize what a magnificent country it is. I believe there is a great future for that country—that it will be the making of Canada. Nothing can exceed the richness of soil, and the climate before I went there I had opinions, of continued the control of th ime if we make use of existing means to support our commercial interests. If we support our commercial interests. If we support our commercial interests. If we resort to false remedies we may do irreparable mischief. I do not believe in some suggestions put forward by friends of our own side, nor in the Liberal suggestion that the state of agriculture is remediable by a radical change of the land laws, although they are susceptible of amendment. In regard to the Irish land act, he asked whether the government did not mean to insist that the league must submit to the authority of parliament and the executive hey are susceptible of amendment. In egard to the Irish land act, he asked whether the government did not mean to a sist that the league must submit to the uthority of parliament and the executive and give the act fair play. The government, he said, should exert the amount of conrage necessary to put down the defiar
