A NEW DEPARTURE IN MEDICINE

The four greatest medical centres of the world are London, Paris. Berlin and Vienna. These cities have immense hospitals teeming with suffering humanity. Crowds of students throng the wards studying under the Professors in charge. The most renowned physicians of the world teach and practice here, and the institutions are storehouses of medical knowledge and experience. With a view of making this experience available to the public the Hospital Remedy Co. at great expense secured the prescriptions of these hospitals, prepared the specifics, and although it Remedy Co. at great expense secured the prescriptions of these hospitals, prepared the specifics, and although it Remedy Co. at great expense secured the attention of their distinguished originators, yet in this way their PRE-PARED SPECIFICS ARE OFFERED AT THE PRICE OF THE QUACK PATENT MEDICINES THAT FLOOD TIE MARKET AND ABSURDLY CLAIM TO CURE EVERY ILL FROM A SINGLE BOTTLE. The want always felt for a reliable class of domestic remedies is now filled with perfect satisfaction. THE HOSPITAL REMEDIES MAKE NO UNREASONABLE CLAIMS. The specific for CATARRH cures that and nothing else; so with the specific for BRONCHITIS, CONSUMPCION and LUNG TROUBLES; RHEUMATISM is cured by No. 3, while troubles of DIGESTION, STOMACH, LIVER and KIDNEYS have their own cure. To these is added a specific for FEVER AND AGUE, one for FEMALE WEAKNESS—a GENERAL TONIC and BLOOD MAKER that makes blood and CIVES FORM AND FULNESS, and an incomparable remedy for NERVOUS DEBILITY.

FEVER, ROSE COLD.—The only authentic cure emanating from solentific sources now before the public. This is not a snuff or ointment-both are discarded as injurious. \$1.00.

No. 2—COUGHS, COLDS, BRONCHITIS, ASTHMA, CONSUMPTION—An incomparable remedy; does not merely stop a cough, but eradicates the disease and strengthens the lungs and restores wasted tissues. \$1.00.

No. 3—RHEUMATISM—A distinguished and well-known specialist in this disease, who treats nothing else, built his reputation on this remedy. \$1.00.

No. 4—LIVER AND KIDNEYS, DYSPEPSIA AND INDIGESTION

NO.4—LIVER AND KIDNEYS, DYSPEPSIA AND INDIGESTION A faworite slaughter-field for the quack who has ruined more omache than alcohol. Use a remedy sanctioned in high-leas. 81,000.

places. \$1.00.

NO.5.—FEVER AND AGUE, DUMB AGUE, MALARIA—Few
know what grave damage this does the system; it is treated
to break it for a time. Use a remedy that eradicates it. \$1.

NO. 6—FEMALE WEAKNESS, IRREGULARITIES, WHITES— Many women are broken down because they regist these diseases until chronic and seated. Use No. 6 and regain health and strength. \$1.00.

NO. T—HEALTH, FORM AND FULNESS depend on good blood and lots of it. If weak, if blood is poor, if scrawny, use this serfect tonic. \$1.00.

perfect tonic. \$1.00.

No. 8.—NERVOUS DEBILITY, LOSS OF POWER—A quack unre-ridden public will half a genuine remedy for an unformate condition. No. 8 ie golden.

WILL HAVE A CALL BOARD TORONTO GRAIN BROKERS ARE TO BE A UNIT IN THE PRAY.

The Advantages of a Board For the Buy-ing and Seiling of Future Options Ad-mitted—Further Opinions of These In-terested—It is Not Cambling.

Since the appearance of The World's first article on the future option business on our Toronto 'Change, it has been discussed pretty, thoroughly in all its bearings by those interested therein. And those who are interested are not those in the grain business only, but their bankers and business friends outside. Stock brokers and farmers are alike interested as are also wholesale dealers and everyone else who has money invested in Ontario and wants to see the capital of the banner Province of the Dominion made also the metropolis. Among others who discussed the articlew as Mr. T. W. Gibbs, who represents in Toronto Manitoba or the Northwest Territorie Said he, "The present state of trade in Ter onto and in Ontario demands that some prompt action shall be taken, and the sooner we have it the better for us. As I am situated now, I dare not sell any flour for future delivery. As soon as I get the order and send it into the mill, I must send shipping instructions for it. As soon as the mill gets shipping instructions, the stuff is sent out, and unless I can arrange with my customer to take im-

it into the mill, I must send shipping instructions, the stuff is sent out, and unless I can arrange with my cutsomer to take immediate delivery I have to put flour in store and besides having to pay storage and insurance there is the money locked up till I can send out the stuff to my customer. The future option business would give me a means of preventing this and I could then do about three or four times the business I do now, and that without one-quarter the risk."

Mr. John Brown of the Citizens Milling Company was outspoken in his opinions in reference. He saw in the tuture option business amore than was done at present, and if the scheme were systematically taken up he would favor it and encourage it as far as able.

No Pretection in Chicago.

Some men out of the business, but yet interested, have asked the question. "If you were to have future options selling here you say you would protect yourself in case of a sale of flour by buying the amount of wheat in the future option selling here you any you would protect yourself in case of a sale of flour sold, and you argue, if wheat goes up you make your profit on the wheat, and if wheat goes down you make a profit on the flour. Now why can're you profect yourself that way in the American markets. Say buv in Detroit what wheat you want. The answer to this question is simple enough. Everyone in the business knows that Canadian and American markets are not sympathetic. It takes an advance or decline of fully 10 cents in Chicago or any other American future option market to affect our Canadian prices, and then the Canadian variation is only one or two takes an advance or decline of fully 10 cents in Chicago or any other American future option market to affect our Canadian prices, and then the Canadian variation is only one or two cents. It is, of course, freely admitted that when Chicago markets are nervous or fluctuating it prevents Canadians from operating here, but this is only another reason why we should have our own Call Board and sell our own futures, and thus control our own market prices.

Additional Advantages. We have already pointed out the advantage that would accrue to Toronto from the future that would accrue to Toronto from the future option Board being in active operation. One feature has been omitted. To-day one-half of the money of Toronto or even in Ontario. Some houses (and in fact quite a few) have large amounts to their credit on the books of American concerns, whose capital is quickly turised over and profit is more rapidly accumulated than it is at present here. This is a serious state of affairs. We are honestly of opinion that the establishment in Toronto of a Call Board for the regular sale of future options would greatly decrease this amount invested abroad and increase the amount invested at home.

SI, OOO.OO

It is Not Gambling. More than one good pious brother has since he movement was first set on foot raised his hands is kely horror at the thought of such an "incentive to gambling." Just here it would be as well to say that buying and selling wheat, cats, corn or any other grain or product of the field, forest or farm is no more gambling than is buying tea, coffee or any other of the necessaries of life. Every retail merchant in the country seeks to buy his stock at a time when the market prices will be as low or lower than at any other time. To carry the illustration still further, every wholesale dealer in Canada to chay buys in as large quantities as possible when prices are rock bottom, depending always on an advance to give him a profit of more than a bare brokerage. Then who can say that buying wheat now and depending on a change in the narket to make a profit is gambling? If se, all our business is gambling.

Where Gambling Comes in.

This point we will admit, that this business.

Where Gambling Comes in.
This point we will admit, that this busine can be made one of gambling the same as any other business can. The margin or bucket-shop business introduced here is as damnable

shop business introduced here is as damnable as in any of the business, but so apparent has been its seductive evil that both in the States and in Canada stringent laws are now in force preventing such operation.

You cannot be in two places at one time, but you can go to the Army & Navy stores and see the immense stock of fine clothing before you go somewhere cles to but. We know where you'll buy if you'll only take the b'ouble to see the clothing at the Army & Navy stores before you buy. It isn't so much the low prices at the Army & Navy stores before you buy. It isn't so much the low prices at the Army & Navy stores before you buy. It isn't so much the low prices at the Army & Navy stores before you buy. CITY'S HEALTH GUARDIANS.

of their duties. This was concurred in. The chairman was requested to communicate with the Chief of Police in the matter of securing the services of a squad of policemen to force the present inspectors during the

Ald. Graham sprung a surprise on the Board by stating that it was rumored that it was the by stating that it was rumored that it was the intention to open up a new office, that of Inspector of Fruit. He could not see the use of making a permanent position when at the very outside there would be only three mouths' work in the year for whoever was appointed.

Ald. Verral: "This is all nonsense. What do we want with another officer, when Inspector Awde has the inspection of fruit among his other duties? This is simply duplicating offices."

Ald. Graham's timely action sat upon the scheme.

BUARD OF TRADE COUNCIL.

Meeting Yesterday Afternoon-New Men That august body of legislators, the Council of the Board of Trade, met in their Chamber yesterday afternoon. President Matthews presided, and after reading of minutes and Foutine business these new members were elected; G. M. Bosworth, assistant freight and traffic agent C.P.R.; J. C. Vanstone, miller, Bownanville, and Thos. H. Yeoman

A sub-committee of the Property Committee met yesterday to consider what firehalls should be provided with clocks for their towers. It was determined to recommend that they be placed in St. Paul's, Yonge street, and Dundas street firehalls, and that tenders be advertised for forthwith, the clocks when set up to be illuminated at night.

Advertising is the part of the paper that yields the greatest profit. When a large circulation is reached by a journal, advertisers on find it out and pay liberally to get into its columns. The publishers of The Ladies payhling." Inst. hear:

750 GONSOLATION REWARDS.
For those who are too late for any of the above rewards the following special rewards are offered to the two hundred and forty-one persons whose names come in last:

Meeting of the Local Board of Health—Ald.

Graham is Awake.

The local Board of Health mez yesterday at 2.30. Present Chairman Carlyle and Ald. George Verral, Small, McMullen, Gibbs, St. Leger, Graham and Medical Health Officer Dr. Canniff. The chairman thought there

Leger, Graham and Medical Health, Officer Dr. Canniff. The chairman thought there should be a monthly statement of the expenditure of the department. The board agreed with him and in future the desired report will be laid on the table. Some discussion followed on the matter of privy pits, and the board resolved to take right hold of the question shortly and see what could be done to close them all up in the city.

The Doctor's Report.

The medical officer handed in his report of the work of the department for the past month. Five baby farming establishments had been inspected, found all right and were recommended for license. During February there had been 183 applications for admission to the General Hospital, of which number
