Reversal of Form Shown By Wes- Soo Passes Up terners Accounts For 1-0 Victory, and Greyhounds Annex Dominion Amateur Laurels By Greyhounds' Officials Decide 6 To 3 On Series

nderful reversal of form, characterded by strenuous tactics, the Selkirk Marie Greyhounds, senior amateur hockey champions of Canada, are finished with hockey for this season, their officers made known to-night. They will 1 to 0 here on Saturday night, but Pittsburg series for the Wills cup this spring, even should the United States champions be willing to enter the inter-The national series. The conference held throughout, but they played the last week between the heads of

Canadian championship by 6 to 3. The Northerners stuck closely to a defensive battle throughout, but they played the better hockey, and it was apparent that had they needed a victory they were powerful enough to achieve that aim.

On Thursday night a great throng of fans stormed the Arena and reserved seats were at a premium, but the poor showing made by Selkirks disgusted the spectators and on Saturday there were plenty of tickets available. Outside in the rain the scalpers offered the paster boards at cost price or lower, with few showing any interest. And just to show how inconsistent are hockey teams and how poor fans can guess, the Selkirk and Soo players proceeded to play one of the most sensational games of the season.

SOO OVERCONFIDEN1.

With the criticism of the fans ringing in their pars, the Fish Town players popened up a ferce offensive early in the game and demonstrated in a hurry that they were determined to battle to the last ditch for the cup. The Greyhounds, caught off their guard by the student on slaught, formed a tight sixman defense and tried to fathom the attack of the Westerners. The former had entered the contest overconfident, while Selkirk went in with everything to gain and nothing to lose.

As the teams came down the stretch raveling at a rapid rate and showing no mercy, the majority of the spectarors were given thrills galore. The old belief that Western teams are gengrally nonstrenuous players received a heavy jolt. The Fishermen tripped, and the throughout the two distributions of the two countries decided that while the winner of the Allan cup next year must go into the Selkirk week the tweek between the heads of the Wilsoup, it would meat another three weeks bown and how poor fans can guess, the Selakirk and how poor fans can gues fell and it is known that western teams are genterally nonstrenuous players received a neavy jolt. The Fishermen tripped, nocked and interfered, and their supporters raised a terrible howl when they were called for these infringements. O'Meara, Borland, Hughes and Brown were the worst offenders, w'th the first named being the bad man. fell and it is known that some of the officials favor the two-out-of-three-game arrangement. NGLING FOR MCCAFFERY.

All credit is due to the Soo players. Their record shows that they have layed clean and clever hockey, and in his they have been worthy representatives of the Northern Association. Having tasted the fruits of victory and with all the present players and possibly Albert McCaffery, star right wing the Canadian Olympic team, available for next year they will likely be he team to beat for the national lonors. McCaffery is thinking very eriously of becoming a Greyhound. To the credit of the Selkirk players thus the said that they gave their canadian amateur hockey honors. To the credit of the Selkirk players t must be said that they gave their est in the face of powerful opposition. The Westerners recognized the fact hat they were trying conclusions with powerful foe, but they were nothing launted and their exhibition of courage vas a classic in itself. To add to their roubles, they lost the services of Pete" Spiers, one of their defense nen, in the first period, when he was aninfully cut when Jack Hughes actidentally hit him on the cheek bone. The wound was a deep one and it aused a swelling which soon closed optiers' left eye. He was unable to ontinue and Selkirk finished the game with only one sub.

Cliff O'Meara, the leading marksman controlled the Canadian amateur hockey honors the Canadian amateur hockey honors and the Allan cup, may operate a team in the National Hockey League next season. This development in the hockey situation arose Saturday morning during the progress of the spring meeting of the N. H. L., when Preesident Frank Calder received a long-distance phone call from George McNamara, who manages the Soo club, stating that he and his team wished to ally themselves with home city. President Calder advised Mr. McNamara to submit the application for a franchise through the formal channels and promised that it would receive full

Twenty-Seven Players Will Be Taken To Three Rivers, Mich., For Month's Drill-Manager Beatty To Arrange Details With the Strings Are Attached To All But Directorate Here This Week.

BY FORD RUTHER. Manager Jack Beatty, of the Tecumsehs, will be in the city this week to confer with President Heard and the directors of the local club in connection with minor details of the club for the season. Jack will proceed diect from here to Three Rivers, Mich., where he has ordered the 27 players he has under contract to report next Sunday, and be in radiness to start active wo k beight and early on Monday. The Tecumsehs will have a little over three weeks training before the season commences, and as a number of exhibition games will be played with good stiff opposition during this time, the local should be in pretty fair condition for the epening of the season, on April 30, During the past week Beatty has signed two more outfielders, Lyman Nason and Ben Roderick. Beatty knows Nason personally and considers he will just about make a place. He never hit under .330, and is a good, all-

round player. Roderick comes highly recommended as a good hitter and fast fielder from Columbia College. Included in the list of players who start to work next Monday are four Canadians: Beatty, whose home is in Toronto; Jack Delaney, who also comes from Toronto; C. G. Pendergast, from Tibury, and Roy Ryckman, a former London boy, now of Detroit. Pende gast tried out with the Toronto Leafs last year, but was sent to the Western League for further seasoning. Delaney and Ryckman will be a real rookie, never before having tried out in the paid company.

The best conditioned man in camp at the commencement or training will be Chick Naleway, who already has had a month's training with the Detroit Tygers at Augusta, Ga. Nalefay made a very favorable impression with the great and only Cobb as a fielder, but he is a little shy on the hitting end of the game, that being the only reason Cobb is sending him to London for further seasoning. The Tyger boss evidently believes that another year's batting against minor league pitcher will make him about ready for the big show.
