COXEY IN LUCK TOO.

The Coxey mine, on the west side of Red mountain, seems to be joining in the general run of good luck prevailing in the camp just at this time. The tunnel started some time ago is now in 135 feet altogether. It was started as a crosscut tunnel, but the ground is so situated that no great depth could be secured in that distance. When the tunnel had been run in 100 feet, a ledge was found and a drift started on it to the northwest. Some good looking quartz and mixed iron ore was found in this drift. A picked sample of the ore ran \$43 in gold, silver and copper, the copper percentage being over 20 per cent.

It was then determined to do more prospecting with a view of running a tunnel which would have a greater depth. A shaft was started 125 feet north of the face of the drift, and when it had been put down eight feet some very good looking ore running about \$23 was found.

A meeting of the company has been called to determine on future operations. It is probable a new tunnel will be started further down the hill, so that a greater depth on the vein can be secured with the expectation of finding the ore cleaner and in more compact form. This tunnel will be about 450 feet long. The condition of the mine is very promising.—*Rossland Miner*.

GOOD FOR COLONNA.

The ore body struck in the Colonna has widened out until it fills the whole face of the tunnel and is seven feet wide.

The stock of the company has jumped from 12½ cents to 25 cents, and none can be had at that price.

A number of the brokers sold stock they did not have, and are rustling hard for it, and are apt to pay a fancy price to enable them to fill their orders.

The owners here are very jubilant, George Pfunder says they now not only have seven feet of ore but of shipping ore. It assays \$24 in gold and 9½ per cent. copper.—*Rossland Record*.

THE SULTANA SOLD.

The sale of the Sultana on Lookout mountain was closed at 1 o'clock this afternoon. The consideration being \$10,000; \$3,000 was paid to-day, and the balance will be due in 30 days.

The purchasers are General Charles S. Warren, Governor McIntosh, Div. Higgins, speaker of the Legislature, and Senator Kerchoffer of Manitoba.

General Warran says development works will commence on the Sultana at once, and be vigorously pushed, and that that doesn't mean a few hundred dollars worth of work, but at least \$10,000.—*Rossland Record*.
