

the effective force of a grand truth simultaneously taking possession of the minds and hearts of all Christendom. When a marching host crosses a bridge they must "break step," lest their heavy, measured tramp, tramp, may jar the structure to pieces. When the militant host of God keep time to the music of these lessons, their march will shake the world.

Workers in this grand cause, take courage. You are identified with an institution more potent than armies and navies, than kingdoms and empires. For when armies shall moulder in the dust, and proud keels rot at the bottom of the sea, when kingdoms and empires shall be buried in oblivion, you "faithful workers for God" "shall shine forth as the brightness of the firmament, and as the stars for ever and ever."

DORCAS MEETINGS.—The best way to get through the work quickly and well is to use Waight and Mann's Prima Donna Lock-stitch Hand Sewing Machine, obtainable at 12, Holborn Bars, London. See particulars on back page of this paper.

COUGHS, ASTHMA, BRONCHITIS.—Medical testimony states that no other medicine is so effectual in the cure of these dangerous maladies as Keating's Cough Lozenges, which are sold by all chemists, in boxes, at 1s. 1½d. and 2s. 9d. N.B.—They contain no opium or preparation thereof.

TOOTHACHE.—Instantly cured by using Bunter's Nervine, which also forms a stopping, and saves the tooth. E. Smith, Esq., Surgeon, Sherston, writes:—"I have tried Bunter's Nervine in many cases of severe toothache, and in every instance permanent relief has been obtained; I therefore strongly recommend it to the public." Of all chemists, 1s. 1½d.

"Marvellous!" "Surprising!"—not at all. The common result of "Turner's Tamarind Cough Emulsion" is its certain effect on the throat and bronchitis. Invaluable to public speakers. Dose, 30 drops. Sold by respectable chemists.

Publications of the Wesleyan Conference Office.
