Are now making an A No. 1 Carbon, equal to anything made in the world, at lowest living prices.

COPPERINE

Superintendent's Office, Water Works Dep't,
TORONTO, January 6th, 1891.

ALONZO W. SPOONER, ESQ.,
Port Hope, Ont.

DEAR SIR I am pleased to say that after nearly three years constant use day and night, on our largest engine, your Copperine has stood its work well. I have not had to renew any of the heavy bearings yet, so I consider that speaks for itself. I am pleased to recommend it to any one in need of metal to stand heavy work.

I am, yours truly,
J. C. FERGUSON,
Chief Engineer Toronto Water Works.
