THE PRODUCE MARKET.

From .- The arrivals for the week have been larger than for some time past, greatly exceeding the demand. and notwithstanding the unpromising character of British advices, many receivers have been shipping largely in preference to forcing sales on the spot, fearing that the effort to quit large parcels in the present paralyzed state of the market would only produce greater depression without leading to much business: Nora is however offered than the wants of the trade can absorb, and sellers of winter flour, being fearful of souring, are eager to realize; while dealers and consumers are for the same reasons interested in keeping their stocks at the lowest possible point. The result is a very limited amount of business, with a generally declining tendency. The higher grades are absolutely unsaleable in round parcels, and even the retail demand is of the most trilling character. The nominal prices may be quoted the same as formerly, viz.:-Superior Extra 89.10 to 8030; Extra 85.75 to 85.90; and Fancy \$5.55 to \$5.70. Western States superior, and city brands from western wheat, range from \$4.70 to \$4.90, but the transactions are mostly in the vicinity of inside rates. Canada superfine is in limited supply. and the stronger samples from pure Spring wheat are wanted by bakers. Medium brands range from \$5.00 to \$5.25; and strong \$5.25 to \$5.50, the latter figure being somewhat exceptional, and only obtainable for a few favourite brands No. 2, and the lower grades, are in full supply-a liberal proportion of the Western States flour recently offered being of this character We quote No 2 \$4 40 to \$4.00. Fine, \$4.20 to \$4.30. Middlings \$3.50 to \$4, and Pollards, \$3 to \$3.50, according to sample.

WELLAND CANAL FLOUR-There has been nothing done during the week. What has arrived has been stored, there being no sale at present for this description offering. Price \$4,70 to \$4.75.

Bao Flour.—The high range of prices so long maintained has had the effect of bringing a larger supply on the market, from various sources, than the wants of the trade can absorb, and the anxiety to realize has farther depressed prices; even strong parcels from U. C. Spring wheat which, till recently, have found buyers as offered, have for the past few days been pressed, and though offered at \$2.85 to \$2.00, have only met buyers to a limited extent The weaker samples are still more difficult to quit, and prices are various, according to quality

WHEAT -Arrivals are light, and sales limited A few cargoes of Milwaukee Spring have changed hands at 98c. to 99c.

COARSE GRAINS -Sales unimportant, and prices on the spot are mostly nominal.

PORK.—The market is extremely quiet, and prices of Mess somewhat lower We quote Mess 5 0 \$20 50. and other grades nominally unchanged

LARD -There is little offering, and prices are well maintained.

Tallow-Is unaltered in price or demand Sc. to Sic. is the range for fair to good.

BUTTER.-The depressed state of the market for the past few weeks, added to the risk of damage from beating in transit, has limited arrivals. There is, however, no enquiry of consequence, and no improvement to note in prices. Most of what is in stock is unsuited for table use, and not taken for the city trade, and sales of such will be impracticable till some activity for export springs up The Grand Trunk Co. propose running ice cars from the principal butter stations during the summer months, to facilitate its safe and speedy transit and holders in the west will do well to avail themselves of this, and forward when a fair demand arises, and thus avoid shrinkage and deterioration, with the possible contingency of lower prices when the general rush comes forward later on; but until an export demand arises, no advantage can be gained by moving it, as in most instances it must lie on hand, pending some opening that does not at present offer

Astres - Receipts continue liberal, and notwithstanding the unfavourable British advices, the demand has kept pace with the supply, and prices have varied little since our last. We quote first Pearls \$5.40, and Inferiors \$5.40 to \$5.50 less deductions. Pots bring \$5.17] to \$5.22] for firsts, and \$5.00 to \$5.75 for inferiors.

THOMAS HOBSON & CO., COMMISSION MERCHANTS,

496 & 488 ST. PAUL STREET, AND 427 COMMISSIONERS STREET.

CIRCULAR.

Montreal, June 8th, 1865.

Having removed to the more commodious premises (486 & 488 St. Paul street, and 427 Commissioners street), we again, with increased facilities for doing business offer our services as Commission Merchants, for the sale of Flour, Pork, Butter, Eggs, Ashes, Leather, &c., &c. In doing so, we feel confident that we can offer inducements to consignors surpassed by no other House in the city; we have had many years' experience in the business, we pay strict and personal attention to all consignments, we have an intimate acquaintance with the principal buyers of this and other markets, our premises are admirably located and arranged for a Produce trade, while our financial position is such, that we are not obliged to force sales to meet advances, and, when sales are effected, we make remittances with the utmost promptitude.

We make liberal advances upon all descriptions of Produce, and accept Drafts against Bills of Lading to the extent of two-thirds or three-fourths the value of consignments. Cash advances will also be made against consignments to our correspondents in Manchester and Liverpool, and consignors will have the chester and Liverpool, and consignors will have the option of having their goods sold here or in either of the abovenamed markets. Our rates of commission will be as low as any House in the trade, and all other charges will be avoided as far as possible.

We have made special arrangements for doing a large Butter business, and, as this has become one of the staple articles of export, and one of the most valuable products of Canada, we beg to offer the following suggestions:—

produces of canada, we see to one the coloring suggestions:—

Packino Butter —Use none but new packages
White Ash preferable, let them be well seasoned and
thoroughly cleaned and soaked in brine, mark distinctly the correct dry tare on each package, use fine
salt only; pack the butter closely; let the various
colors be circulty selected; fill the kegs as full as
possible; place a clear linen cloth over the top; careiully tuck it down; then put on a handful of time salt
and a little brine; head up immediately; mark neatly
with your own initials and address in full to the Consignee. (A brass stencil-plate is best for marking; if
you desire one, by applying to us, we will supply it free
of charge.)

signee. (A brass stenci-plate is best for marking; if you desire one, by applying to us, we will supply it free of charge.)

PACKAOES.—The tinnet holding from 50 to 60 lbs is most suitable; it suits the retailer, and is preferred by English buyers; they also arrive in better condition; they cannot be rolled like kegs, therefore they are generally much cleaner. Kegs with loose or slip covers are also much sought after, and are always taken in preference to the ordinary keg:—where large packages are used, we would in all cases recommend the slip covers. We would also advise that, as far as possible, packages should be given out to the farmer to be filled by one maker, where this cannot be done, and where packing in the store is unavoidable, the Butter should never be allowed to remain exposed to the damp atmosphere of a cellar, which, perchance, contains every description of Soap, Candles, Oils, Liquors, &c., but it should be packed the earliest opportunity, and, when packed, should be immediately headed up.

It is expected that the demand from England will

It is expected that the demand from England will be very large this season for FINE QUALITIES, for which comparatively higher prices will be paid; but inferior will probably be a greater drug than ever, so that we would advise great care in taking in Butter

We also pay special attention to the sale of Ashe, and will furnish circulars with directions for manufacturing, &c., on application to vs.

Hoping to receive a share of consignments,

We are yours obediently, THOS. HOBSON & CO.

ADVANTAGES OF THIS INVESTMENT.

ADVANTAGES OF THIS INVESTMENT:
With gold at a premium of 40 per cent (as at present) \$71.44 Canadian Currency will purchase \$100 of this loau, on which amount the U.S. Government pays \$7.30 interest annually. Should U.S. Currency reach par in two years—and now that the war is over there is every reason to believe that it will do so much sooner—the hundred dollar bond, which to-day costs \$71.44 in gold, will then be worth, interest included, \$115.10 in gold, which would be equal to 30 per cent. per annum on the investment. And for the payment of this the whole lands and other property of the United States are pledged.
