"Canada's Greatest Curtain House"

Extras in Handsome Lace Curtains...

Our trade in Curtains is of such size that we buy everything direct. Our Mr. Kay goes personally to St. Gall, and there secures not alone the advantage of better prices but many lines exclusive to our own trade.

This season our importations are the heaviest, perhaps, in the history of the business, and we never bought to such splendid advantage. Shoppers are reaping the benefit of this wise buying whilst knowing that they are securing thoroughly up-to-date goods, not stocks that were out-of-date several years ago.

Special offering in Ivory Irish Point Curtains, 17 yards wide and 34 long, per pair \$5.50.

Very large assortment English Lace Curtains, goods we can recommend, ranging at special prices from... \$1.35 to \$6.00.

We are the only house showing the latest Curtain specialty in Red Renaissance Point. This is the fashionable Curtain of the present day.

A Trial of Strength

A Savings Bank Account and a Life Insurance Policy, both the children of a prudent business man, met after his death to see what they could do for the aid of the family. With the statement, "I am ready cash," the Bank Account paid the funeral expenses and lifted up its voice and said, "I contribute every dollar deposited, plus a snug sum of compound interest." The Insurance Policy said, "I contribute every Dollar deposited and a snug sum of compound interest, and the prepaid fortune for this case made and provided." And it lifted the mortgage from the home and the whole family from poverty to comparative independence. Moral—Take out an Investment Policy of Life Insurance on the Compound Investment Plan of the North American Life, and by so doing you can make sure, beyond peradventure, that whether you live or die, the investment will be a good one.

Pamphlets explanatory of the Company's attractive Investment Plans and copies of its last Annual Report, illustrated, furnished on application to the Head Office, 112-113 King Street West, Toronto, or to any of the Company's agents.
