ENTOMOLOGICAL SOCIETY OF ONTARIO.—FIFTIETH ANNIVERSARY

AT THE regular meeting of the Society, held on Friday, March 14th, it was decided to hold the Annual Meeting of the Entomological Society of Ontario and the celebration of the 50th anniversary of its formation at the Ontario Agricultural College, Guelph, on Wednesday, Thursday and Friday, August 27th, 28th and 29th. A committee to make all necessary arrangements was appointed, consisting of the following: Professors Bethune, Howitt and Jarvis, and Messrs. Caesar, Baker and Spencer, of Guelph; Dr. E. M. Walker and Mr. A. Cosens, of Toronto; Dr. C. Gordon Hewitt and Mr. Arthur Gibson, of Ottawa, and Messrs. H. H. Lyman and A. F. Winn, of Montreal, with power to add to their number.

As the time of the meeting will be during the first week of the Toronto Exhibition, reduced railway rates will be available as far as that city. The committee will welcome suggestions from any of the members of the Society regarding the best methods of carrying out this celebration.

At a previous meeting a resolution was adopted expressing sympathy with the Royal Geographical Society of London, England, in the loss sustained by them and by the scientific world in general through the death from cold and exhaustion of Captain Scott and his brave companions.

The habitat of *Rhogas indicus* Cam.—In Wien. Ent. Zeit., 1910, p. 3, Cameron has described a new species under the above name, giving as habitat "Sitka on the Ganges (Mannerh?)" There may possibly be some locality Sitka on the Ganges river, but "Mannerh" is apparently an abbreviation of Mannerheim, who possessed many insects from Sitka in Alaska, and this is, I think, certainly the true habitat of the species.

E. BERGROTH.
