

actual membership, having agreed to the origin and constitution of the Association, and to the fact that, in the opinion of the Council, the word "qualified" in By-Law No. 1 means British subjects who are registered or entitled to be registered in the Medical Register of Great Britain or Ireland, or British subjects residing in any part of the British Dominions who are legally entitled to practice in such dominions, and that such definitions cannot be further extended.

Since our last issue also, the Excursions Sub-Committee has obtained most favorable terms from the G. T. R. and the C. P. R. companies. They offer to the Association and its guests to convey them at half fare as far as Sarnia on the one system and Port Arthur on the other. In addition, the C. P. R. will give the same rates to those wishing to cross the Continent. Return tickets will be given from Montreal to Vancouver for one single fare, and the privilege of stopping over at the leading places of interest along the route. The Committee has not as yet received absolute information from the Railway Companies as to whether these terms apply to Canadian members of the Association as well as to members from other parts, but the inference is that this is the case.

The Local Entertainment Sub-Committee has also been busy, and proposes to give members fond of exercise opportunities of showing their powers in golf, tennis, etc., against the visiting members from Great Britain. It is quite prepared also to have a Lacrosse match, provided a sufficient number of members from the other side are acquainted with the game. Lacrosse, we may add, has of late years made considerable strides in the north of England and of Ireland and again around London.

Arrangements have already been made for a Ladies' Committee to entertain the wives and daughters of visiting members.

We learn from Toronto that a most attractive excursion through the Niagara peninsula, Kingston and the Thousand Isles has been arranged for those attending the Meeting of the British Association for the Advancement of Science, and intending to be present also at the Montreal Meeting. Reduced rates have been given by all companies to those coming to Montreal by New York.
