Grain.-The market during the last week has partaken of a holiday character, and most of the quotations are lower. In comparison with quotations given in our last issue, wheat has declined 1c. all around, with the exception of No. 2 Manitoba hard, which at 80 to 81c. per bushel is unchanged. The visible supply of barley at the principal points of accumulation and in transit is 1,116,000 bushels. This sup-ply is 22,000 bushels only in excess of the ply is 22,000 bushels only in excess of the quantity in sight on the same date last year. Quotations for barley here have followed those of wheat, and with the exception of No. 1, which is 2c. per bushel lower, the decline has been the same. Oats are offering very freely with the market dull, a decline of ½c. per bushel. Peas alone show in present at a few to provide at 56 to 570 person bushel. and are quoted at 56 to 57c per bushel.
