MENTION THIS PAPER.

THE SANITAS WASH BASIN

Offers the following advantages:

Through it waste water is completely and rapidly removed, a quick discharge, as from a small flush-tank, effected, filling the pipes full bore, and the trap and waste pipes are thoroughly scoured. It provides for an overflow without requiring a special pipe or valve for this purpose; it has no brass-work in the bottom of the bowl in the way of hands when washing, and no chain and plug.

IT IS A SIMPLE, DURABLE AND WELL-CONSTRUCTED SANITARY PLUMBING FIXTURE.

O. HIGMAN,
