

A-SKIN-YOU-LOVE-TO-TOUCH

You, too, can have its charm if you will begin the following treatment tonight:

Just before retiring, lather your wash cloth well with Woodbury's Facial Soap and warm water. Apply it to your face and distribute the lather thoroughly. Now with the tips of your fingers work this cleansing, antiseptic lather into your skin, always with an upward and outward motion. Rinse with warm water, then with cold—the colder the better. Finish by rubbing your face for a few minutes with a *piece of ice*. Use this treatment *persistently* and in ten days or two weeks your skin should show a marked improvement—a promise of that greater loveliness which the daily use of Woodbury's always brings.
