

ferent projects, involving some two dozen researchers, are currently being carried out to study the three whale species and involve the Inuit people in their management. The studies are funded by several private Canadian wildlife groups, universities and government agencies.

QUEBEC 84 - LE RETOUR DES GRANDS VOILIERS

Les propriétaires de 18 voiliers de classe C ont déjà confirmé leur intention de participer au retour des grands voiliers organisé par la corporation Québec 1534-1984, à l'occasion du 350^e anniversaire de la fondation de Québec par Jacques Cartier. Du côté européen, on annonce la participation du Carola (RFA), du Symfoni et du Norseman (Pays-Bas), de l'Elinor (Danemark), des voiliers britanniques, Donald Searle, Halycon et Ma Paramour ainsi que des bateaux polonais Smuga Cienia, Joseph Conrad, Wojewoda Pomorski et Asteris. Sept bateaux des Etats-Unis et d'Amérique latine se rencontreront aux Bermudes pour ensuite naviguer de conserve vers le Saint-Laurent.

FISH AND SEAFOOD MONTH

The month of November has been declared "Canadian fish and seafood month" by the Minister of Fisheries and Oceans, the Honourable Pierre de Bané. The Minister's goal is to stimulate sales of fish in Canada and abroad, to provide information on the culinary and nutrition advantages of eating more fish, and to emphasize Canada's position as the world's leading exporter of fish and seafood products.
