Ottawa.

Dear Mr. Winnill:-

I have your letter of the 14th instant, and I hope that Sir John Carson may take an option on your property. For your sake I would like to see it turn out well, in order that you may get something to repay you for the hard work you have put in and the confidence you have shewn in the northern country.

I am afraid I cannot say very much about the feeling towards mining operations in Montreal, as the people whom I meet the oftenest do not deal very much in that class of industry, although I have heard it mentioned on more than one occasion that there is likely to be great activity in the mining areas during the coming summer.

Everything is going very well at the University, and one's time is very fully occupied.

With all good wishes, I am,

Yours faithfully,

Principal.
