IN the preparation of this, and of the preceding volumes, of *Travels in the South of Europe*, in *South America*, and in *Africa*; as well as in the *Biographical Conversations on Celebrated Voyagers and Travellers*, it has been the design of the author, by a detail of anecdotes of extraordinary adventures, connected by illustrative remarks and observations, to allure young persons to a study of geography, and to the attainment of a knowledge of the character, habits, customs, and productions of foreign nations. The whole is supposed to be related in a series of daily instructions, from a parent to his children.

The "*Biographical Conversations on Celebrated Travellers*," contain a further account of the United States and of Canada, in Professor's Kalm's *Travels through those countries*; and of the northern regions of America, in the *Narratives of Hearne's Journeys from Hudson's Bay, to the Northern Ocean*.

The vignette represents the natural arch, called *Rock-bridge*, described in page 102.
