Heavy Selling in Wheat Market Brings Sharp Break in Prices

Chicago Exchange in Semi-Panicky Condition on Continuous Liquidation from Big Interests—Stocks Piling Up

CHICAGO, Oct. 31.—Suspicion was rampant today that the leading tons in wheat had been letting go of a big part of their holdings. In consequence the market broke sharply in the last hour of trading and finished heavy 20 to 2-1/2¢ lower than last night. Other grains, too, showed a net loss. Corn 1-1/8¢ and oats 7-16¢ to 1-1/8¢. The end of the day left hog products varying from unchanged figures to a decline of 10¢.

The plausible theory to explain the supposed action of the bull leaders was that the unloading of the December option was to May as a lower level for the latter. Aside from any such maneuver, the developments during the day were discouraging enough. The last going range when prices were at almost the lowest point of the session. Excessively heavy receipts of wheat touched 1-1/8¢ and corn 7-16¢ and 7-16¢ with the close at 96-1/2¢ a net loss of 3-5/8¢.

Corn Dragged Down. Corn was dragged lower mainly by the price in wheat. December ranged from 62 7/8 to 64¢ and closed heavy at 63 1/2¢ down at 63¢. Cash grades heavy.

Wheat heavy from the start. Support was poor and some of the principal owners took the selling side. Top and bottom figures for December were 41-1/8¢ and 41-1/8¢ with the close at the last named level, a net loss of 1-1/8¢. Provisions, despite buying in the afternoon, were 10¢ lower than last night's figures to a nickel decline.
