## NEW C. P. R. ISSUE.

One Share of New for Five Shares of Old Stock.

## CLEVER SCHOLAR DIES.

W. E. Moore Passes Away After a Lingering Illness.

Montreal, March 19.—The shareholders of the C.P.R., at a special general meeting held here at noon to-day, unanimously ratified the proposal of the directors to increase the capital of the company by \$400,000, thus bringing it to a total of \$150,000,000.

Mr. Thomas Shaughnessy, the president, who presided, made the important announcement that it was intended to make an immediate issue of \$5,000,000 of old stock at present in the treasury and \$11,800,000 of the new capital, making a total of \$20,200,000.

In addition, the first announcement was made of the fact that the amount to be secured from the sale of new stock, and which would be used entirely for improvements and additions, would be supplemented by the directors by \$5,000,000, to be taken from the surplus earnings account, and after deducting this amount these surplus savings would be \$12,500,000.

It was also decided that the new issue should be made at the rate of one share of new stock for every five shares of old stock, and that the first payment of 20 per cent. should be made on May 26, 1906, and thereafter every two months till Jan. 26, 1907.

This new stock, if fully paid up, will rank for dividend on Dec. 31, 1906. As indicating the increased interest the shareholders were taking in the affairs of the company, Mr. Thomas stated that a much larger number of proxies had been received in proportion to the capital of the company than for any previous meeting.

Reduction of grades and general improvements of the line had cost \$13,000,000, while the enlargement of terminals at the more important points, increased siding, yard and station accommodation over the greater portion of the system, and other works for facilitating the movement of traffic, involved a further outlay of over \$10,000,000, said the president, and yet some of the important works originally contemplated had been necessarily postponed in order that other more important work might be carried out.

Judge Winchester at the general sessions yesterday announced the postponement until next Saturday of sentences upon those charged with various crimes, and the sitting of the general sessions. Nine men are in custody awaiting sentences. Several more are out on bail.

## GERMANY'S RAILWAY RATES COMPARED WITH AMERICA'S

Some Interesting Facts and Figures—Electricity to Help Two Cent a Mile Fares.

W. E. Curtis writes as follows in The Chicago Record-Herald:

Passenger rates in Germany are lower than in any other European country, and, probably, than anywhere else in the world; and they are fixed by the government. There are distinct rates for fast and for slow trains, for express trains and for local trains.

The following are the rates on express trains:

First-class, 2.14 cents a mile.  
Second-class, 1.32 cents a mile.  
Third-class, 1.11 cents a mile.

The following are the rates for slow local trains:

First-class, 1.90 cents a mile.  
Second-class, 1.48 cents a mile.  
Third-class, .9 cents a mile.

There is also a fourth class still lower and, as a matter of fact, which is still cheaper, but it is the first and second class rates only in which Americans are interested.

On all the German roads, especially those belonging to the government, there is very little difference between the first and second class accommodations. The carriages or cars for the former are little more luxurious; the seats are upholstered in leather instead of plush.

An ordinary passenger would never know whether he was in a first or a second class car, however, and really the only advantage of being in the former is that he is always sure of having plenty of room.

Very few people, however, travel first-class, and Americans—travel first-class, is a familiar adage, and hence the compartments are never crowded, and it is often difficult to get seats in second-class carriages and families are frequently compelled to be separated.

Comparisons.

It is interesting to compare passenger rates in Germany with those of the United States for corresponding distances. I have not had time to do it thoroughly, but the morning I left for Berlin, the Pennsylvania ticket agent gave me the lowest rates to several points in this country, and these in Germany were obtained at a lower rate.

Washington to Philadelphia, 128 miles, first-class, \$4.00; second-class, \$3.00; third-class, \$2.00.

Washington to New York, 223 miles, first-class, \$7.00; second-class, \$5.00; third-class, \$3.50.

Washington to Pittsburgh, 302 miles, first-class, \$9.00; second-class, \$6.50; third-class, \$4.50.

## RAILWAY LABORERS WANTED IMMIGRANTS WRONG CLASS

Contractor of Track Workmen Inclined to Censure the Government's Policy.

Also the influx of immigrants into Canada is the greatest in years, it is by no means sufficient to supply the demand for railway labor.

One of the contractors who is working hard to secure men rails against the Dominion government's immigration system, and, also, a good Liberal.

The class of labor sent out is of very little benefit to the country and is only sent to serve farmers for a few months.

He admits there are plenty of mechanics arriving every day, but none of them are any use for bridge building. What he wants is the immigration department to do is to send out men of experience, who will be of some use in building up the country.

## COCKFIGHTERS ALL FINED.

Proprietor Pays \$50 and Lesser Offenders \$5 Each.

Montreal, March 19.—Probably never since the erection of the Montreal city hall has there been such a crowd as gathered at the recorder's court this forenoon. Not only was the courtroom crisscrossed to close on suffocation, but the large hall of the building was filled with a crowd of hundreds of more or less interested men, who ranged out to the square, and had to be kept a move by a mounted constable and a number of police.

The grand jury returned true bills against H. C. Kehr, on the charge of obtaining a chattel mortgage from Martin Lyon by false pretences; and Hobart Wood, charged with an offence under the Criminal Code, and for the same reason from Thomas Cooper.

Banwell's trial will commence tomorrow.

## LOST TWO FINGERS IS SUNG FOR \$2000

The action of John Martin against Robert Cowan for \$2000 was commenced in the assizes yesterday. Both are farmers in the Township of Scarborough. While working in a corn cutter plaintiff's hand was caught in the machinery. He lost two fingers and claims defendant was to blame for the accident. James Banwell, H. C. Kehr, and others are acting for Martin and Mulock & Co. for Cowan.

## AGAINST HIGHER LICENSES.

At a largely attended meeting on Sunday afternoon of the West End Temperance Society, a resolution was moved by Rev. T. Colwell, and seconded by A. G. Martin, and carried by a unanimous standing vote, calling on all the various denominations throughout the city to oppose the granting of higher licenses. "Believing that it will result in increased drunkenness and misery in the homes of those who pay the taxes and fill our jails and prisons, which are now overflowing with the finished work of the rum-sellers."

## PROMPT SUPPRESSION.

Patrover, Russia, March 19.—A provincial government has been issued by the governor-general announcing that any attempts against the property or lives of Jews will be mercilessly suppressed.

## BIG MOSCOW FAILURE.

Moscow, March 19.—D. A. Rashtorgueff Brothers, the largest tea merchant in Russia, have failed for \$15,500,000.

## ACQUAINTED OF MANY THEFTS.

Brooklyn, March 19.—(Special.)—Michael Hogan, an old man, was lodged in Brooklyn jail to-day on a charge of burglarizing W. J. Murphy's Hotel at Portland. Evidence was found on him connecting him with the offence. Hogan is also thought to be the perpetrator of a series of burglaries among the cottages along the river in the vicinity of Portland. These sum of money were stripped of the things of value, many of the missing articles being found in his possession. Hogan was once in the toils of the law on a charge of arson.

The family of John Johnston of New Dublin were absent from home yesterday attending church the residence of the family was broken into and the neighbors saved some of the household effects.

A branch of the Imperial Bank of Canada has been opened in the town of Red Deer, Alberta, under the management of W. P. Bellwell, formerly of the bank in Calgary. Branches of the bank will be opened in the cities of Quebec, P.Q., and London, Ont., in the course of a few weeks. Premises are now being prepared for occupation. A branch is in course of being opened at Banff, Alberta.

## A HOUSE DIVIDED.

Chancellor Boyd Decides a Disputed Will Issue.

Chancellor Boyd in single court yesterday was asked to decide about the ownership of the farm owned by the late Hiram J. Manhard of Elizabeth town, Leeds County. The farmer left the house to his daughter, Mrs. Elva May Sturgeon, and the furniture to his second wife. In addition to the stipulation that all the comforts of home be provided for the remainder of her days.

"The question is," said D. C. Ross, for the step-daughter. "What is sufficient to satisfy the will. We think that two rooms ought to be sufficient. The widow, however, demands the entire house, to her exclusion."

"Each party is entitled to a home in the house," said the chancellor. "Neither party is entitled to exclude the other. Each is entitled to half of the house and half of the net proceeds of the farm. If the farm is rented then half should go to each party. You will spend all your property in the feeling lawyers to find out what comfort means, and if you do it will not be much comfort to you."

## IN THE SESSIONS COURT.

True Bill by Grand Jury in a Loan Agent's Case.

Abinal Adamy, the Syrian who was brought from Buffalo to answer the charge of stealing \$781 worth of goods from Salem Shevick of West Kingston, was declared guilty by a jury of the sessions yesterday. Judge Winchester reserved judgment until Saturday.

The grand jury returned true bills against H. C. Kehr, on the charge of obtaining a chattel mortgage from Martin Lyon by false pretences; and Hobart Wood, charged with an offence under the Criminal Code, and for the same reason from Thomas Cooper.

Banwell's trial will commence tomorrow.

## PRINTERS PETITION KING.

Ottawa, March 19.—The deputy minister of labor, W. L. Mackenzie King, has been sent to Winnipeg, at the request of the imperial government, to investigate the complaint of a party of English printers who were brought to this country by an alleged agent of the Winnipeg Printers Board of Trade. The men claim that the promise was not kept, and petitioned King Edward for redress.

## Voted It Down.

Niagara Falls, March 19.—The bylaw to place half mill tax on the assessable property of the town of Niagara Falls, Ont., for making a new bridge, was defeated by a majority of 75. A very small vote was polled, South and voters cast their ballots almost solidly against it.

# The Coffee Debate.

The published statements of a number of coffee importers and roasters indicate a "waspish" feeling towards us, for daring to say that coffee is harmful to a percentage of the people.

A frank public discussion of the subject is quite agreeable to us and can certainly do no harm; on the contrary, when all the facts on both sides of any question are spread before the people they can thereupon decide and act intelligently.

Give the people plain facts and they will take care of themselves.

We demands facts in this coffee discussion and propose to see that the facts are brought clearly before the people.

A number of coffee importers and roasters have joined a movement to boom coffee and stop the use of Postum Food Coffee, and in their newspaper statements undertake to deceive by false assertions.

Their first is that coffee is not harmful.

We assert that one in every three coffee users has some form of incipient or chronic disease; realize for one moment what a terrible menace to a nation of civilized people, when one kind of beverage cripples the energies and health of one-third of the people who use it.

will startle you and give your friend something to think of. Of course, if you are one of the weak ones and say, "I can't quit," you will have discovered one of the slaves of the coffee importer. Treat such kindly, for they seek absolutely powerless states of the body and health.

Nature has a way of destroying a part of the body of the weak ones and the stronger. It is the old law of "the survival of the fittest" at work, and the victims are many.

We repeat the assertion that coffee does harm many people, not all, but an army large enough to appal the investigator and searcher for facts.

The chief prevention of the coffee importers and roasters is their statement that Postum Food Coffee is made of roasted peas, beans or corn, and mixed with a low grade of coffee and that it contains no nourishment.

We have previously offered to wager \$100,000 with them that their statements are absolutely false.

They have not accepted our wager and they will not.

We will gladly make a present of \$25,000 to any roaster or importer of old fashioned coffee who will accept that wager.

perly educated physician, chemist and food expert.

Please remember we never say ordinary coffee hurts everyone.

Some people use it regularly and seem strong enough to withstand its attacks, but there is misery and disease in store for the man or woman who persists in its use when nature protests, by heart weakness, stomach and bowel troubles, kidney disease, weak eyes, or general nervous prostration.

The following table shows the actual average receipts per passenger per mile of all the 21,000 miles of railway in this country.

1905.....1.981 1906.....2.003 1907.....2.006 1908.....1.978 1909.....1.980 1910.....2.002 1911.....1.986 1912.....2.007 1913.....2.015 1914.....2.019 1915.....2.022 1916.....2.025 1917.....2.028 1918.....2.031 1919.....2.034 1920.....2.037 1921.....2.040 1922.....2.043 1923.....2.046 1924.....2.049 1925.....2.052 1926.....2.055 1927.....2.058 1928.....2.061 1929.....2.064 1930.....2.067 1931.....2.070 1932.....2.073 1933.....2.076 1934.....2.079 1935.....2.082 1936.....2.085 1937.....2.088 1938.....2.091 1939.....2.094 1940.....2.097 1941.....2.100 1942.....2.103 1943.....2.106 1944.....2.109 1945.....2.112 1946.....2.115 1947.....2.118 1948.....2.121 1949.....2.124 1950.....2.127 1951.....2.130 1952.....2.133 1953.....2.136 1954.....2.139 1955.....2.142 1956.....2.145 1957.....2.148 1958.....2.151 1959.....2.154 1960.....2.157 1961.....2.160 1962.....2.163 1963.....2.166 1964.....2.169 1965.....2.172 1966.....2.175 1967.....2.178 1968.....2.181 1969.....2.184 1970.....2.187 1971.....2.190 1972.....2.193 1973.....2.196 1974.....2.199 1975.....2.202 1976.....2.205 1977.....2.208 1978.....2.211 1979.....2.214 1980.....2.217 1981.....2.220 1982.....2.223 1983.....2.226 1984.....2.229 1985.....2.232 1986.....2.235 1987.....2.238 1988.....2.241 1989.....2.244 1990.....2.247 1991.....2.250 1992.....2.253 1993.....2.256 1994.....2.259 1995.....2.262 1996.....2.265 1997.....2.268 1998.....2.271 1999.....2.274 2000.....2.277

Electricity the Means.

But, as I said in a recent letter, the railway managers of this country have made up their minds that the two-cent rate is inevitable, and are getting ready to adjust themselves to it. An evolution in passenger transportation is soon to occur, and local and suburban business—the short-haul traffic—will soon be done by electric lines, and the long-haul express business by the railroads.

Any one suffering from disorders set up by coffee drinking (and there is an extensive variety) can absolutely depend upon some measure of relief by quitting coffee and using Postum Food Coffee.

If the disease has not become too strongly rooted, one can with good reason expect it to disappear entirely in a reasonable time after the active cause of the trouble is removed and the cellular tissue has time to naturally rebuild with the elements furnished by Postum and good food.

It is only just plain old common sense. Now, with the exact facts before the reader, he or she can decide the wise course, looking to health and the power to do things.

If you have any doubt as to the cause of any ache or all you may have, remember the far reaching telegrams of a hurt nervous system travel from heel to head, and it may be well worth your while to make the experiment of leaving off coffee entirely for ten days and using Postum in its place.

You will probably gather some good solid facts worth more than a gold mine, for health can make gold and sickness lose it. Besides there's all the fun, for it's like a continuous internal golf to be perfectly well.

There's a reason for

# POSTUM

Postum Cereal Co., Limited, Battle Creek, Mich.

Operators and miners will permit the public to participate in the strike to a certain extent. It can pay the increased prices.—Chicago News.

What Liquezone Can Do for You—and It Is Free.

We Paid \$100,000

For the American rights to Liquezone, after hundreds of tests had been made with it. After its power had been demonstrated, again and again, in the most difficult germ diseases. Then we spent, in two years, more than ten millions that sum to let others test it at our expense. The result is that millions of people, scattered everywhere, have shared in the benefits of this invention.

We make the same offer to you. We ask you to prove, at our cost, how much this product means to you. Let Liquezone itself show how wrong it is to suffer from a trouble that it cures.

Most of our sicknesses has, in late years, been traced to germ attacks. The list of known germ diseases now numbers about one hundred.

Some germs—as in skin troubles—directly attack the tissues. Some create toxins causing such troubles as Rheumatism, Blood Poison, Kidney Disease and nerve weakness. Some destroy vital organs, as in Consumption. Some—the germs of Catarrh—cause inflammation; some cause indigestion. Directly or indirectly, nearly every serious ailment is a germ result. Such diseases call for Liquezone—not drugs, which can't kill germs.

Every germ attack, no matter what its symptoms, calls for a germicide. The mildness of Liquezone makes some
