H. D. Van Sant, consul at Kingston, reports concerning, this country's commercial contections with Canada. He finds that a spirit of fairness toward the United States is being built up among the Canadian people that is far more powerful than any law placing. British goods under preferential tariff. He writes:

"There is considerable discussion in this district among commercial men as to the cause of the increase of the trade relations between the United States and Canada, as against the mother country's commercial men and Canada, as against the mother country's commercial men and Canada, as against the mother country's commercial men and the special considerable discussion in this district among commercial men as to the cause of the increase of the trade relations between the United States and Canada, as against the mother country's commercial relation between the John.

No Silvery-Voiced imitators Can Persuade the Man Who Knows.

Perhaps the strongest "reason" why" for Semi-ready tailoring is the spasm of imitation which nearly every ready-made clother in Canada is adopting. Without any reorganization or change of ancient methods in their factories the imitators proclaim their product "as good as Semi-ready." Their inferiority is quickly apparent. They do not reckon on the trait in human nature which calls for the genuine. The buyer who can get the genuine "Semi-ready." Their inferiority is quickly apparent. They do not reckon on the trait in human nature which calls for the genuine "Semi-ready." Their inferiority is quickly apparent. They do not reckon on the trait in human nature which calls for the genuine "The buyer who can get the genuine "Semi-ready." Their inferiority is quickly apparent. They do not reckon on the trait in human nature which calls for the genuine "The buyer who can get the genuine "Semi-ready" tailoring to-day commands higher prices than many tacture, and the microbal

terminated yesterday with the election of officers. The next will be held in New York City.

One result of this year's communication was the withdrawal of Local Union No. 9 of Milwaukee from the Internations of Milwaukee from the International Milw

No. 9 of Milwaukee from the interna-tional body. It came about thru a complaint from the greetings commit-tee, that this union had published slan-tee, that this union had published slanderous articles against its local offi-cers. The convention requested them to retract their statements or withdraw ers.

John P. Weigle, editor of The Brauer Zeitung of Boston. One hundred dol-lars was voted to The New York Vulk Zeitung, \$100 to The Chicago Auberger Zeitung, \$50 to The Buffalo Auberger And Wonder is He Hasn't Been Con Zeitung, \$50 to The Milwaukee Auberger Zeitung, and a bill or \$439 for executive expenses incurred in agitation | Cable Sir Conan Doyle, work was ordered paid.

Under the latest amendment to the and the election left to the districts in which they reside. Following are the nominations: International secretary treasurer — Adam Huepner, Chicago; Paul Kemmer, Albany, N.Y. International corresponding secretary—Chris Kull, Pittsburg; Louis Kemper, Cincinnati; Frank Frankorleck. Denver, Financial secretary — Joseph Pubsile, Cincinnati; F. Sims, St. Louis. Editor of Brauer Zeitung—Gustave Mostter, Indianapolis; Richard Stahalagenweit, Citizens of Toronto Junction retired on Indianapolis; A. "Semi-ready" tailoring to-day windmills, boilers and engines, and hardware of almost every description are mostly American manufacture, and the imports from the United States lead. Considerable quantities of hardware imported from England have been in reality of American manufacture. A certain amount of sales made in this way is not credited to the total amount of exports of the United States to Canada. I have the authority of a number of hardware dealers in both Western and Eastern Ontario for this statement.

by the makers.

Only two places in Toronto where you can get the real Semi-ready—
81 Yonge-street and 472 Queenstreet west.

Western and Eastern Ontario for this statement.

"The higher social circles are intensely loyal to the empire, and usually make purchases based upon their sentiments; but as a whole they take less interest in the matter of trade and commerce than the leading business men, wholesalers and retailers. The middle and lower classes usually buy where they can get the lowest-priced goods of good quality, and as a result the business man keeps in touch with the wants of his best customers at the best profit he can make, and almost invariably on account of easy, safe, quick, and cheap shipments, the demand for goods of American make and marafacture increases with the popula-BREWERY WORKERS END.

will Meet Yext in New York—Nominations for Officers.

The Brewery Workers' convention terminated yesterday with the election to the constant improvement in quality and manufacture. Thousands of Americans are passing thru Canada each season, and by their generally kindly and manufacture.

retract their statements or withdraw from the body, and they chose the latter course.

A collection was taken up among the delegates and \$50 raised to aid an ill member of Local 132. Philadelphia, and \$140.50 was similarly subscribed for the assistance of the family of the late Lohn P. Weigle, editor of The Brauer "The tariff is an accepted condition which must stand in the present relations of the two countries, and on its present lines seem to be doing more, if the present prosperity on every side is taken as an indication of its effect, to build up the unbounded natural resources and wealth of the two countries than any other economic condition."—Consular Report.

ard Kellar at Grand-Excellent Vaudeville at Shea's.

In its latest form "The Embassy Ball," written by Augustus Thomas, forms no unworthy successor to his It is not an easy matter to duplicate a first success and to present its elements in a new and original setting. But "The Embassy Ball" does this and certainly no comedy could have received stronger marks of public approval, testified not only in the conventional manner, but by close attention and instant appreciation of its clever construction, amusing situations and witry dialog. There is no reason to doubt that in the hands of Lawrence D'Orsay, who has identified himself with a type of English aristocratic character appealing to the sensibilities as well as the responsibility of the audience, this pleasant comedy will command a hearing as favorable and a popularity as continued as that associated with "The Earl of Pawtucket."

The scene is in Washington and the period to-day, and various things have happened before the curtain rises on the latest episodes in the bachelor life of Captain, the Honorable Hawarden-Kellie, military attache to the British embassy. Two years before he has met in Paris Madge Bender, daughter of Senator Bender of Oregon. The attraction is reciprocal, but his unfortunate memory has played him fa.se by omitting to retain her name. In the goodness of his heart he assists a veiled bicyclist, who has infringed the regulations and escorts her to the city hall, where the official issues, instead of the proper permit, a marriage hiemse. The fair unknown signs her friend, Mis Bender's, name, and out of this complication the amusing developments come which form the subject of the comedy.

Thruout all the ridiculous entangle ments in a new and original setting.
