WHEAT CROPS TURN OUT WELL.
In Manitoba and Northwest Terri-
tories—Will Average 30 to 35
Bushels Per Acre—Notes.
Ottawa, Oct. 2.—The director of the Ex-
perimental Farm has very encouraging
news from the superintendent of the
branch Experimental Farms in Manitoba
and the Northwest Territories, where, not-
withstanding the unfavorable weather
during harvest, the grain both in quantity
and quality is turning out remarkably
well.
Under date of Sept. 25, Mr. Angus Mc-
Kay, superintendent of the farm at Indian
Head, says: "From all parts of this dis-
trict wheat is turning out even better
than expected in yield and quality.
The lowest yet reported is 28 bushels per
acre on stubble land, while many have
over 30 bushels with same sort of farming.
The crop of winter wheat followed and
is taking from 30 to 45 bushels, so that
if the whole district there will be an
average of from 30 to 35 bushels per
acre."
Mr. St. A. Bedford, superintendent of the
Brandon farm, writes in a similar en-
couraging strain, stating that the wheat
crop in the Brandon district is proving a
much better one than was anticipated.
Oliver Mann, the waterworks clerk who
is wanted by the police for having ap-
propriated city funds for his own purpose,
cannot be found. He is said to have gone
to Regina.

James E. Wallace, the teacher in the
collegiate here, who disappeared two
months ago, has been seen in New York
city. John Anderson of Halifax is on
his way home from the Crow's Nest Pass.
When he arrived in the city he had \$200
in his pocket. Falling in with a man
named Dugald McPhee, he proceeded to
see the sights of the city. The upshot
of their little outing is that Anderson
changed his mind with attempting to drown
him by throwing him into the Dufferin
bridge into the canal. Anderson is minus
his \$200. The man was arrested. Ander-
son took an early train for home yester-
day and did not appear to prosecute, so
that McPhee was acquitted.

East Buffalo Cattle Market.
There were no sale cattle and a moderate
amount. The feeling is about steady on
good butcher cattle, but the prospects are
lower for stockers. Calves were in fair
supply, moderate demand and sold about
the same as yesterday. Choice to extra
were quoted \$5.00 to \$7.00; choice, \$3
to \$3.50.
Sheep and Lambs—The market was in a
little better shape on the good lambs, but
the prices were not large—\$3.00. Choice
to extra lambs were quotable \$3.50
to \$5.00; good to extra, \$2.50 to \$3.00; mixed,
choice to extra, \$4.50 to \$4.75; mixed,
choice to extra, \$3.50 to \$4.00. There was a fair clear-
ance. The receipts of Canada lambs were
four and a half loads.
Hogs—The market was still in an un-
settled position, and prices somewhat
unsettled. Choice to extra, \$4.00 to \$4.50; medium
and heavy hogs at \$4.00, but gen-
erally the basis was \$3.50 to \$4.00 for York-
shire, \$3.50 to \$3.80, and with light
Yorkshire at \$3.50; roughs, \$3.25 to \$3.40;
stags, \$2.50 to \$3.25; grassers, \$3.50 to \$4.00.

Success With Carpets and Curtains

There's lots of enthusiasm in our Carpet and Curtain Department. The magnificent display of Carpets and Curtains is the result of our reaching out and selecting the best products of the best mills on this continent and Europe. We have both the goods for the most critical selection and the artist to execute your exacting demands for any style of interior decorations—even to original designs in Tapestry work and Draperies—and the important feature of "Little Cost" is attached to all our work. Visit this section of the second floor—you'll be interested in the artistic arrangement of the department itself.

SKETCH OF "HIM" WILL COUNTY AND SUBURBAN

Wonderful Career of a Canadian Boy Who Went West.

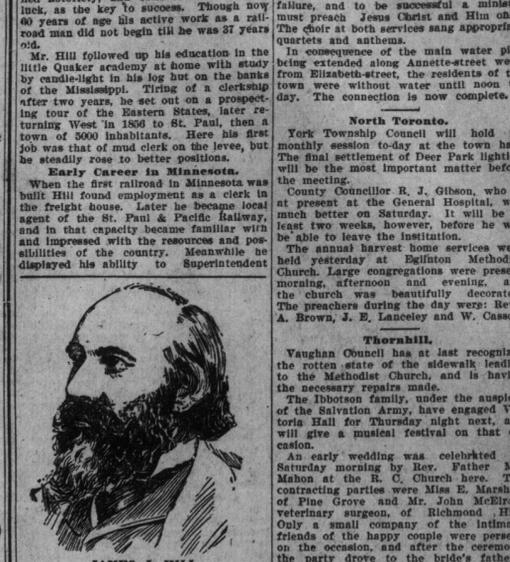

From a Mud Clerk on the Levee in St. Paul He Rose to the Position of One of the Wealthiest and Most Powerful Railway Men on the Continent, and is Likely to Go Higher.

No more striking instance can be found in recent times of what ability and perseverance can accomplish than is seen in the career of James J. Hill, the railroad magnate, who rose to his present grand position from the humble post of a wharf laborer.

Mr. Hill never dreamed of railroads and money when he walked away from his father's farm near Guelph, Ont., when 15 years of age, and went to the States. He is, and always has been, a man who shunned notoriety, and believes in work, not luck, as the key to success. When 20 years of age he found his active work as a railroad man did not begin till he was 37 years old.

Mr. Hill followed up his education in the Little Quaker academy at home with study by candle-light in his log hut on the banks of the Mississippi. During a clerkship after two years, he set out on a prospecting tour of the Eastern States, later returning West in 1856 to St. Paul, then a town of 8000 inhabitants. Here his first job was that of mud clerk on the levee, but he steadily rose to better positions.

Early Career in Minnesota.
When the first railroad in Minnesota was built Hill found employment as a clerk in the freight house. Later he became local agent of the St. Paul & Pacific Railway, and in that capacity became familiar with and impressed with the resources and possibilities of the country. Meanwhile he displayed his ability as Superintendent

North Toronto.
York Township Council will hold its monthly session to-day at the town hall. The final settlement of Deer Park lighting will be the most important matter before the meeting.

County Councillor R. J. Gibson, who is present at the General Hospital, was much better on Saturday. It will be at least two weeks, however, before he will be able to leave the institution.

The annual harvest home services were held yesterday at English Methodist Church. Large congregations were present morning, afternoon and evening, and the church was beautifully decorated. The preachers during the day were: Revs. A. Brown, J. E. Lancelotti and W. Casson.

Thornhill.
Vaughan Council has at last recognized the rotten state of the sidewalk leading to the Methodist Church, and is having the necessary repairs made.

The Ibbotson family, under the auspices of the Salvation Army, have engaged Victoria Hall for Thursday night next, and will give a musical festival on that occasion.

An early wedding was celebrated on Saturday morning at Christ Church, Mimico, by Rev. Father McMahony at the R. C. Church here. The contracting parties were Miss E. Marshall to Philip Groves and Mr. John McEllroy, veterinary surgeon, of Richmond Hill. Only a small company of the intimate friends of the happy couple were present on the occasion, and after the ceremony the party drove to the bride's father's residence and partook of an excellent wedding breakfast.

Mimico Harvest Home.
Harvest festival services were held yesterday morning and evening at Christ Church, Mimico. The church was beautifully decorated with flowers, fruits and vegetables, great sheaves of golden grain, garlands of leaves, fringed with the dried cornucopia of all giving evidence of the taste and industry of the parishioners. Services were conducted by Canon Tremayne, assisted in the morning by the Rev. W. Gwynne, curate of All Saints, who preached a characteristic sermon, taking his text from verse of the 137th Psalm: "If I forget thee, O Jerusalem, let my right hand forget her cunning." These, said he, were the words of a patriot like those of Daniel or Nehemiah in his mournful utterance over the Temple—true to country, church and home. He said the things that should be feared in this age was the straining of the people after riches. He cautioned his hearers against the sin of covetousness. The Jewish race had its intemperance in them—even Jacob was not free from it, for when told to destroy "everything" he destroyed his cattle, flocks and houses. It was covetousness that made the Jews in Babylon forget their patriotism, because they made money there, and when Cyrus told them they could go back they preferred to dwell where they were, forgetting in their city, Jerusalem, the very centre of their faith, their religion, their patriotism, and it was this sin upon which Judas himself acted. He did not mean to say that this age gave evidence of a lack of patriotism, where the charge of Darghal Height, the episode of the Lancers in the Sudan, and the recent trouble across the border, to show the contrary. Patriotism should be a deeper thing than applauding the source of profit. It was unparalytic of a man to go across the border and the border, to show the contrary. Patriotism should be a deeper thing than applauding the source of profit. It was unparalytic of a man to go across the border and the border, to show the contrary. Patriotism should be a deeper thing than applauding the source of profit. It was unparalytic of a man to go across the border and the border, to show the contrary.

York County News.
John Langstaff of Mineral Springs fame, Thornhill, called at the World Office on Saturday to exhibit a two-year-old carp, 15 inches long, weighing 3 lbs., caught in the Coniston Fish Pond near Streetsville. Mr. Langstaff has built some fish ponds, and is undecided as to whether he will stock them with carp or trout.

Mr. Hart, a farmer in Vaughan, has sold his farm in that township and purchased the Haldimand farm, lot 18, con. 2, Markham, 100 acres for \$6000.

Division No. 6, Township of Markham, polling place Cadeh, gave a majority of 39 for prohibition.

The West York election trial will be held before Justice Street and Feltonbridge. The date has not yet been definitely set, but is likely to be about the middle of this month.

The South York Teachers' Association will convene at East Toronto on Friday and Saturday, Oct. 14 and 15.

The I.O.F., Manchester Unity, gave a capital concert at Lambton Mills last week. Preparations are being made for the thanksgiving services in connection with St. George's Church, Islington, next Sunday.

The municipal councils of York and Etobicoke meet to-day.

John Lamb of the Lake Shore-road is the loser of a horse, which was injured by a Mimico electric car on Friday.
