Mitchell, St. Thomas; Mrs. John Oliver, Port Stanley; her brothers, Samuel and Richard, of St. Thomas, and Eli, of Belmont, survive her. She was a consistent member of the Methodist Church and an active worker in the Ladies' Aid.

SUMMERHOLM'S ANNUAL MEETING. At the annual meeting of the shareholders of "Summerholm," the Y. W. C. A.'s summer home at home at Orchard Beach, Port Stanley, the reports presented were very encouraging. The financial statement showed a surplus for the year, starting with a balance of \$25, to have been \$139.64; disbursements, \$3.60, leaving a balance on hand of \$136.04. A special effort has been made this year to raise money for verandas and other necessary improvements, which will add greatly to the appearance and comfort of "Summerholm." As there is no debt on the place, all the money has been devoted to the improvement fund. The annual concert, held in August at Port Stanley, cleared \$40, and Miss Oliver's recital \$59.77, which, together with contributions from the Y. W. C. A. and friends, has reached the sum of \$151.04. This amount is only about half of the sum required for improvements, but the directors feel encouraged by the aid already received that the remaining sum will soon be realized, and "Summerholm's" comfort and usefulness increased. The board of directors, Miss Priddis, Mrs. Waugh, Miss Treblelock, Miss Jarvis, Miss Peel, Miss Ware, Miss Waugh and Miss Kirkpatrick, were re-elected for the ensuing year. At a subsequent meeting of the board Miss Priddis was elected president and Miss Kirkpatrick secretary-treasurer.

Cannot Meet In the Park.

The Salvation Army Services To Be Stopped.

Such Is the Recommendation of the Board of Works—A Batch of Sidewalk Petitions.

At a meeting of the board of works last night, a communication from the chief of police was read, in which he asked that the Salvation Army be not permitted to hold Sunday meetings in Victoria Park. Chief Williams, in support of his communication, said that the army was the means of collecting the worst element of the city at the park. They came, not to hear the army, but to run about and kick up a row. It was impossible to carry out the bylaw with the present police force. With the notices put up and the efforts of two or three policemen the park bylaw had been pretty well enforced the past two or three weeks on every day except Sunday, but the police magistrate would not convict a man for walking on the grass on week days when people were allowed to run over it on Sunday. The chief also said that the army had been a disturbance, and that the people around the army had created the disturbance, but it occurred quite a distance from them. Some of the best citizens assembled there, and among those present last Sunday was ex-Mayor Little. The army had endeavored to respect and appreciate the kind privilege accorded the army in the past two years. At any time Sunday the police would find the same crowd at the park. There had never before been a disturbance scene there and the blame of last Sunday's trouble should not be laid upon the army, who aimed to draw the lowest class, but it was to do them good, not evil. He asked that the privilege be not cancelled.

Chief Williams, in reply, said he had not a word to say against the army who were doing good work. The army was not to blame for the trouble; but while it was given permission to go to the park, these things would gather. All those summoned to the police court gave as their excuse that they had gone there to hear the army.

Ald. Cooper thought the people would go to the park on Sunday whether the army was there or not. The destruction of the grass, however, should be stopped.

Ald. Draneay agreed that the insulting conduct of youths should be stopped.

In reply to the engineer Chief Williams said people were allowed to stroll and lie on the grass, but not to make paths and shoot cuts on it.

Ald. Draneay moved that the petition given the army to hold services in Victoria Park be cancelled, and that the chief of police, Ald. Douglas and the engineer be instructed to draft a clause covering the chief's request. Carried.

The Musical Society and Seventh Bands asked for a share of the money appropriated for band concerts. Referred to chairman, with power.

SIDEWALK PETITIONS.

In connection with sidewalk petitions it was moved and carried "That where a petition sufficiently signed for a permanent sidewalk on any street is presented to the council, and if it is found that the plank walk is in existence at such time and place requires to be renewed, then in such case an amount equal to the cost of a plank walk of equal width and length be allowed the said petitioners."

The petition of W. Ward, et al., for an artificial stone walk on the west side of Maitland street, King to York, was granted.

James Weldon, et al., asked for a mosaic stone walk on Elmwood avenue, Cathcart to Edward streets. The committee would not grant the request for an artificial stone walk on the Market lane. Granted.

William Jones, et al., against an artificial stone walk on south side King street, Waterloo to Colborne streets. Granted.

H. G. Abbott, et al., against an asphalt pavement on Dundas street, Wellington to Waterloo streets. Granted.

ON THE BEACH.

Bodies and Wreckage From the Lost "Jane Gray" Found by Indians.

Victoria, B. C., June 10.—A special from Alberni says that the bodies of seven white men, supposed to have been victims of the Jane Gray disaster, has been picked up on the beach near the Kuyquut reservation by Indians, while a sack of clothing with an Italian name on it was washed ashore not far from Kuyquut. Coupled with this information comes the news by the return of the steamer Willapa that considerable wreckage from the lost steamer, inclusive of four of the bodies, has been discovered at different ports along the coast. The gasoline launch belonging to Major Ingram's mountain climbing party also has been found by Indians. It floated upright, although the sea had flooded it. There were a number of books and papers in the boat but no bodies, and the natural supposition is that the six who were seen in the boat when it left the steamer have all been washed overboard. The Nootka Sound Indians picked up another boat, the dory belonging to the Jane Gray, and which was referred to by several of the survivors in their stories of the wreck.

Squandered a Fortune. How often we hear the expression, notwithstanding the fact that those who use it are perhaps spending their money foolishly in medicines which only give relief without removing the cause. Merrill's System Tonic cures heart, stomach, kidney, nerve and liver troubles—because by purifying the blood, regulating the bowels and toning each of these organs the cause of disease is removed. Price 50 cents per bottle, at W. T. Strong & Co's drug store. Descriptive pamphlet free.

She Wants All Who Suffer From Backache, Swelling of the Limbs, Dizziness and Headache to Know DOAN'S KIDNEY PILLS Are the Remedy.

Mrs. Catherine Burton, 32 Alexander street, Montreal, Que., says: "I was very much troubled for years with pains across my back over the kidneys, and headaches, dizziness and poor appetite also afflicted me. My limbs used to swell, and the back of my shoulders also swelled up. There was a mist before my eyes, so much so that I could hardly see at times. I was in a miserable state of health generally, and so much run down that I thought I was going to die. All the medicines I took, and they were not a few, failed to give me relief. The doctor also seemed unable to cure me. However, on trying Doan's Kidney Pills, relief came to me at once. I improved from the first few doses, and am now thankful to say that I am better than I have been for years. I eat well, sleep well, the swellings having disappeared, and I can state
