

RUGBY FOOTBALL LEAGUE FOR CITY IS NOW BEING CONSIDERED

U. N. B. HERE IN FIRST GAME IN ABOUT 2 WEEKS

Allison Grounds Has New Draining System Installed This Year

THE tocsin for rugby football sounded yesterday for the first practice of the year by the Trojans on the Allison grounds and a good turnout was on hand. Trojans have practiced by the same material on hand as last year and are looking forward to a most successful season. It is likely they will book games with University of New Brunswick, Mount Allison and others, their first game likely being on October 2, with U. N. B.

Practices for last year's intermediate league also will probably start soon. There were three teams in this league last year, Canucks, champions, Nationals and Wanderers. These teams have put up an excellent record of football for the last two years and local rugby observers feel the time is ripe for the league to blossom forth as a senior organization. The matter is being talked of throughout the city and a definite move is expected shortly.

It is believed the Trojans would have no objection to entering a league. This club, however, wishes to retain its connection with the college football teams by carding games here but it is felt this would not interfere greatly with a local city league.

The Allison grounds are expected to be in splendid shape this year. A new draining system has been installed this year and this factor is expected to help the teams greatly. Formerly, when rain fell, it required some time to get rid of the puddles. This year it is expected to be different. Trojans have issued a call for night practice at 6.30 o'clock.

UNIVERSITY TEAMS

The Fredericton Mail says: "The universities in the Maritimes will be opening within a few days and the first athletic activity will be football. There is a general expectation of large entering classes and large registrations and that should mean more material from which to select rugby teams. Examinations start at U. N. B. on Thursday and lectures on Monday next. St. Francis Xavier starts on Thursday. Dalhousie starts in several faculties on Wednesday and Thursday. Acadia starts in the 29th, a late date. Mt. Allison starts in the latter part of this month.

There will have to be a reorganization of intercollegiate sport as the result of the withdrawal of Acadia. The latter college it is understood is ready to re-enter.

MAC TIER CUP

In addition to intercollegiate sport U. N. B. will have to consider the defence of the MacTier Cup. Challenges from the Halifax City League and Montreal City League are expected. As intercollegiate qualifications will not hold in the MacTier Cup games the local and Maritimes will be able to defend the cup at full strength.

SKOWHEGAN RACES

SKOWHEGAN, Me., Sept. 14.—The Skowhegan Fair opened today with races on the Bangor to Topsham circuit. The track record was broken by Peter Kennedy, 2:06 1/4, in the 200 yds. race. Dwight Edwards, of Auburn, who stepped the second heat of the 200 yds. race in 2:06 1/4. The race was the fastest four heats ever recorded in Maine, with the exception of the Single G, Sir Roch and Margaret Dillon combination.

The track record was 2:06 1/4, made by John H. Braden in 1923. Red Dillon and Beeswing standing well with the spectators took the other races.

Quiescent Attitude On Part Of Amateur Clubs Is Working Harm

ONE WEEK has passed and still no denial has come from responsible amateur officials that the charges regarding the annual meeting of the M. P. B. at Amherst are false.

Two professionals, it is asserted, sit in at an annual meeting of the amateur union and lead their voices with others in a resolution asking for the reinstatement of all amateurs who have not competed outside the Maritimes. Let it be distinctly understood that The Telegraph-Journal is not in any way opposed to re-instatement. On the contrary, it favors a more just dealing with offenders.

But when it is charged that "a certain clique favor professionalism" and that this section has much to say in the control of the amateur union, is it any wonder that this newspaper on behalf of the sporting public of the Maritimes demands an inquiry under oath?

Frankly, there is no wonder in it.

The wonderful part is that amateur clubs apparently are going to let matters slide.

So long as they do, the amateur clubs in the Maritimes will remain under a cloud.

WHEN the head executive reads of the charges, he says he will gladly call a special meeting. He puts it up to the clubs.

Is it his prerogative to call an extraordinary meeting if the circumstances justify? We believe it is.

But the onus is now placed on the clubs. So far, there has not been a single official word from an affiliated body.

This is not a matter that affects Saint John or Moncton. It concerns every affiliated amateur body in the Maritimes Provinces.

Who is going to take the lead?

The charges are made. The evidence is ready. Is the "club" to be passed around like the collection plate?

It must be patent to all that the good name of the M. P. B. is seriously and definitely involved in this matter.

Suppose this matter is allowed to drop. Is it not reasonable to conclude that the sporting public can reach no other conclusion than that not only the charges are true but that an investigation is not warranted?

That, we believe, would be unfair to the M. P. B. and its executive. Who will be held responsible, however?

The average fan has not the slightest desire to see anyone's reputation hurt in this matter, but if the quiescent attitude on the part of the executive member was accorded the demand for action.

Not only have charges come from Saint John, but a Moncton man also makes statements that should be investigated.

It may be necessary to use the lance on this case.

Is that not better than a festering sore that cries out for treatment?

Fifty Golfers Participate In Jasper Park Tournament

JASPER, Alberta, Sept. 14.—Fifty players squared away today at ten minute pole trophy, every club of importance from Edmonton to Victoria being represented on the course. The field also included His Honor Dr. Egbert, the Lieutenant-Governor.

Conditions were good for golf but a stiff wind threatened to affect some of the best steady players. Before starting in his match, D. L. Anderson, of Toronto, secretary of the Royal Canadian Golf Association, commented on his experience over the beautiful course, saying "Jasper will unquestionably make a first championship course and it is worthy of the best players on this continent. The difficulty I now foresee is attempting to explain the attractions of the place to people who have not seen it. Jasper certainly must be seen to be thoroughly appreciated."

TURN IN GREAT GAME

While the amateurs have had difficulty in getting cards low enough to satisfy themselves, Jimmie Rimmer, the local professional, went out to show what can really be done, and when the final putt had been hotted the count was 67, which is really a marvelous performance.

Rimmer gets tremendous length with his wooden clubs and fine distance with irons, and when his game is spotty it is on the green; but there was nothing spotty in that particular round. Rimmer was accompanied by Dave Back, Shagnessy Heights, Vancouver, previously in the east at Rivermead, Ottawa, and New McKenna, of Minaki, Western Open champion.

SGT. SOUTTER WINS SPOON ON RANGE

Defeats Sgt. Landry in Shoot-off For Prize—Other Results

The Headquarters, M. D. No. 7, Rifle Association, held its regular spoon shoot on the local ranges yesterday afternoon. Conditions were fair with a tricky wind. The spoon winners, "A" class, S-Gt. Landry and S-Gt. Soutter tied and had to shoot off with S-Gt. Soutter coming out the winner. A-Sgt. J. McNiven won the "B" class, and S-Gt. A. D. Logan the "C" class, Logan graduating to "B" class.

The tie between C. P. O. I. Thompson and Sgt. Tremain from two weeks ago resulted in a win for C. P. O. I. Thompson. The scores follow:

Smartly Cut, Good all Thru

Low price cuts no ice unless the looks and wear are there.

All three—low price, looks and wear—are there all right at the Triple C Tailors. No tailoring concern in the land operates on such small expense and profit margin. That explains the price. No tailor in the land stocks better cloth. And you can't get better "put-together" than hyme haircloth, Belfast linen canvas and tapping—and double silk seaming. Mainly, \$22 to \$32. Deposit of \$5 enough.

Devon Wants To Come Here

THE Devon Baseball Club, that made a good showing in the York County League, wants a game Saturday afternoon with a local club. A. G. Parks, manager of the team, says his boys would like to meet either St. Rose's, Martello or the Royals. They would need to have expenses guaranteed to make the trip. If any of the clubs named are desirous of staging this game they can get in touch with Mr. Parks at the Canadian Bank of Commerce, Devon.

DOUBLE-HEADER CARDED TODAY BETWEEN TEAMS

Cincinnati Now Leading the Pack in National League Scramble

BEGINNING today American League followers will be ready for the great test of the season, the opening contests of a six-game series between Cleveland and New York, the last big series of the season. Heretofore, Cleveland has made little progress while contesting against New York, the games between the two clubs for the season standing to date, Cleveland seven victories, New York nine. To hope for a pennant in Cleveland, it is clear that the Indians must take all or at least lose only one of the six games and then trust that some other club will come along and defeat the Yankees at least once.

Cleveland's mathematical chance is almost too small to figure on. However, teams have been known to overcome such a lead as seven full games within two weeks and although it seems almost impossible for the Indians to do it against the Yankees, Cleveland fans are still clinging with more or less wavering confidence. The issue may be settled on the first day. Should New York win both games of the doubleheader scheduled for that day, they will practically have clinched the pennant. If Cleveland wins both, hope will run high in the Ohio city.

RESULTS YESTERDAY

NEW YORK, Sept. 15.—The greatly-coveted pennant was in complete possession of Cincinnati today with St. Louis trailing by half a game in the National League race for pennant honors.

Showing no mercy, the Reds rode rough shod over the Robins yesterday, for the fourth consecutive time and won by 5 to 1. Forced idleness prevented the Cards from an opportunity to keep abreast of the Redland ball tossers, but the Pirates weathered the pace by subduing the Giants, 3 to 0, and are two and one half games from the top. Cincinnati has 11 games to go, the Cards 12.

BIND GOLF LAURELS

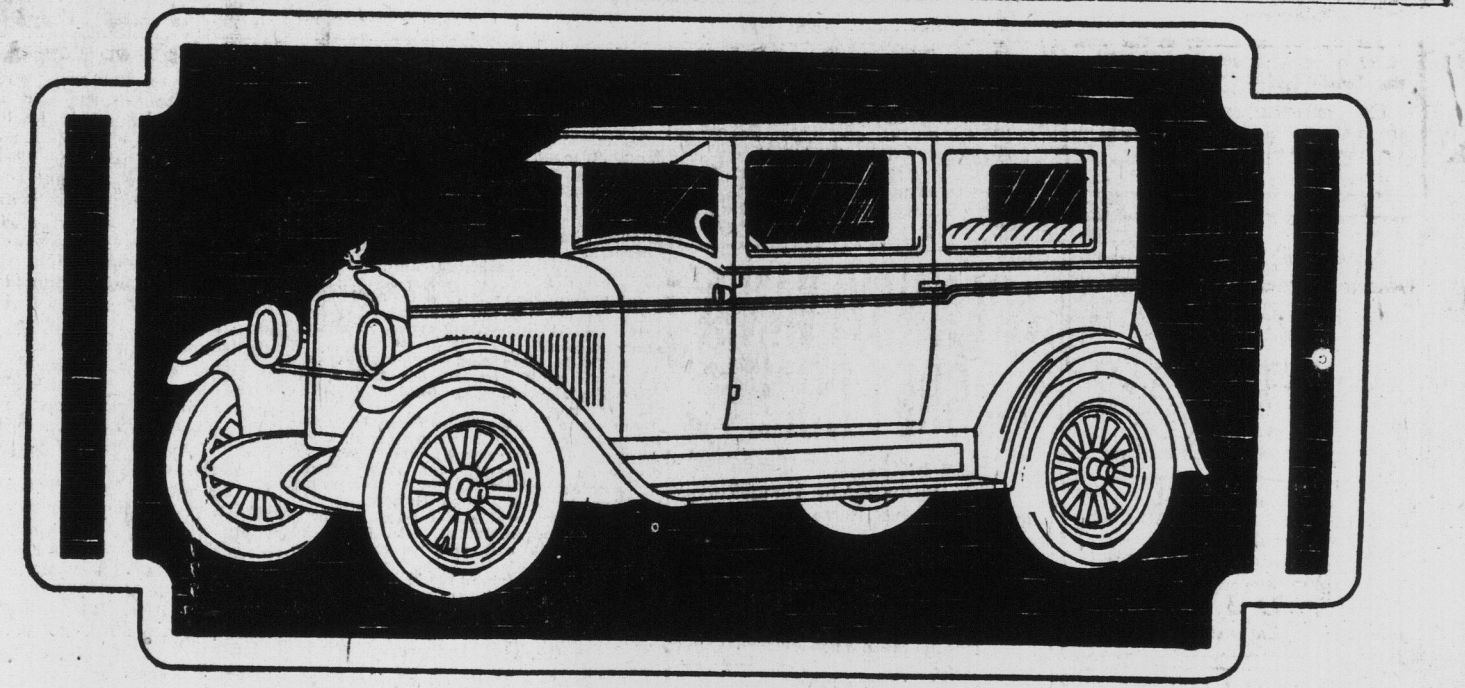

TORONTO, Sept. 15.—An unusual golf match was played here Saturday, when Harris Turner, of Saskatoon, and A. Archibald, of Victoria, B. C., who are among the blind soldier and sailor veterans of the Great War here this week as the guests of the Canadian Club at the Thornhill Club for what

was termed the "blind championship of Canada." Nine holes were played, and Mr. Turner won with a score of 84 against his opponent's 87.

GREYHOUNDS SOLD

LONDON, Sept. 15.—Three hundred greyhounds have been exported from Liverpool to New York within the

past year, and the last nine weeks they have been shipped over at the rate of thirty to forty weekly. One Liverpool breeder said today the dogs were being bought by Americans for coursing after electric hares. He declared the average value of the dogs was \$200.

Pontiac Six Has Created Its Own Field!

INTO a market already apparently divided into "classes" and "price-ranges" came Pontiac Six—a new car, a new value that swept away all barriers of "class" and "price". Pontiac Six brought quality into the "low priced six" field. It brought low price into the "quality six" field. And, to the multitude of Pontiac buyers, it brought a new combination of quality and economy that has established for Pontiac a field and a market all its own.

Search as you will the range of low-priced sizes and you will find no other car, at Pontiac price, which provides a spacious Fisher closed body finished in dashing permanent Duco colors, a large engine of 186.5 cubic inches displacement, a 46 lb. crankshaft, automatic spark control, honed cylinders and the rugged construction which has already won for the Pontiac Six its reputation for unrivalled stamina.

Pontiac's low prices are made still lower by the removal of the Canadian Excise Tax—Pontiac Six now being Canadian-built.
