## PRaises CITY AS SKATING CENTRE

James A. Taylor, Here Today, Talks of World Meet

Speaks of Willie Logan in U. S. and Refers Highly to Smythe of Moncton

James A. Taylor, of Montreal, for years a leader in Canadian amateur sporting affairs and president for a period of the Canadian Skating Association, passed through the city today en route to Halifax on business. He said he was present at the Detroit International Ice races a fortnight ago and was one of the timers.

**PRaises SAINT JOHN.**  
It was a matter of regret to this well-known skating enthusiast that he could not be present at the world's meet in Saint John. He feels that there is one place where they know how to stage a genuinely satisfactory ice event. It is in this city of champions. He was sorry the same could not be said of some of the American skating centres.

**WILLIE LOGAN CASE.**  
Speaking of the Detroit meet, Mr. Taylor said it would not be possible for him to give an opinion on the claim made by some that the world's meet was wrongly deprived of a place in one of the important events as he was holding a watch at the time, but Russell Wheeler, of Montreal, who was a lap judge, said that it was not a lie for first place Logan was surely second. The officials displaced him altogether. Willie entered no protest but simply dashed in afterwards and trooped the best prizes of the meet, the lap prizes.

**ADMIRERS SMYTHE.**  
Mr. Taylor is a stout upholder of Maritime Province claims in the field of skating. He says the U. S. or Upper Canadian can show nothing better than can be offered here and it down here was unmitigated. "I want you to watch that boy Smythe of Moncton," he says; "he's another Charlie Gorman—strong, stout-hearted, no end of speed and willing to fight for position and will not be elbowed out of position. Logan was surely second. The officials displaced him altogether. Willie entered no protest but simply dashed in afterwards and trooped the best prizes of the meet, the lap prizes."

"I do," said the reporter.  
"Well, sir," said Hiram, "they ain't a bud left on a single tree. The snow got to be higher the rabbits could reach—till they got right up the tops—'an' now the tops is covered up. You'd never know they ever was a tree there—the snow has covered up the hull grove 'an' you could snowshoe across it."  
"Hiram," said the reporter, "you tax my credulity. The accompanist of the evening were Miss T. Parise, Mrs. N. Alcorn, Mrs. E. R. Ayre and M. Beaman. After the entertainment refreshments were served by an efficient committee under convenueership of Mrs. Lawton.

## SOME SIDEWALKS CLEAR ALL WINTER

Survey of Streets Reveals Divergence of Opinion on Citizenship Duty

A survey of the sidewalks of this city during the days of heavy snow revealed to the observer a wide divergence of the opinions of the duties of citizenship. One saw spots where the walks had a ridge in the centre like an old cow's back. Then there were spots where the ice had been partly dug out and in mid weather the snow accumulated water to such an extent that one wished for rubber boots.

There were, however, a few places in the city where the sidewalks had been kept absolutely free of ice or snow been done by frequent shovelling before the snow became packed down. It had been a real labor for those who managed to do this but it was work that was appreciated by those who had been slipping and stumbling over the rough walks in other places.

"If no retribution overtakes those who do not keep their sidewalks clean properly, it would," said a citizen, "appear as if some favorable recognition should be made of those who do."
