SIMPSON'S BUILD IN HALIFAX.
A site was purchased in Halifax, by the Robert Simpson Co., Ltd., of Toronto, and contracts have already been let for the construction of a five-story fireproof mail-order building of 100 by 800 feet. The intention is to push the erection of the building, to have it ready for occupation in autumn. The site is near St. Patrick's Home, in the north end of Halifax. Halifax contractors secured the foundation contract.

A member of the 102nd Pioneer Infantry was about to embark for home. Stepping into a hut he bought a package of cigarettes. Opening it he found a letter expressing the hope that the recipient would enjoy the smokes. To his surprise the letter was signed by his own mother.

LIFT OFF CORNS WITH FINGERS

Doesn't hurt a bit and costs only few cents

Drop a little Frezzone on an aching corn, instantly that corn is hurting, then you lift it right out. Yes, magic! A tiny bottle of Frezzone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes and the calluses, without surgery or irritation. Frezzone is the sensational discovery of a Cincinnati genius.

VICE RAMPANT IN CITY OF MONTREAL

(Montreal Herald.)
An array of 119 women, including nineteen keepers, who pleaded guilty last week to being found in disorderly houses, crowded the court this morning to get their sentences from Recorder Semple. Nine keepers were given three months' hard labor without the option of a fine. The others were fined sums ranging from \$100 to \$250 and costs, and were also required to secure a bond of \$1,000 and \$2,000 real estate to keep the peace for one year or less serve six months' imprisonment.
All the inmates except one were fined \$25 and costs or one month in jail, one was fined \$100. Seven keepers were also fined \$150 and costs or three months for selling liquor.
The total fines for the morning amounted to over \$6,000.
City Asks Heavy Penalties.
All the prisoners were well represented by counsel. Nathan Gordon, prosecuting attorney in each case, pleaded for heavy sentences in the case of each housekeeper, pointing out that they were responsible for the downfall of countless maidens of the city. Records of the courts produced showing the number of times each house had been raided in the past year.
Some resorts had as many as twelve offences in one year to their credit. Leniency was asked for the girl victims who had fallen into the clutches of the keepers.
The remainder of the disorderly cases will be disposed of on Thursday when another large batch of women appear for sentences.

Six More Raids.
Six more houses were raided by Captain Saue last night, when seventeen women and six men were arrested. The men pleaded guilty before Recorder Semple today and were fined. The women were remanded for seven days.

These houses are said to have commenced business recently and when raided it was found that all were working on a small scale.

SCHOOL CHILDREN, ATTENTION, PLEASE!

THOSE WHO HAVE BEEN INSTRUCTED
IN SINGING BY MISS ROBINSON

THE MAYOR'S EXECUTIVE COMMITTEE AND LOCAL GOVERNMENT are pleased to accept the offer of Dr. A. F. Emery, chairman of the Board of School Trustees and also of Dr. H. S. Bridges, superintendent of Schools, to have a large choir of public school children sing welcoming numbers to His Royal Highness the Prince of Wales upon his arrival on this side of the ocean Aug. 15. The event will be an historic one and an extraordinary occasion for all who participate. So, all children who have been trained by Miss Robinson, vocal instructress in the schools, are asked to assemble in the High School auditorium Tuesday morning next at 10 o'clock for organization and rehearsal. Everything will be fully explained at that gathering. Children living in suburban localities for the holidays are asked to come in if at all possible. The whole city is preparing for the event with wonderful enthusiasm and it is very desirous that our school children be honored with a conspicuous part in the proceedings.

Newsprint From Philippines
The Philippines are in a position not only to supply newsprint for domestic needs, but to export large quantities of this product. According to a report just made by the Director of the Bureau of Forestry, the raw materials available, such as the bamboo and two kinds of grasses, the cogon and the tiliab, are of such good quality and can be so cheaply secured that if this industry is given careful study the islands will not need to import annually \$2,000,000 worth of paper as heretofore.
