Daily Fish Bulletin Issued by Canada Food Board.

the Canada Food Board, Pacific producers are putting up salt herring in small pails. They are procurable in this form as far east as Winnipeg. The Maritime Provinces are continuing to supply finnan haddies by the box as well as other varieties of salt and dried fish. The supply of fresh cod has suffish. The supply of fresh cod has suf-fered as a result of submarine activities but there is no danger that the market will feel the shortage, for the Pacific could be depended upon during the win-ter for frozen fish, if by any chance the Atlantic supply were to fail.

Food Board Flashes For Feminine Folk

The class in dairying which was to have been started at the Ontario Agricultural College, Guelph, in October, has been postponed, but will probably start some time in January, so that would-be dairymaids do not need to be dis-

couraged.

The Ontario government is considering the recruiting and training of girls for the cheese and butter factories. The chief dairy inspector for eastern Ontario declares that his best cheese-makness have been women. He feels strongers have been women. He feels strong-ly that the standard of cheese-making would be improved if there were at least one woman in every factory where there are two assistants.

A month's training would be sufficient, and wages vary from \$85 and board a month to \$60 and board. He claims that men and women should be able to earn the same salaries. Something like five women could be placed in contract of the same salaries.

GO TO TORONTO.

Rev. Thomas Marshall, of Fairville Methodist church, and Rev. Dr. Steel, of St. John, left last night for Toronto, where they will attend the General Missionary committee of the Methodist Church of Canada. Next week both clergymen will proceed to Hamilton (Ont.), to be present at the general convention of the Methodist church of Canada, which will be in session for two weeks. The St. John clergymen expect to be absent altogether about three weeks.

Captain d'Annunzio and Lieut. Julian Parvis of the Italian Flying Corps piloted the machine throughout the test, and they were accompanied by Captain H. Harris, an American army officer, who made observations with instruments and kept a record of the flight. The average weight of the men was about 170 pounds, so that the plane was carrying a burden of almost 3,000 pounds.

Major-Gen. J. Franklin Bell, commander of the eastern department, made an official observation of the flight, and Colonel Brant of the department of military aeronautics, was delegated by Major-Gen. William L. Kenly, in command of the department, to compile a

The Caproni plane used in the tests has been flown over New York city several times by Captain Resnati and Sergeant Gianfelice Gino, who came to this country to aid in its construction, Sergeant Gianfelice Gino, who came to this country to aid in its construction, and who were killed in flights with other planes. It is equipped with three Liberty motors of five horsepower each, and the propeller blades have a rate of 1,500 revolutions a minute. Much admiration for the performance of the motors was expressed by the Allied officers. Other tests for speed will be made within a few days.

CENTENARY IN METHODISM. Celebration of the Anniversary in To ronto Is Being Arranged for Novem

The Toronto Centre District Methodist churches are arranging to celebrate the centenary of Methodism in Toronto during the week of Nov. 17, closing with an historical pageant on Sunday, the 24th, at a great popular meeting, and in six churches identical musical programmes will be provided. Rev. A. Lloyd Smith requested the churches in the district to co-operate in a teachers' training drive, and in the boys' work conferences which are to take place this fall.

There is one sure way that never falls to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon, apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.
