### VAUDEVILLE IN "TOM" SHOW

City Cornet Band Announces Entertainment Out of Ordinary for Easter Monday and Tuesday.

With more than seventy-five people on the stage, Uncle Tom's Cabin will be given a sumptuous production at the Opera House on Easter Monday and Tuesday. Besides the ever favorite drama itself there will be a forty-five minute prologue brimful of new specialties entirely different from any seen or heard in St. John of late. Special scenery is being built for the play and every assurance is given for an unusually attractive offering.

**TABLOID MUSICAL COMEDY AT OPERA HOUSE NEXT WEEK**

Condensed versions of Forty-five Minutes from Broadway, Fifty Miles from Boston, Madam Sherry and other equally well known successes are being offered at popular prices in many of the larger cities. This tabloid musical comedy is exceedingly popular and when the New York Musical Comedy Company opens its season at the Opera House next Wednesday overflow audiences are expected. Several members of cast have previously appeared in St. John in similar capacities.

### GETS RID OF PILES AT HOME

Try This Home Treatment—Absolutely Free

No matter how long you've been suffering or how bad you think your case is, send at once for a free trial of the wonderful Pyramid Pile Remedy. Thousands afflicted as badly or worse than you trace their quick recovery to the day they began using this marvelously successful remedy.

### WHAT THE PLAYHOUSES OFFER

MID-WEEK PROGRAMME AT UNIQUE

Four different motion picture companies contribute in excellent style to the mid-week programme at the Unique theatre. The bill is an evenly balanced one and contains a moral lesson in geography, a few minutes of laughter and a study of social life in a story. The first is from the Gaumont Co., The Mountains of St. Gothard, which is the third of a series of beautiful hand-colored showing the different passages through the famous French mountains. The second is one of those wholesome Thurner dramas called The Two Sisters, showing in a forcible manner the outcome of business and industry. The third is from the Itai film factory, Hop It, which bears out the truth of the old saying, "a little nonsense now and then is relished by the best of men." The last feature is a Bellone, An American Queen, and is an interesting study of life in a royal household which impresses the fact upon the mind of the onlooker that even a queen has a will and a heart all her own, and although she may rule her domain, her heart goes where love commands. Taking everything into consideration the programme is one of the best seen at the Unique for some little time.

### MORNING LOCALS

Property owners in Princess street between Charlotte and German, and in German street between Princess and King, have filed protest at City Hall against the proposed permanent paving for those sections.

A handsome travelling bag and a valise were presented on Tuesday evening to O. E. Macquoid, chief ranger of Court La Tour, I. O. F. by M. E. Grass on behalf of the members of the court. The members of Companion Court Wygod presented to him a handsome pair of cufflinks on Monday evening. Mr. Macquoid is going west.

T. P. Charlson, of Ottawa, is in the city, and is registered at the Royal. He is here in connection with the new wharf which is being built at Lorneville. John Burns is the contractor. To The Telegraph last night Mr. Charlson said that the work at the marine depot would start in earnest as soon as they could get a sufficient supply of timber. A little work is being done at present, but nothing appreciable.

Police Magistrate Ritchie yesterday afternoon allowed five prisoners their liberty. Oscar Nelson, arrested on charge of stealing a suit of clothes and \$14.00 from a fellow woman named Greene, was allowed to go. The clothes were returned. Three prisoners charged with drunkenness were freed on suspended sentence. A fine was allowed to stand against an interdict, charged with being on licensed premises. He took the pledge.

### STONE CHURCH MUSIC

The annual special musical service at St. John's (Stone) Church for Wednesday in Holy Week was held last evening. Rev. G. A. Kuhnring conducted the service and D. Arnold Fox conducted the musical service. Miss Elizabeth Holder, contralto; C. A. Munro, tenor; Mrs. G. K. Bell, soprano, and A. G. Burnham, bass, were heard in solos and Mr. Munro and Mrs. Bell sang the duet, Love Divine. The entire service was of high musical order.

Lowell may rightfully be called "The City of Bridges," for there are fifty such structures in that city.

### WILL CONTINUE TO URGE ELECTION

The Situation in Ottawa as House Adjourns for the Easter Recess

Ottawa, March 19.—The house adjourned today until Tuesday. Premier Borden said in the naval bill. They are determined to see that their rights to free speech shall not be restricted.

The government has intimated that a closure bill would be introduced on the resumption of the house. The government intention is either to force the naval measure through by closure, or to drop it in its entirety, should the former method fail.

Liberals think that the country will not approve of the lawlessness of Speaker Sproule in trying to enforce closure nor of the government in endeavoring to put through a closure measure while the naval question is under discussion. The Liberals feel that on such a measure as this the country should have a chance to speak and they will continue to demand an election.

### The World's Smallest Engine

Weighing just four grains complete—the weight of an ordinary match—made of gold and steel, and so small that a housefly seems large in comparison, such is "Tiny Tim," the smallest engine in the world. It would take more than 100 such engines to weigh one ounce, almost 2,000 to weigh a pound, and more than 2,000,000 to weigh a ton. The engine-bore and stand are of gold. The shaft runs in hardened and ground steel bearings inserted in the gold bed. These bearings are counter-bored from the inside to form a self-collaring bearing. The flywheel has a steel centre and arms, with a gold rim, and the complete wheel weighs one grain. The cylinder is of steel, with octagonal base, highly polished.

The stroke is 1/32 of an inch, bore 1/100 of an inch. Seventeen pieces are used in the construction of the engine. The speed of the engine is 6,000 revolutions a minute. When running 100 a second no motion is visible to the eye, but it makes a noise like that of a mosquito. The power is 1/480,000 of one horsepower. Compressed air is used to run it, and it may be of interest to note that the amount required to make it hum can be borne on the eyeball without winking.—(Scottish American).

### MORNING NEWS OVER THE WIRES

In New York yesterday Dr. F. F. Friedman was besieged by a crowd of 400 women and children begging him to treat them for tuberculosis. A squad of police reserves had to be called out.

The new German war dirigible, known as "Submarine ZL," is a total wreck at Karlsruhe, Germany. She was 400 feet long and had a speed of 50 miles an hour. Yonkers, March 19.—Word was received in Toronto today that General Bramwell Booth, commander-in-chief of the Salvation Army, is coming to Canada on an extended tour and will be in Toronto the first week in November.

Peter, Ont., March 19.—With one poll to hear from, John C. Ebbs, Conservative, had a majority of 607 over David McLean, Liberal, in the contest for the vacancy in the legislature caused by the death of Hon. Colonel Matheson, who represented South Lanark for many years. Polling took place today and an exceptionally large vote was recorded.

**HOUSEHOLD HINTS**  
By immersing an ink-stained handkerchief in milk immediately after it has been stained, and allowing it to soak, the ink will invariably disappear.

When washing glass or earthenware place the articles in warm salted water. They will clean more quickly.  
Skim milk is very good and economical for cooking purposes if used before it becomes sour. If milk is turned, a small pinch of carbonate of soda put into it before boiling often prevents it from curdling. Sour milk makes delicious cakes and scones.

If you are doing white work which you particularly want to keep clean, powder your hands occasionally with fuller's earth or any other white powder. On the hottest day your fingers will not soil the work if you follow this plan.

When valuable vases are used for table decorations they should first of all be filled with sand. This makes them stand firm, and there is less chance of their being knocked over and broken.  
Doctors assert that baked potatoes are

### Silk and Net Blouses for Easter

Blouse Section, second floor.

### Value of Walking

Walking, if properly and regularly followed, would become not only a restorer of health to many who at the present time are on the road to disease, but also a source of pleasure.

Let the arms swing if you feel like it and the limbs, too; open the nostrils and fill the lungs, and the movements will send a gentle electric vibration through the entire body, the result of which is the awakening of new life. Never take the day gay, as it soon makes one tired and produces languor. A little perspiration on the homestretch may prove to be a blessing, not only in carrying off matter from the body, but in bringing an increased supply of oxygen into the blood and putting the blush of health on the cheek.

Perhaps the best time to walk is in the early morning. The air is then the most highly charged with the life-giving oxygen and the freest from dust and smoke which rises later in the day. At this time also the mind is liable to be free from worry and anxiety, hence in the best condition to drink in the blessings of freshness for us on every hand.—Health Magazine.

**YARMOUTH WEDDING.**  
Maria Bradford Potts, eldest daughter of Mrs. J. Purman Elgott, was married yesterday in Yarmouth to Douglas H. Stoneman by Rev. Dr. B. D. Bambrick. Both belong to Yarmouth. After a honeymoon trip to New York and Philadelphia they will make their home in Yarmouth. The bride was the recipient of many costly gifts of gold, silver and cutglass.

There are ten things for which no one has ever yet been sorry. These are:—For doing good to all; for speaking evil of none; for hearing before judging; for thinking before speaking; for holding an angry tongue; for being kind to the distressed; for asking pardon for all wrongs; for being patient towards everybody; for stopping the ears to a tale-bearer; for disbelieving most of the ill reports.
