SWEET FOR MICHAUD. Great Project Held up Because Sir William Van Horne Has Lost Faith in Hazen Government—Standard Lies Are Nailed

Chatham, N. B., Sept. 7.—C. T. Munroe, who operates the shingle mill of the Tully Milling Company at Ferrisville, is an ardent Conservative in favor of reciprocity.

Grand Falls, N. B., Sept. 7.—Straight from the shoulder tonight here in the locality most directly interested, came Hon. Dr. Pugsley's reply to the invitation of the St. John Standard to explain why Sir William Van Horne was not going ahead with the development of the Grand Falls water power.

The reduction of the duty on shingle will be a big benefit to the Canadian shingle business. There is no question about this. Reciprocity will keep our mill going and may enable a far larger business to be carried on.

This statement, as well as Mr. Pugsley's foreboding that there was much longer delay the federal government would begin the construction of storage dams at Grand Falls, was received with marked applause by the enthusiastic audience which gathered at the meeting.

A Newcastle despatch to the St. John Globe last night says: "The campaign in Northumberland for Mr. Logan is proceeding vigorously. There are a great number of former Conservatives supporting the projected agreement."

Dr. Pugsley also made the direct charge that Premier Hazen had undervalued the Liberal vote in the province. He also indicated a point to a sweeping victory for the Liberal vote in the province.

Mr. Hutchinson, who represented Northumberland in the local legislature, is another strong advocate of reciprocity. He declared that the Miramichi will expand enormously under the proposed arrangement.

There has been entered an element which will have the effect of increasing the normal Liberal vote in the province as well. The powerful Mr. Cormier, who has been held up by the Standard as a Conservative, is another strong advocate of reciprocity.

Col. H. J. McLean, Senator King and I. W. Carpenter addressed a large meeting of electors in the court house at Moncton last night. All three speakers dealt fully with the reciprocity question.

When Mr. Cormier comes to Victoria county, Nationalist that he is, he changes his tune and, according to the Standard, is said to be in favor of reciprocity because it will hurt the engine.

Moncton, Sept. 7.—An enthusiastic Liberal rally was held last night. G. R. Sangster presiding. Melvin Steeves, who vigorously supported Hon. Mr. Munroe's proposal, was the main attraction.

When Mr. Pugsley arrived this afternoon from St. John he was greeted at the station with music from a large band and a hearty cheer from a large crowd which had gathered.

"The greatest Imperialist in the Empire is Laurier. The Conservatives have never put an Imperial measure on our statute book. Every one of them has been placed there by the Liberals and placed there by Laurier."

Mr. Pugsley dealt with the early stages of the formation of the two companies, their merger at his suggestion, and the election of Sir William Van Horne as president.

LABOR AND RECIPROcity

At the big fielding meeting in Halifax on Saturday evening, H. J. Logan, Esq., M. P., made the following letter to the Dominion Trades Council, representing over 200,000 organized Canadian workmen:

Toronto, Aug. 30th, 1911. Dear Mr. Logan, Esq., M. P., Amherst, N. S.

You ask me where the organized workers stand on the question of reciprocity. They themselves have already answered that in their annual conventions. They are undoubtedly for it, because it means upon the fact that has been imposed upon the whole people for the benefit of a few, and the workers are always over thirty Boards of Conciliation.

"Things Never Looked Better" Says Popular City and County Candidate

GAIN MANY FRIENDS

Opposition Campaign Sends Supporters to Liberals—George Anderson of Musquash, Conservative Will Vote for Lowell—Meetings This Week and Next

St. John, Sept. 7.—The Liberal candidates have been friendly to the city and county, expressed the utmost confidence in the results of the campaign. "Things never looked better," he said. This is no idle boast, but the opinion of an experienced campaigner, who has fought and won many battles and, therefore, is able to judge as to the trend of feeling. Willfully and conscientiously every effort must be put forth to combat vicious appeals being made to arouse prejudices of every description, and to meet the desperate tactics of the Conservatives in their mad hope of getting a snap verdict. Mr. Logan feels confident that he and the Minister of Public Works will receive the endorsement of the electorate on Sept. 21.

The Liberal candidates are receiving encouragement and support on every hand, not alone from the great party for whom they are the standard bearers, but from scores of Conservatives who refuse to be misled by the cheap and foolish talk of the Standard and the Tory candidates. The style of campaign being carried on by the opposition resulting in the decision of many hitherto undecided, to support the Minister of Public Works and Mr. Lowell. These, too, as the contest progresses, and the enormous work being carried on, and projected, that are to make St. John a great city, are more fully comprehended, there is an expressed intention to vote for the party that has been friendly to the city.

Many who in the earlier stages of the campaign were carried away for a brief time with the glitter of extreme partisanship are calmly sitting up the situation and, within the last week have announced that the best interests of this city necessitate the election of Hon. William Pugsley and James Lowell. The absence of any party on previous occasions and who are now out for reciprocity and a greater St. John. Therefore with prominent men of the Tory party outspoken for it, and scores of its workers taking off their coats in the interest of the Liberal candidates, it is but one indication that the Liberal candidates will meet with a magnificent victory on the 21st.

The following is the programme of Liberal meetings for tonight:

In the Temperance Hall, Fairville, the speakers will be A. B. Copp, M. P., J. A. Sackville, Dr. L. M. Curran and others. At King's hall, St. John, the speakers will be James Lowell, F. G. Knowlton, W. J. Mahoney and Wm. Magee.

At Lechmond on Saturday evening, the speakers will be H. J. Logan, Esq., M. P., J. A. Sackville, Dr. L. M. Curran and others. At King's hall, St. John, the speakers will be James Lowell, F. G. Knowlton, W. J. Mahoney and Wm. Magee.

Owing to the fact that the Tabernacle Hall, Haymarket Square, is being used as a temporary meeting tonight, the Liberal meeting advertised to take place there has been postponed.

An announcement made by George Anderson, a life-long Conservative, that he intended to cast his first Liberal vote at this election was one of many striking features which marked a Liberal meeting held in Dean's Hall, Musquash, last evening. James Lowell, the candidate, Dr. J. A. Sackville, W. J. Mahoney and W. B. Wallace were the speakers at the meeting. Mr. Anderson made a stirring address in which he held that the policy which was good enough for all the great states of Canada, was good enough for him. Since reciprocity was the issue, he said, he meant to lay down party ties and vote for what he considered the best interests of the country in general and the farmers in particular. For the first time in his life he was going to vote the Liberal ticket, cheering and cries of "what is the matter with Lowell! He's all right!"

All the speakers carried their remarks to the great issue of reciprocity. Mr. Wallace, the first speaker, was accorded a warm reception and in his denunciation of the disloyalty cry he was cheered again and again.

Continuing his remarks to the advantage which the farmers will derive from the endorsement of the trade agreement, Mr. Lowell made an able speech. His reception was such as to leave no doubt that Musquash will support him on September 21. Mr. Mahoney and Dr. Wallace, as on their previous appearance before the public, made fighting speeches, pointing out the merits of the trade agreement and denouncing the loss tactics which the Conservatives are resorting to.

The best answer to the Tory assertion that the New Brunswick farmer does not take advantage of his opportunities is found in Aroostook Co., Maine. The 17 Brunswick farmers who have there and got access to the market at once began to reap money, and today they travel automobiles. Give our farmers home the same chance and what then grow.
