Remarkable Remedy

A.I.C. Cures Another

The remedy discovered at far Labrador, has given relief to many a sufferer, hundreds testifying of this great remedy. Another gives her testimonial that couldn't eat a halt meal.

St. John's, Oct. 12th, 1914. "I have been troubled with indigestion for a number of years. In fact I have been so bad I couldn't eat half a meal of anything. A friend advised me to try A.I.C., a half-pint bottle cured me. I couldn't believe I could be cured in such a short time. I have felt indigestion for this month. I recommend this medicine to all sufferers from indigestion, you are at liberty to use my name, and anyone not believing this statement can write or consult me personally."

Lady Davidson's Visit

Just as soon as the word was received that help was needed for our soldiers on the battlefield, the women of Bay Roberts east and west, Coley's Point, Shearstown and Country Road met together and formed an Association to work for the Empire. Mrs. (Dr.) Richards was chosen as their leader, and with her noble band of workers has since done a large amount of work, as results have proven.

On Saturday, Nov. 14th, these women were honored and encouraged by a visit from Her Excellency Lady Davidson. Although it was on a usually busy day and very little notice being given, quite a number of our women gathered to hear the inspiring words from the lips of a worker of the highest type.

Lady Davidson told us she loved the soldiers and worked in them. She had been brought up in a soldier's home, and now receives letters from brothers at the front, one of whom was wounded about three weeks ago. Theresa told us of the march of the Germans to try and capture five experts on the French coast so they could place troops there to invade England when convenient, but they were so far repulsed and driven back from most of the places.

She then came to the point where she showed us some of the comforts she had made for those in the trenches who are fighting for us, viz: jackets, helmets, mufflers, belts, mitts and other things that were needed so badly. After speaking for an hour on how to work, etc. the mothers who were present then had some of the war work presented to Her Excellency. Very kindly were the words spoken to those mothers. She felt for them, this being the first time they had been called upon to give up their loved ones for the cause of the Empire. She said she looked upon it as an honor to have someone who could go, especially as the Cause was a just one, and congratulated those mothers and asked them to be brave.

The President, Mrs. Richards, thanked Lady Davidson on behalf of the Women's Patriotic Association for her inspiring and very helpful words, after which the audience rose and sang "God Save the King." Lady Davidson shook hands with all as they passed out, everyone feeling the hour was well spent.

LOST

Entertainment In

C. of E. Academy

To day there is a great need of connecting school life with that of the home. If it were so, many of the difficulties which beset both scholars and teachers would be drawn aside. The school is the home of the children for the greater part of the working day. The visits made by the parents to a school are few. Hence the lack of interest in educational matters.

With the aim of linking up the school with the home, a review in the form of an Entertainment will be held in the C. of E. Academy on Friday afternoon, Nov. 27. It will be chiefly patriotic. All parents and friends are cordially invited. It commences at three o'clock and will last for an hour.

Port de Grave Notes

On Friday night, Nov. 13th, 1914, a meeting of the ladies of Port de Grave was held in the S. U. F. Hall, and presided over by George Dawe, J.P., for the purpose of forming a branch of the Women's Patriotic Association. Addresses were given by the Revs. F. Serep and Jackson on the 'Causes of the War, the Progress of the Allies and how women can help towards the comfort of the soldiers at the front, after which it was decided to form a branch of the above association and to join in the efforts which are being made by the women of the Empire to provide comfort for the soldiers and sailors who are fighting for the defense and the honor of the Empire. The election of officers took place, which resulted as follows:

Mrs. Harold Andrews, President; Miss E. M. Snow, 1st Vice-President; Mrs. Thomas Patten, 2nd Vice-President; Miss B. Gushue, Secretary; Miss J. Budden, Treasurer.

After discussing details and appointing collectors, the meeting was brought to a close by the singing of the National Anthem.

Port de Grave is well represented in the Royal Naval Reserve, having sent on the 'Franconia' Albert Porter, Herbert Dawe, William G. Morgan, Robert Morgan, Arthur Morgan, William Chas. Dawe, William Henry Dawe, Samuel G. Dawe, George Henry Tucker, John Charles Tucker, Albert Andrews, Eric Taylor, Kenneth Tucker, Jacob Bussay, William Bussay, Nathan Mugford, Jacob Dawe of Esau, who was a former roverist but has been for some years residing in Canada, responded to the call when the war broke out and is now serving on H. M. S. 'Charlydis', and Maxwell Andrews, who is now in training on H. M. S. 'Calypso'.

A number of our men are still fishing when the weather is not too stormy, but of late stormy weather has prevented operations and consequently very little has been done the past few weeks. As our fishermen do not give up until the frost and snow prevent their getting out, they still hope to make a successful end to their fishing season, if bait can be procured.

REID NEWFOUNDLAND

Company.

The 'Wonder' Marine Engine

is certainly making a name for itself. Hundreds of Testimonials. Mr. R. Colbourne of Griquet says:—

"The 5 H. P. Engine you sent me is turning out the best that I have seen yet. So far as I can learn she is the swiftest engine on this Shore."

These "Wonderful Engines" are much more compact and lighter in weight than any other of a similar capacity.

Valves, Gear Wheels, Cams, Tumbling Rods and Springs are done away with in the construction of the WONDER engine, thus greatly reducing the wearing parts below that of any other make.

It Starts on Gasoline and runs on Kerosene. Why not get catalogue from our Water St. Stores Dept.

FISHERY GEAR.

WE ARE MANUFACTURERS of the GILL NETS, used by Messrs Jobe, Brothers & Co. in the Straits this year. They have been successful at a time when traps had partially failed. We make them in all sizes to order.

WE ARE MANUFACTURERS of COTTON DRIFT NETS, such as are used in the North Sea Herring Fishery. As the catch of Herring will be interfered with during the war, a good opportunity occurs for use of these Nets in Newfoundland.

WE ARE MANUFACTURERS of the celebrated STANDARD brand of Herring Nets, which is universally acknowledged to be the very best Net on the market. We are now making the CREMONT brand Herring Net, which is the best and strongest low-priced Net made. It is mounted just the same as the Standard Net, and it is barked for preservation, not merely dyed like other cheap Nets.

WE ARE MANUFACTURERS of SQUID TRAPS, which are now legal. We make them in any size required, to order.

We manufacture TARKED COTTON LINES, all sizes, for Bankers use; strong, durable and easily handled.

We make COD TRAPS, COD SEINES, CAPLIN SEINES, etc., to order, in all sizes.

All the above fishery gear we can strongly recommend, and we would urge our fishermen to patronize articles of home manufacture, in order to give employment, which is so much needed this year.
