
of the discoveries and improvements which are so rapidly succeeding each other in this progressive age.

CLINICAL LECTURES.

We give a cordial invitation to all the dental practitioners in Canada to aid us in the cause of education, and we trust that a good number will kindly respond; or if not convenient to attend personally, any contributions through the post will be most gratefully received. We wish also to establish a Museum, and we would feel greatly obliged for any contributions of this character.

TEXT BOOKS.

Horre's Principles and Practice of Dental Surgery.

Toft's Operative Dentistry.

Tome's Dental Physiology.

Bond's Dental Medicine.
