completed, when we may explore the added area and possess the added inten sity and the stellar revelations come nearer to us, and when, beyond that telescopic achievement, come others in the coming century with still farther and keener sight, we may be able to grasp but a little of the coming significance claim damages against the government | that may be unfolded.

The world is yet young in stellar science. It is not old in any kind of science. It is only in the dawn of the significance of knowledge and of making its practical application. We are yet befor the sunrise, only in the twilight, and just behind us is the night. We are still so near our congeneric savagery that the harbarous imprints confront us everywhere; the civilizing telescope, even with ourselves, is almost as nothing in the interest bestowed on some new deathdealing device, and our greatest honors we bestow on those who are conspicuous "During the second year we were per-

in the destruction of their fellows.

## RICH ACTORS.

Some of Those Who Have Made Money and Saved It.

Every once in a white a newspaper is that it was the government itself who paragraph goes the rounds announcing that M. Coquelin is the richest living actor, and that Mr. Irving comes next in the list of wealthy histrions. It i probable that Coquelin is rich, but Irvcourse we killed these seven thousand ing is by no means so. Coquelin is rich for the very reason that Irving is not. ernment and under its direction. They "Irving lavishes his money upon his art. were not killed under the terms of the His productions are magnificent extrava-'contract, but the contract was abrogated gances. Coquelin never puts a penny entirely while the modus vivendi yas in into scenery or into costumes. Irving operation, hence our loss was considera-ble. We have refused to pay the rental on several occasions he has been compellof \$60,000 a year, because, as we hold, ed to come to America to rehabilitate his the contract has been invalidated by the fortunes. We question whether he has government. The seven thousand five now in bank a sum of money equal to hundred seals slain for food were as that which Edward S. Willard has pick nothing to our company. We had a ed up by diligent attention to business

It is probable that Rossi is the richest right was denied us the contract with actor in Europe; he has an immense for tune, lives in a palace and is served like a potentate. It is understood that 'I om-

aso Salvini has great wealth. The tendency is to over-estimate the wealth of those presumably rich, but it is likely that Miss Lotta has a very large proper
