C.P.R. DECLARES THAT  
THE STRIKE IS ENDED  
Sufficient Men Engaged to Fill  
Strikers' Places  
Those Out of Work in Montreal Booming  
Restless—Explanations Offered of  
Yesterday's Trouble.

MONTREAL, Aug. 25.—There was a serious clash yesterday between the strikers and the strikebreakers. The latter were on a seven coach special train going from the shops to their homes when the strikers to the number of two hundred stoned the train. It was at the corner of Frontenac street that the train slowed up to let off two or three men who lived near there. As they appeared on the platform, they received a volley of stone and two of them went down and did not move again. They were carried to the grocery store at the corner and a doctor summoned. They were painfully cut but there was no serious injury and they are at work this morning. The chief damage was done to the cars, for the Police Captain Bellefleur was on the train but made no arrests and there were no other police at the time. Today again there were a large number of applications for positions including a dozen strikers who were taken on. The men are beginning to get restive in the face of the steady filling of their places and are demanding that the strike committee do something. There is, however, no move on either side towards a settlement as both say that to move first means a back-down. C. P. R. say that the strike is over as far as it is concerned. That the strikers are becoming dispirited was shown yesterday when several of the pickets refused to go on duty. The committee docked them and they did not wait any more carpenters. The strike committee today issued a statement that the attack on the strikebreakers last night was not made by them but that a strikebreaker shook a stick from the train and tried to hit one of their men, who hit back. Then a lot of looters who were near, but were not strikers, took a hand in the fight. The police announce that the names of a number who threw stones are known, and that there will be a couple of dozen arrests today.

THREATEN TROUBLE FOR  
EMPLOYERS OF BLACK LABOR  
SPRINGFIELD, Ill., Aug. 25.—Employers of negro labor in Springfield are being threatened by a flood of anonymous letters, which has been growing in volume daily since the race riots. For the first few days it was thought the letters were the work of boys or irresponsible individuals, but yesterday the condition of affairs was found to justify an investigation by Governor Densen. A delegation of negroes visited the governor and promised to co-operate with the law abiding whites in investigating the letters. The seventh regiment will leave for Chicago tomorrow if present conditions continue.

NEW YORK'S LEGLESS  
NEWSBOY A SUICIDE  
NEW YORK, Aug. 25.—Clifford Savage, the legless newsboy of Brown street and Fifth avenue, was found among his newsboys at the "Flying Dutchman," committed suicide here today by inhaling illuminating gas in his home on the east side. His wife found him dead. Savage sold newspapers from a go cart, which was propelled by a pair of trained dogs.

THE TENNIS CHAMPS.  
NEWPORT, R. I., Aug. 5.—Four of the leading tennis players of the country were drawn for the semi-finals in the all-comers tournament for the National Championship at the Casino today and the best sport of the year was sufficient to attract an unusually large crowd. The two semi-final matches had paired. B. Alexander, of New York, against W. J. Cholier, of Philadelphia, and Nathaniel Emerson, of Chicago, and Beals C. Wright, of Boston.

UGHT TO BE UNKNOWN.  
(Woodstock Sentinel Review).  
Through the medium of the fall falls the battle against tuberculosis is to be carried on education by means of recreation and in a manner which strips the work of all ideas of earning in the narrow sense is always the most effective. May all success attend the scheme. In this country tuberculosis ought to be unknown.  
The weather was ideal. Mr. Keith, in his speech of acceptance, "The people rule." He deprecated what he claimed is excessive power in the hands of the speaker of the house of representatives and denied that the people have ruled, because, he said, their will had not been given effect.

DR. JACOB GOULD SCHURMAN TALKS TO

Tatt's Election Conceded, But the Campaign is  
the Quietest on Record --- How Roosevelt's  
Activity Has Raised the National Standard  
of Morality --- The Influence of Politics on  
Labor.

Dr. Jacob Gould Schurman, president of Cornell University, was in the city for a few hours yesterday, returning to Ithaca, N. Y., after a brief visit to his former home in P. E. Island. Dr. Schurman is not the style of man who favors newspaper interviews, and preferred not making any statement, yet in the course of conversation he briefly expressed his ideas on various subjects of interest. Dr. Schurman keeps in touch with the political situation not in the United States alone, but in other countries as well, and is always seeking knowledge of men and things. Today again there were a large number of applications for positions including a dozen strikers who were taken on. The men are beginning to get restive in the face of the steady filling of their places and are demanding that the strike committee do something. There is, however, no move on either side towards a settlement as both say that to move first means a back-down. C. P. R. say that the strike is over as far as it is concerned. WOLFVILLE WILL ESTABLISH  
FULL THEOLOGICAL COURSE  
Report Adopted This Morning Will Lead to Establishment of  
a Course Qualifying Students for Degree of B Th—  
Field Secretary for University—Report of Historical  
Committee Turned Down

Another important session of the Maritime Convulsion was held in Georgetown this morning. The leading feature of the morning was the adoption of a report which will lead to the establishment of a full theological course at Wolfville leading to the degree of Bachelor of Theology. The report of the historical society which was presented was only partially adopted, the convention refusing to receive in complaint that several sections were not ending in their records and that no receipted receipts were provided for the archives and the recommendation that this should be done. The report of the Laymen's Missionary Movement laid out a general scheme for re-organization and the promotion of the work. They urged that a standard of giving be put at an average of \$4.00 per annum per member. In the supplementary report of the Board of Governors of Acadia University the Board recommended (1st) that another professor for the theological department be secured and (2nd) that as soon as the contributions for educational become \$100 greater than at present this amount be donated to establish a complete theological course at the university. After a discussion lasting over two hours the report with its recommendations was adopted. It was decided to appoint a field secretary to canvass for funds and students for the university. HIS. The report of the Historical Society was submitted by the secretary-treasurer, J. W. Brown, and read by Rev. A. Chipman. The first section of the report deploring the fact that complete records had not been received from some of the sections and that no fireproof vault was being provided in the new science building at Wolfville for preservation of the records, was on motion struck out. The last section recommending that a theological matter should be forwarded to the secretary and that contributions should be given was adopted. LAYMEN'S MOVEMENT. The report of the Laymen's Missionary Committee was submitted by T. S. Simms. They recommended that the existing committee act as the convention committee with power to add to their number and to arrange such plans as may be necessary to carry into effect the movement throughout the convention field. The committee recommended the appointment of a central executive in St. John; that in the enlargement of the committee, representative business men be selected; that a stenographer be employed to attend to the correspondence; that steps be taken to organize first in the larger centres and subsequently in every church; that a standard of giving \$4.00 per annum per member be kept before the church; that a small committee be appointed in each church to assist the work. The report concluded with urging the men to push the movement in every locality. (Continued on Page Seven.)

MASONIC GRAND  
LODGE IN SESSION  
Annual Gathering Commenced  
Business This Afternoon  
Reports From Officers Show Condition  
of Order to be Very  
Satisfactory.

The forty-first annual gathering of the Grand Lodge of Free Masons, of New Brunswick, met this afternoon, at 2:30 in the Masonic Hall, with Grand Master J. D. Chipman in the chair. The reports of the Grand Master, the Grand Secretary, the Grand Treasurer and the Board of General Purposes were received and referred to the proper committees. As far as is known there is no important business to come before the meeting. The election of officers will take place this evening. The following is a summary of some of the reports presented: GRAND MASTER. Col. J. D. Chipman in his address expressed deep gratitude for the exercises and blessings of the past twelve months and extended a cordial welcome to those present. He reported that peace and harmony reigned in the Order and that increased prosperity and interest have been noticeable. He submitted the names of the brethren who have died during the past year, who are: John McKenna, Woodstock, 8 Oct. 1907; William Dickson, Foster, St. John, Nov. 28, 1907; Charles E. Jones, Keswick, York Co., 28 Nov., 1907; John D. Short, St. John, 24 Dec., 1907; Arthur I. Trueman, St. John; Fred W. Thomson, St. John, 3 April, 1908; Dr. J. H. Seammell, St. John; Geo. M. Jarvis, Moncton, 3 June, 1908. The Grand Master paid an especial tribute to the last Past Grand Master, A. I. Trueman. Referring to his visitations Mr. Chipman said that he had visited thirteen lodges and opened a new lodge at Eglarville. He recommended that the Grand Master warn the members of the existence of clandestine lodges in Boston and urged care in admitting visitors. He recommended that the Grand Master provide instruction to private lodges.

ALL SYDNEY DRUG STORES  
WERE CLOSED ON SUNDAY  
Load's Day Alliance Was Too Busy to  
Sult the People—Help for  
Famine Sufferers  
SYDNEY, N. S., Aug. 25.—Dr. A. S. Kendall, M. P., has issued a writ against the Sydney Post for libel, claiming \$25,000 damages. The action arose out of the publication of some correspondence charging Dr. Kendall with accepting a "compensation" for assisting in the Maritime election in 1904. The Post will defend the action. As a result of the action of the Lord's Day Alliance the drug stores of the city were closed all day Sunday. This caused great inconvenience to all those who needed drugs, particularly physicians, who at a largely attended meeting last night, protested strongly against the action of the druggists in closing their stores on Sunday. There will be a joint meeting of physicians and druggists this evening and the matter will no doubt be satisfactorily adjusted.

CONFESSED TO BRUTAL  
MURDER OF OLD MAN  
Killed Him With an Axe Because His  
Victim's Groaning Disturbed Him  
During the Night.  
CHICAGO, Aug. 25.—Frank Bryant, 23 years old, was arrested in Chicago yesterday and confessed he murdered Thomas Brady, an aged clerk, Sunday night in Springfield, Ill. Bryant and Brady slept in the store of George L. Forsyth. Bryant said he drank a pint of whiskey after he went to bed and as a result could not go to sleep. After tossing for hours Bryant went into Brady's room, he says, and heard the old man groaning and moaning. "I was not feeling good," said Bryant last night, "and told him to shut up. He muttered something and kept on groaning. Then I grabbed an axe lying on the floor and hit him on the head."

LITTLE HOPE OF PEACEFUL  
SETTLEMENT WITH CASTRO  
THE HAGUE, Aug. 5.—The Netherlands Govt. today received an unofficial copy of the second note sent to it by Jose de Jesus Paul, the Foreign Minister of Venezuela in connection with the difficulty which has arisen in the West Indies between the two states. The original document has not yet come to hand. The cabinet met this morning and considered the note at length. The general tenor of the note does not give the Netherlands Government much encouragement to persevere in its attempts to reach a peaceful settlement with Venezuela.
