"Near Bapaume an English biplane was compelled to descend. Its occupants were taken prisoners.

"Eastern and Balkan theatres. There is nothing to report."

Paris, Feb. 6.—French artillery subjected the German trenches in the region of Matsons De Champagne to a destructive fire yesterday, says the official statement, issued this afternoon by the war office. The statement also recounts the bringing down in flames of a German aeroplane after an engagement with a French biplane.

The text of the announcement follows:

"There was feeble artillery activity in the course of the night."

"In the Champagne towards the end of yesterday we carried out some destructive fire on the enemy's trenches in the region of Matsons De Champagne."

"To the south of Peronne one of our biplanes yesterday attacked an enemy machine, which fell in flames."

Paris, Feb. 6, via London.—The following official communication was issued by the war office tonight:

"In Belgium our artillery, in concert with the British artillery carried out destructive fires on the German trenches in front of Bapaume. To the east of the same region two enemy batteries were silenced by our heavy artillery."

"To the east of Soissons we cannonaded the hostile works on the plateau of Chassemy."

"It is learned from new reports that the bombardment carried out yesterday in Champagne on the enemy fortifications on the plateau of Navarin has given excellent results. The trenches shelled were seriously wrecked, and several munitions depots were blown up. In addition, our projectiles having demolished reservoirs of fuel-fueling gas, gas waves spread out which the wind drove back on the enemy lines."

## CHEERY LETTER FROM GORDON M. MORRELL ONLY FEW DAYS AGO

Kings County boy gives life on field of battle—Expected to go to England on furlough soon.

PRIVATE GORDON MORRELL.

Mrs. Alvin Morrell, of Kings County, received word from her son Private Gordon M. Morrell, of the 28th Battalion, was killed on the 22nd of January, 1916. No particulars were sent. He had been employed with Jones Bros., of Annapolis for two years, and was twenty-two years of age.

Profound sorrow was expressed on every countenance of the many friends of Gordon M. Morrell in Annapolis, when the startling news came on Thursday that he had been killed in Belgium while fighting for his countrymen.

Private Gordon M. Morrell was 22 years of age, was the son of Mrs. Christian Morrell, of Parish of Kings, Bellefleur Bay, and is survived by his mother and one sister, Miss Lena Morrell. Though not a native of this place, he had been a valued employee with the firm of Jones Bros. here for nearly two years, and during that time had made many friends with whom he was very popular, both in business and social life, and one whose name suggested honor from every standpoint. He enlisted with the 28th Battalion, and was often a visitor with friends here, during leaves of absence when his company was training in St. John.

On Tuesday of this week one of his friends, Herbert Wright, who is with the 104th, received a bright, cheery letter from him. In it he expressed the desire that he would be fortunate enough to return to relate his adventures which was more satisfactory than writing.

As yet no particulars of his death have been received, save that he was not previously wounded. From the time of enlistment he has been in friendly with his friend Lance Corporal Harley Wright of this place, and they were about to have a two days' leave, to take a trip to England.

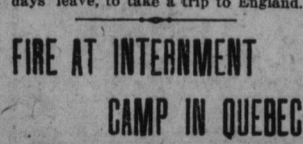

**FIRE AT INTERNMENT CAMP IN QUEBEC**

Special to The Standard.

Fredericton, Feb. 6.—John G. Adams, who for many years has carried on business here as a funeral director, suffered a paralytic stroke on Saturday evening and is in a critical condition at his home here.

Word has been received here that the headquarters building at Spirit Lake, Quebec, was burned to the ground last week. Fire was discovered about 2 o'clock in the morning and smoke resulting was so dense that it was impossible to fight it. The blaze was discovered by one of the orderlies and the building was completely destroyed in about twenty-five minutes.

The cause of the fire is at present unknown, but officers in charge of the camp place no blame on interned Austrians, there being about 1,500 of them in camp. Word of the fire was received here by Mrs. Dawes Gilmour, whose husband Capt. Gilmour is one of the officers in charge of the camp.

Production of the attestation paper shall be deemed to be sufficient proof that the accused was duly enlisted, and a written statement from the adjutant-general's branch that he was absent without leave shall, without other evidence, be deemed to be sufficient proof.

The new regulation is passed so as to obviate the difficulty hitherto experienced of producing witnesses to legally prove desertion under the old regulations. This difficulty was especially experienced in cases where the other members of the corps had gone overseas.

**BERLIN IS HORRIFIED FOR LT. CODERRE**

German press indignant because British trawler did not risk treachery and save crew of crippled Zeppelin.

London, Feb. 5.—According to Berlin telegrams transmitted by Reuters' correspondent at Amsterdam the attitude of the crew of the trawler King Stephen toward the crew of the wrecked Zeppelin L-19 has raised a storm of indignation in the Berlin press which describes the case as a worthy counterpart of the Barons incident.

"This fresh infamous action," says the Lokal Anzeiger, "discloses the brutality of the British character, which we barbarians did not know."

The Vossische Zeitung says: "Every one who has still preserved an impartial judgment will agree that the King Stephen affair is a stain on the shield of Britannia."

At an inquest, held in December, on the body of Sgt. Ozanne, Coderre's victim, a peculiar omen was noted. Coderre sat in the courtroom directly under a stout rope used to adjust the roof windows, and its sinister suggestion, as it swung above the suspect, was so noticeable that the official hastily ordered its removal.

The prisoner was stripped of his uniform recently, at the same time signing his resignation from the service in court he wore hospital garb, having been sent to the hospital for asthma.

Sgt. Martin, formerly of the mechanical department of the Montreal city hall, who was subjected to a warm cross-examination at the trial, has left the city and is returning to Montreal.

**DOORCHESTER MAN HAS HEAVY LOSS BY FIRE**

Barn owned by W. Frank Tait destroyed, together with valuable contents.

Special to The Standard.

Dorchester, N. B., Feb. 6.—Fire broke out about seven o'clock tonight in a barn the property of W. Frank Tait on the Cherry Burton Road. The first to arrive on the scene was Asa Milton, who claims that the barn was a scorching furnace and that it was impossible to save any of the valuable collection of farming implements stored there for the winter. The barn, which was a new and valuable structure, contained 15 tons of hay and about 100 bags of fertilizer and a full complement of modern farm machinery. The loss is estimated at \$1,500 with only \$200 insurance. Mr. Tait, the proprietor, is convinced that the fire was of incendiary origin. The house, which adjoins the barn, is considered in no immediate danger, unless high winds should spring up.

**NEW LAW FOR DEALING WITH DESERTERS**

Ottawa, Feb. 6. (Via leased wire).—An order-in-council has been passed, providing for a more speedy conviction of deserters from the overseas forces. It is provided that every man of the active militia of Canada, or of the Canadian overseas expeditionary force who absents himself from his corps while it is on active service, without the leave of the commanding officer, shall be guilty of an offence under the criminal code. On conviction the offender may be imprisoned for two years, with or without hard labor.

Production of the attestation paper shall be deemed to be sufficient proof that the accused was duly enlisted, and a written statement from the adjutant-general's branch that he was absent without leave shall, without other evidence, be deemed to be sufficient proof.

**DEATH PENALTY FOR LT. CODERRE**

Extreme punishment of law for officer of 41st Canadian Battalion charged with murder of Sergeant.

London, Feb. 5.—Lt. Georges Coderre, of the Canadian Expeditionary Force, was sentenced to death today at Winchester on the charge of having murdered Sgt. Ozanne, of his regiment.

Will Try For Reprieve

London, Feb. 6.—(Montreal Gazette cable).—Immediate steps will be taken in the endeavor to obtain a reprieve for ex-Lt. Coderre, of the 41st Battalion. The jury's verdict of guilty in the trial for murder came as a surprise to the lawyers and witnesses for the defence who state that the judge's summing up, although impartial, left room for a verdict in accordance with the lines taken by the defence. Col. Rieux, of Sherbrooke, will confer tomorrow with Sir Charles Russell, counsel for the defence, regarding the preparation of the petition for a reprieve.

Lt. Coderre's wife was not present in the court room at the trial, being ill in London.

The breaking of the news of the verdict on Saturday threw her into a state of hysteria.

At an inquest, held in December, on the body of Sgt. Ozanne, Coderre's victim, a peculiar omen was noted. Coderre sat in the courtroom directly under a stout rope used to adjust the roof windows, and its sinister suggestion, as it swung above the suspect, was so noticeable that the official hastily ordered its removal.

**HUNS HAVE KILLED CHIVALRY IN WARFARE, SAYS BISHOP OF LONDON**

London, Feb. 6.—The Bishop of London, the Right Rev. Arthur Winnington Ingram, speaking at Stoke Newington last night said:

"One of the saddest men in England must be the skipper of the trawler which came upon the sinking Zeppelin in the North Sea. The skipper would have liked to rescue the men, though they were enemies, but was unable to trust the Germans' word. Had he taken the Germans on his ship they might have attacked the crew and the whole German press would have applauded the action as a clever piece of strategy."

"Therefore, we ought to stand by the skipper. The Germans have killed chivalry in warfare."

Elverdinghe Again Shelled.

London, Feb. 6.—The British official statement on the campaign in the west issued tonight is as follows:

"The enemy artillery has been active today north and south of La Bassee Canal. Our artillery shelled the enemy trenches between the Ancre and Somme rivers."

"Hostile aircraft have shown some activity about Ypres. Elverdinghe was again shelled."

## REVENUE FOR JANUARY SHOWS BIG INCREASE

\$8,000,000 more than for same month last year—Deficit between Revenue and Domestic Expenditure cut in halves by revenue from War Taxes.

Ottawa, Feb. 6. (via leased wire).—The net debt of Canada at the end of January totalled \$537,488,999, an increase of \$12,344,980 during the month of January, and of \$132,110,983 during the twelve months.

War expenditure for the month of January is given in the monthly financial statement as \$12,237,788, and for the ten months of the current fiscal year, \$127,868,638.

Revenue for January totalled \$17,532,000, an increase of nearly eight millions as compared with January of last year. Of this increase, a little over five millions comes from customs receipts. For the ten months of the current fiscal year, the total revenue has amounted to \$139,550,000, an increase of a little over thirty millions, as compared with the corresponding

ten months of 1914-15. According to present indications, the total revenue for the fiscal year should run between 165 and 170 million dollars, or about forty million dollars more than last year. Total expenditure on revenue account for the ordinary expenses of administration will probably run up to about 145, or 150 millions or a little over ten millions less than last year.

Capital expenditure, apart from the war, will probably reach in the neighborhood of forty million dollars. The deficit between the total revenue and total domestic expenditure, which last year amounted to 55 million dollars, this year will be only about half that amount. The decrease of the deficit represents approximately the revenue from the war taxes imposed last session.

**POLICE GUARD NEW YORK'S SUBWAYS**

Reported that plot to dynamite underground railway had been uncovered, but not confirmed.

New York, Feb. 6.—A general police order, issued last night, assigning patrolmen to all stations of the subway system and to the Hudson terminal building, led to reports that threats had been made to dynamite the New York's underground railroads, but no confirmation was obtainable of the assertion that a plot had been uncovered.

Frank H. Hedley, vice-president and general manager of the Interborough Rapid Transit Company, declared at his home at Yonkers that he had heard of no threats, and that he had made no request for police protection.

Patrolmen were stationed at eleven o'clock not only at all subway stations, but at all stations of the elevated lines and the steam roads. Police officials were reluctant to discuss the order sending out the men.

**DOCTOR'S WIFE IS ACQUITTED**

Jury frees Mrs. Mohr of charge of instigating husband's murder.

Providence, R. I., Feb. 6.—Mrs. Elizabeth F. Mohr was acquitted last night by a jury in the Superior Court of a charge of having instigated the murder of her husband, Dr. C. Franklin Mohr.

C. Victor Brown and Henry H. Spellman, who were accused of the killing were found guilty. The jury was out seven hours.

The trial began January 10, and the jury had been kept together all the time. Dr. Mohr, a physician practicing in this city and Newport, was shot fatally on the evening of August 31, 1915, as he was sitting in his stalled automobile in a lonely spot in Barrington.

George W. Healls, the chauffeur, made a confession, in which he alleged that Mrs. Mohr had agreed to pay him, Brown and Spellman, \$5,000 if they would murder her husband.

The police also claimed that the other two negroes made confessions which were subsequently repudiated. Healls pleaded guilty to manslaughter, and became a witness for the State.

Dr. and Mrs. Mohr had been living apart for two years as a result of quarrels growing out of his alleged attentions to Miss Burger and other women. Separation suits were pending and the State claimed that Mrs. Mohr sought her husband's death for revenge and to obtain his estate. The defence maintained that Mrs. Mohr loved her husband and that she had been involved by the actual murderer, who hoped thus to mitigate his own punishment.

**45 BOMBS AND DAMAGE ESTIMATED AT ONLY \$25**

London, Feb. 7.—At a meeting of the Worcestershire County council held here yesterday, it was stated that forty-five bombs were dropped by the Zeppelin airships on their two visits in the recent raid on the English provinces.

The only damage done by the missiles in Worcestershire, according to reports to the council amounted to \$25. Eight unexploded bombs and a piece of a propeller were found after the raid.

**BRONCHITIS COMES FROM A NEGLECTED COLD.**

Bronchitis starts with a short, painful, dry cough, accompanied with rapid breathing, and a feeling of oppression or tightness through the chest. At first the expectoration is a light color but as the trouble progresses the phlegm arising from the bronchial tubes becomes a yellowish or greenish color, and is very often of a stringy nature.

Bronchitis is usually at its worst in the morning on account of the phlegm becoming lodged in the bronchial tubes during the night, and it very often takes some time coughing and gagging before you can get the throat clear of the phlegm.

When this happens you may be sure that if the bronchitis is not attended to immediately it will sooner or later develop into pneumonia, or some other more serious lung trouble.

The best remedy for to cure the cold is DR. WOOD'S NORWAY PINE SYRUP.

Mrs. Roy Comer, Greenwood, Ont., writes: "I must tell you what Dr. Wood's Norway Pine Syrup did for me. Whenever I got a cold I would be troubled with bronchitis, and sometimes I would choke to death. After taking two bottles of Dr. Wood's Norway Pine Syrup I was cured."

Dr. Wood's Norway Pine Syrup is sold in every drug store. See that you get the genuine.

**FRENCH AVIATOR WINS HIS FIFTH BATTLE IN AIR**

Paris, Feb. 5.—The following official communication was issued by the war office tonight:

"Between Soissons and Rheims our artillery shelled the bridgehead at Venimel and the enemy works at Vendrest and Cernay. A column on the march was taken under our fire to the east of Saint Suplet."
