# Dominion Raynsters

"Made-in-Canada" Raincoats

—At Popular Prices  
—For Every Member of the Family

"DOMINION RAYNSTERS" came into being in response to a pressing need.

Men, women and children wanted coats that were absolutely waterproof, and at the same time, cut on graceful lines, well tailored, comfortable and serviceable.

How well "DOMINION RAYNSTERS" have filled this need is shown by the large number of stores carrying these double service coats, as well as the steadily increasing demand for them by every member of the family.

"DOMINION RAYNSTERS" are not merely shower-proof—the cloth is not "treated", but is "rubber lined" and made waterproof. They have the same style and finish as you see in the custom-made top coats.

"DOMINION RAYNSTERS" coats, even to the seams, are absolutely waterproof; and the guarantee label of the Dominion Rubber System is an assurance of quality and service.

Fredericton, March 26.—The follow-

By Mr. Murray (Kings):—1.—Is the

Government aware that Mr. B. S. Car-

ter, a candidate in the County of

Kings in the last Provincial Election,

speaking at Central Greenwood on

February 12th, 1917, as reported in

the press, spoke as follows:

"I want to announce that the pol-

icy of the Opposition party, and I

make this announcement with the

consent and approval of my leader,

Mr. Foster, is that where rivers are

wide and bridges impossible the fer-

ries shall not be pushed for this fact

of nature by having to pay high fer-

riage tolls, but shall be provided with

the same privileges by free ferriage,

as the people who cross steel

bridges without paying tribute. Fur-

thermore, let me tell the people of

Long Beach as well as the people of

Greenwich that when the Valley rail-

way is completed the farmers who

live on the Kingston side can cross to

the western side of the river without

charge, as of course the same privi-

lege will be for those who live on the

western side of the river to reach

Kingston parish. Year after year in

the fall and spring, there has been

one loud voiced complaint by the

people of Baywater, Lands End,

White Head, Holderville, Clifton,

Kingston, Moss Glen, and all the

busy little spots on the Kingston Pen-

insula that there was no way of get-

ting to the markets in St. John be-

cause of the forming ice in the fall

and the breaking ice in the spring.

The plan of the Opposition to over-

come this is to so protect the ferry

boats that they can make their way

through thin forming ice until it is

fit to cross at the safer places. The

details of this plan as proposed can,

### STYLE NOTES.

Cotton voiles embroidered in high  
colors are being much used for some  
of the advanced models in summer  
dresses, and plaited hip dresses and  
tiers of pleating going halfway  
around the skirt are other new char-  
acteristics in these models.

London says purple is, without  
doubt, to be the queen of colors so  
far as house decorations are con-  
cerned this spring, for all the newest  
silk and cretonne designs show a  
lavish display of this tint, which is  
not lilac, but a clear deep, royal  
purple.
