W. L. McKenzie King, Esq.,
Deputy Minister of Labor,
C.P.R. Hotel,
Vancouver, B.C.

Dear Rex:

I received your letter today and was glad to hear from you .
Also received a letter from Mr. Spencer , who is now doing out work in
Ferne since Byers left. I will write him and do what I can for him.

Many congratulations on the outcome of your work in Fernie.
I hear nothing but good things of the way you handled the proposition.
At the same time, from all I hear, it does not look as though the root
of the trouble had been ~~removed~~ ^{reached}, although we have been publishing
editorials of a soothing and congratulatory character.

The Secretary of the Canadian Club here has asked me to write you
with reference to getting Sir Wm. Mulock to stop over at Calgary and
address the Club. I was at one of their luncheons and was astonished
at the strength and character of the gathering. There were over 150
business and professional men present at the luncheon, and I know it would
give them great pleasure if Sir William could stop over as well as
yourself, either on the same day or on different days.

Please try to arrange this. Above all do not pass through without
letting me see you, even if it is only for a few minutes.

With kindest regards,

Sincerely yours,

J. W. W. W.
