Sir

With reference to that part
 of Mr. Inspector McCall's Annual
 Report dated 28th Dec. 1882, wherein
 he states in relation to the Crane
 River Indians, that 'The Oxen re-
 -ceived, although five years old,
 were never broken, and they
 cannot manage to work them.
 One of the cows is worthless for
 stock raising and they want
 liberty to exchange her for an-
 -other.' I have the honor to request
 that you will arrange for the
 sale of the Cow, if such be
 necessary
