

- DEATH after abdominal myomectomy probably due to infection from Fallopian tubes, 541 apparently from diarrhea following abdominal hysteromyomectomy, 681 causes of, in patients succumbing years after abdominal myomectomy, 570 due directly to myoma, 426, 427 due to bronchopneumonia after bisection, 685 due to peritonitis following abdominal hysteromyomectomy, 673 following abdominal hysteromyomectomy, 672, 677, 678, 680, 681, 682, 684 myomectomy, 532, 533, 538, 541, 543, 544, 672 bisection of uterus, 683 Cesarean section four years after abdominal myomectomy, 568 uterine hemorrhage, 399 vaginal myomectomy, 672
- Death of submucous myoma, no operation performed, 584 immediate, following abdominal myomectomy, 532 vaginal myomectomy, 580 myocarditis probable cause of, after abdominal myomectomy, 544 on table, 543 years after vaginal myomectomy, 586
- Death-rate, marked reduction in, in last two years, 687
- Decidua simulated by sarcoma, 218
- Defecation, painful, with myoma, 446
- Degeneration, cystic, of myoma, 83. See also *Degeneration, hyaline.*
- Degeneration, hyaline, of myoma, 8, 83-125, 395
- Delirium after vaginal myomectomy, 580
- Delusional insanity after vaginal hysteromyomectomy, 670
- Dermoid cysts of ovaries with myoma, 349
- Diagnosis of myoma, 467-503
- Discharge. See *Vaginal discharge.*
- Discrete myoma, 3
- Dislocation of ureters with myoma, 378
- Displacement of bladder, by myoma, 365, 368 of rectum, upward, by myoma, 386
- Diverticula, ruptured, rectal, 500
- Double ureter with myoma, 381
- Drainage, vaginal, following abdominal hysteromyomectomy, 623, 624
- EDEMA of cervical lips with myoma, 441 mucosa with myoma, 297 of legs after abdominal hysteromyomectomy, 658
- Edema of lower extremities associated with myoma, 450 of myoma, 88 of uterine mucosa with myoma, 322
- Edematous myoma, giant-cells in, 250
- Electrical treatment for myoma, 588
- Embolism, pulmonary, fatal, following abdominal hysteromyomectomy, 680 following bisection, 684
- Embolus, cerebral, following abdominal myomectomy, 537
- Emulsification of hyaline myomatous tissue, 92, 124
- Encysted peritonitis suggesting full bladder, with myoma, 371
- Endocarditis, acute vegetative, with sloughing submucous uterine myoma, 422 chronic, with myoma, 414
- Endocardium, metastases in, from myosarcoma of uterus, 220
- Endometritis, cervical, with myoma, 302 chronic, associated with suppurating interstitial myoma, 148 with myoma, 148, 302, 334
- Endometrium, inflammation of, with myoma, 334 tuberculosis of, with myoma, 335
- Epithelium lining uterine cavity, atypical changes in, with myoma, 332
- Erysipelas following vaginal operations for myoma, 579
- Exophthalmic goiter associated with myoma, 460
- Extra-uterine pregnancy and myoma, differentiation, 477
- FALLOPIAN tubes, adherent, with myoma, 338 affording blood-supply to parasitic myoma, 38 carcinoma of, secondary, 396 condition of, at autopsy, in myoma cases, 395 with myoma, 337 with myosarcoma of uterus, 177 hematosalpinx, with myoma, 338, 396 hydrosalpinx, with myoma, 338, 396 infection from fluid liberated from, 541 inflammation of, in myoma cases, 338 mechanical alterations in relations of, with myoma cases, 343 myoma of, 341 nourishing partially parasitic myoma, 38 operations on, during abdominal myomectomy, 526
