DOWN ON GOVERNMENT

President M'Nee, of Windsor Board of Trade, Disgusted With Gas Exportation.

Says the Ross Administration has Played Fast and Loose and Shabbily Treated Essex.

Detroit, Nov. 13.—Sheriff J. C. Iler, of Windsor, will not take up the natural gas pipes of the Interior Construction Co. for eight days at least, as he has been served with an injunction restraining him from interfering with the pipes that run to Detroit until the courts decide whether he has the right to do so. Sheriff Iler promised to grant sufficient time for the officials of the company to discuss the matter of disconnecting the gas pipes on the Canadian side of the river, but President Byrne took time by the forelock, and instructed the company's Canadian solicitor, J. H. Colburn, Walkeville, to at once apply to the courts for an injunction. Judge Horne issued the necessary order.

Archibald M'Nee, president of the Windsor Board of Trade, an ardent Liberal, probably voices the sentiment of nearly every resident of Windsor who is summing up of the whole vexed question.

"I consider," said Mr. M'Nee, "that the residents of Windsor (and of Essex county) have been treated in a very shabby manner by the Ontario government, and particularly so by the attorney-general. The question has been hanging fire since last March and it looks to me as if the government is simply playing with us."
"If the government has the right to order the removal of the pipes from the riverbed I think that the instruction which Sheriff Iler received from the government should have been couched in language which would have caused him to move in the matter before the other side had a chance to show their hand. It is a shame and a disgrace that a gas company is permitted to raise our gas rates on the pretext that the exportation to Detroit has ceased, and we find later that we have been paying an extra ten cents per thousand and the gas is still going to our neighbors across the boundary."

ROYAL SCANDAL

Report That The Divorce of The Grand Duke and Grand Duchess of Russia is Impending.

Berlin, Nov. 12.—There appears to be foundation for the renewed report that divorce of the Grand Duke and Grand Duchess of Russia is impending. Incompatibility of temper long existing, appears to have reached the point where a separation is inevitable. They are both grandchildren of the late Queen Victoria, who with the Czar and an extraordinary assemblage of European sovereigns, was present at the wedding, which took place at Coburg, April 19, 1894.

The Grand Duchess is regarded as one of the most beautiful princesses of Europe. She and the Grand Duke were estranged during the first year of their marriage. She left him and went to stay with her sister, the Crown Princess of Roumania. Queen Victoria invited her and her husband to visit England and managed to restore a semblance of peace, but that soon disappeared.

The Grand Duke is reported to be a man of sullen, querulous temper, while the Grand Duchess is high spirited.

DEWET AT WOPK

Collecting a Force in the Northeastern Part of Orange River Colony.

London, Nov. 12.—Lord Kitchener, in a despatch from Pretoria, dated Monday, Nov. 11, presents his weekly report, and incidentally locates General De Wet in the northeastern part of the Orange River Colony. He says the Boers have recently been collecting under his leadership, and that the British are now moving to disperse them.

BOER DELEGATES AT BERLIN.
Berlin, Nov. 12.—Dr. Leyds, the diplomatic representative of the Boers, and Mr. Esterhuysen, Transvaal delegate, are in the city. They disavow having any political object, but the idea prevails in certain quarters that it is not accidental that their coming coincides with the outbreak of Anglo-Boer hostilities.

Colonial Secretary Chamberlain's speech at Edinburgh. Meetings to protest against the statements made by Mr. Chamberlain continue to be held, there being four at Leipzig, Interburg, Hamm and Gera. Resolutions were adopted and forwarded to Chancellor Von Buelow.

STORM DOES MUCH DAMAGE

Bad Gale Sweeping Parts of England and Ireland Causes Many Wrecks.

Several Lives Lost in Shipping Casualties—severe floods Have Followed Storms.

London, November 12.—A tremendous storm, with torrents of rain, is sweeping the north of England and Ireland. There have been serious floods in Yorkshire. Several suburbs of Dublin are flooded and elsewhere in Ireland great damage has been done by floods. Several fatal accidents have occurred, and railway communication is delayed. In some parts of the country the rain has continued thirty-six hours. In the Manchester district there has been considerable damage, the floods have been rather welcomed than otherwise, as the mills had long suffered from the unusual drouth.

The gale is still raging unabated to-night along the coast. Reports continually arrive of shipping casualties, especially on the Northumberland coast where the storm is extremely violent. Three vessels were driven ashore to-night at the entrance of the Tyne. Four small vessels have been wrecked in the vicinity of Sunderland, and another has been wrecked off Hartlepool. Altogether nine persons were drowned in these disasters. The lighthouse on the Sunderland pier has been washed away.

The gale in the Irish Channel is the severest known for many years. Five vessels have been wrecked in Kingstown harbor, which is strewn with wreckage.

The mail boat Nord, which started from Dover for Calais at half past eleven last night ran down the lights of the works of the new Dover pier. The crew of the lights were drowned.

It is reported in Dover that sixteen persons were down with the lights. The Nord has gone ashore at the Foreland, but her passengers are said to be safe.

LOST IN GALE

A Schooner Sunk—Captain and Crew Rescued After Terrible Suffering.

Vineyard Haven, Mass., Nov. 12.—The schooner Douglass Haynes, of Bath, Maine, from Port Johnson for Hallowell, Maine, with a cargo of 258 tons of coal, sank between Shovel and Pollock Dip Shoals with her three masts projecting out of water. Captain Blaisdell and crew of four men were rescued, after having suffered terribly from exposure. Captain Blaisdell, of the Douglass Haynes, states that when on Nantucket Shoals on the morning of the 10th inst., he encountered a violent gale. The vessel rode out the gale until late in the afternoon when the decks were awash and all hands climbed into the rigging. Thirty minutes after they had secured themselves the vessel went to the bottom. As she struck she careened over on her side, dipping her mast in the water, and the five men were obliged to hang on for their lives to keep from being washed from the rigging by the force of the waves. Fortunately the vessel soon righted herself, and lay on the bottom with her masts out of water. The men hung on as best they could until yesterday morning, when they were taken off by a schooner bound for Brunswick, Ga.

The two-masted schooner Mark Pendleton careened and filled off Chatham this afternoon, and has since been drifting about off Pollock Dip. The crew were rescued.

EDITOR JAILED

Chicago Journalists Will Serve Time for Contempt of Court—Other Cases to Come on.

Chicago, November 12.—On a charge of contempt of court Judge Henney today sentenced Andrew M. Lawrence, managing editor of Hearst's Chicago American, to 40 days in the county jail. The sentence of H. S. Canfield, who wrote the article objectionable to the court, was fixed at 30 days in jail. The cases against S. S. Carvalho, financial editor of the paper, and John C. Hammond, assistant city editor, were dismissed. Judge Henney declared the cases against W. R. Hearst, majority stockholder of the paper; Homer Davenport, cartoonist, and Clare Briggs, also a cartoonist, would stand until such time as these respondents could be brought into court by the sheriff. An exception to the decision was filed.

The article in the American upon which the proceedings in contempt were based, was a criticism of the court's decision on an application for the forfeiture of the charter of the People's Gaslight & Coke Co.

The new bridge just completed by the Canadian Northern Railway over the Red River at Winnipeg will be opened to-day.
