To Work the Various Soils of the West Properly, You Want a

Bissell Disk Harrow

Measured by quality or by the amount of cultivating it will accomplish, the 28x16 Bissell Disk Harrow is far ahead of any other on the market.

This Disk covers 14 feet at one sweep—cuts, cultivates, pulverizes and properly turns the surface of the soil. It will penetrate as deep as required. For summer fallow work it is speedy and very satisfactory. Built with long poles or fore trucks as preferred.

A Trailer can be furnished for cutting out the centre strip when desired. The equipment is for six horses, and the draft is light for the first-class work it does. Gangs are in four sections and made flexible to conform to uneven ground.

DISK PLATES are the tried and proven special BISSELL shape. They reach well under, giving the soil a good turning over.

BASIS FOR PEACE

The text of the Entente note in reply to President Wilson's request for a statement of terms reached Washington on Thursday, January 11.

In the most courteous, yet at the same time, most definite terms the Allies "in a general way declare their respect for the lofty sentiments inspiring the American note." In masterly form the note refers to the much discussed reference President Wilson made to the similarity between the aims of the two groups of belligerents. The note says: "This analogy, based on public declarations of the Central powers, is in direct conflict with the evidence, both as regards responsibility for the past and guarantees for the future. President Wilson, in alluding to this analogy, did not, of course, intend to adopt it as his own."

Passing on to the objects which the Allies seek in continuing the war, in brief the basis of settlement demanded is as follows:—

The restoration of Belgium, of Serbia and of Montenegro and the indemnities which are due them.

The evacuation of the invaded territories of France, of Russia and of Roumania, with just reparation.

The reorganization of Europe, guaranteed by a stable settlement, based alike upon the principle of nationalities, upon the right which all peoples, whether small or great, have to the enjoyment of full security and free economic development, and also upon territorial agreements and international arrangements so framed as to guarantee land and sea frontiers against unjust attacks.

The restitution of provinces or territories wrested in the past from the allies by force or against the will of their population.

The liberation of Italians, of Slavs, of Roumanians and of Czechs Slovaks from foreign domination.

The enfranchisement of populations subject to the bloody tyranny of the Turks.

The expulsion from Europe of the Ottoman empire which has proved itself so radically alien to western civilization.

NATIONAL SAVING PLAN

Sir Thomas White, minister of finance, announced on January 10 the first step in connection with his campaign for greater national saving and the larger participation of the general public in financing Canada's war expenditure and furnishing imperial credits for the purchase of munitions in Canada.

An issue of war savings certificates, maturing in three years, in denominations of \$25, \$50, and \$100 will be created. They will be obtainable upon application to any bank or postal money order office in the Dominion. The prices are \$21.50, \$43, and \$86 respectively—that is to say, for every \$21.50 lent now to the government \$25 will be returned at the end of three years. The discount of three dollars and a half constitute a most attractive interest return. Provision is made whereby the certificates may be surrendered at any time during the first twelve months at their purchase price; after twelve months but within twenty-four months at \$22.25; and after twenty-four months, but within thirty-six months at \$23.25 for every \$21.50 paid. This means that the longer the certificates are held the higher the rate of interest that will be obtained.
