Violins

Cannot be judged by appearances: you must rely to a certain extent upon the dealer from whom you purchase your instrument.

Violins range in price from \$10.00 to thousands

Of course, when played you soon detect the richer tone qualities of the fine violin.

We have a good line of better grade violins and others which are not so high in price. If you will come to our store, we will be pleased to show you our other musical instruments as well as violins.
