age to do that, they were actually thinkage to do that, they were actually thinking of deceiving themselves by Act of Time. They caused more inconvenience, Time. They caused more inconvenience, april 26.—Ferdinand Magellan, Portuguese payingstor, killed 1521: David Parliament. They were going to put the clock on and pretend that it was seven o'clock when it was really six. Was ever more violent, denounced the change because it was a change. Our conventional time had become to them something like a Divine order merely because they could remember no other. They had been born could also draw upon outside labor. Out Duke of Burgundy, died, 1404; Fdward in that chronological faith and devoutly oped to die in it. Now that we have before us an impartial Report on the nation's they want, and generally cannot get just when they want it. An unexpected difficulty James Bruce, African traveller, died, 1794 experience under the Summer Time Act, we see the incomparable pithiness of the saying that an invention is subject to artificial light had to be used in the weavthree stages. People when they first hear of it say that it is not true; next, and there was an early-morning strike. The recommendation that the future date that it is contrary to Scripture; and lastly (when its success is admitted) that they for reversion to normal time should be Empress of India by Act of Parliament, always told you so. The "Scripture" stage is quite a real one. The writer ed to meet such cases. The experience essayist and poet, died, 1882.

knows of a country parson who when he heard of the Summer Time Act depresal. heard of the Summer Time Act deprecated this flying in the face of Providence Such "holy vegetables," in Sydney Smith's benefits of Summer Time. Sir Napier changing the Divine foundations of the world. The muddle-headedness of the rioters who shouted "Give us back our eleven days!" when the Old Style gave eleven days!" when the Old Style gave way to the New in Britain were in a per-way to t way to the New in Britain were in a perfectly honest state of confusion. And in Ireland to-day it is common to hear people distinguish between "God's time" and "Government time"—which is Summer actly for an hour in all calculations? Another in the adds that a future historian may find it impossible to fix the exact hour of the battle of Jutland. We confess our surden plot on the farm. The farm garden plot on the farm. The farm garden plot on the farm. The farm garden plot on the farm thinself to a sufficient extent, and actly for an hour in all calculations? Another is given of the next women. More vegetables in the diet

Report recommends the permanent retention of Summer Time, and that the Combinator of Summer Time, and the Combinator names of a striking clock without throwing the clock out of gear, the casualties among approval of the arrangement all over the approval of the arrangement all over the clocks were high. When all has been ly arranged, it can be worked with a country. There are some complaints, it said, the Report is a record of a tremend- horse and horse-cultivator, thus eliminatis true, but these rather emphasize the approval. In Ireland opinion is divided. Said, the keport is a record of a tremend one success. There is only one possible comment, which is at once a summary be made of the garden, preferably on It is proposed that in future Summer and a sentiment—Summer Time shall be introduced on the second

Comment, which is at once a summary and a sentiment—Summer Time for ever! paper, but at least in mind. This plan will be very useful when purchasing, Sunday in April and shall last to the third Sunday in September; and that the variation from normal time shall be one hour throughout the whole period. We wish that the period of Summer Time could be a clean cut of six months, or at all events from the first Sunday in April to the last Sunday in September; but the reasons for the plan proposed are no doubt valid, and as they are designed to meet objections they make for permanency, and are therefore to be accepted without captiousness. Let us admit that the whole scheme is a inaugurated, and has proved successful it is planted. vast national agreement to cheat ourselves nto a more sensible use of daylight. It seems to us, however, not only to be justifiable but to be indispensable. Without possibly agree as to the date on which they would begin their business earlier in the day, or as to how much earlier titey would begin. The alternatives are Government sanction and chaos.

Time last year is of the delightful length unknown origin can frequently be traced as the ground is in proper condition. The Our own abiding impression of Summer of the evenings and the clean freshness of to these accumulations in attics or other seeds of tender crops, such as cucumbers, the mornings. The long evenings of June arrived by a delightful magic in May, and them out, and, instead of wondering what the work of as for the summer mornings, they had a to do with them, there will be a feeling beauty which even grateful observers of Nature had missed before. The explan
Clean-up the area around the home.
