Armour's Solid Extract of Beef

(POTTED IN CANADA)

is the Pure Concentrated Essence of Prime Beef. Being solid, it cannot be adulterated, and is more economical, because it goes four times as far as other brands.

Other extracts and fluid beefs lack strength and quality. Fluid beefs contain water, salt and other ingredients.

Insist on Armour's, and you have what is best and most economical.

"CULINARY WRINKLES" is a booklet which tells numberless ways in which to use Armour's Extract of Beef. Send for it. It's free.

Galt Steel Siding

is made in large and small sheets—six grades and five designs. Our large sheet siding (28"x60") is made in perfect imitation of brick and stone, with clear cut mortar lines and tuck-pointing; and having fewer joints is handsomer and more rapidly applied. Like our other Sidings it is cheaper and warmer than wood, fire and wind proof, reducing your insurance and coal bills.

Write for Catalogue and Galt's Lids Booklet. This is the Galt Steel Siding.

LIVELY DEBATE IN COMMONS

Act Of Omission Indicates The Plan Of Campaign

JOHN REDMOND ROUSED

London, Nov. 2.—The resumption in the House of Commons yesterday of the debate of the trades' dispute bill, including the amendment of Oct. 20, to clause 4, placing union funds beyond the reach of attack, led to some lively scenes.

Members of the Opposition, in their speeches, twitted the Ministers with surrendering to the Labor party. Herbert H. Asquith, Chancellor of the Exchequer, retorted that the question at issue was not one of principle, but of methods. He said he saw nothing dishonorable or unworthy in deferring to the feelings of those most interested in the matter, and he unhesitatingly supported the amended clause.

Conservative Defeat. After other members of the Government had spoken in a similar strain, Samuel Roberts, Conservative, proposed to insert the original clause. This proposal was defeated by 372 votes to 79, amid loud ministerial and Labor cheers.

There subsequently was further heated scenes on the motion, made by a member of the Opposition to omit Ireland from the operation of the act. In moving this motion, Viscount Casragh, Conservative, contended it would give absolute immunity to boycotting. Samuel Henry Butcher, Conservative, seconded this motion, on the same ground.

Redmond Roused. John Redmond, the leader of the Irish party, said he could conceive no more unworthy or disgraceful scandal than to come into Parliament when Ireland was in a state of profound peace, and suggest that it was unsafe to give Ireland the same rights as England. This was evidently to be the plan of campaign, in view of next year's legislation for Ireland.

After further heated discussions, in which the Speaker ignored appeals to call Mr. Redmond to order, Sir John Lawson Walton, Liberal, explained that the agricultural associations of Ireland did not come within the legal meaning of a trade union.

The motion was rejected by 282 to 35. The incident was then closed.

WILL WAR WITH THE LORDS.

Education Bill Changes So Great That Ministry Will Fight.

London, Nov. 2.—The House of Lords continues to make far-reaching changes in the education bill, and in Liberal circles the opinion is expressed that if the Opposition continues in its present spirit the bill hardly will be recognizable when it returns to the House of Commons.

Clause 2 of the bill was completed Wednesday night after radical alterations, mostly by large Opposition majorities. There is a distinct atmosphere of tension in the upper House. It has apparently been determined that the Ministry will not tamely submit to the Lords.

This metamorphosis was indicated by President of the Board of Trade Lloyd George, who, speaking at Spalding, declared that the work of "re-editing" the bill would terminate in a way probably far from agreeable to the House of Lords, a majority of whom were endeavoring to establish the principal of compulsory religion, to which the country would not submit.

ONTARIO BANK AFFAIRS.

Shareholders Have a Successful Preliminary Meeting On Thursday.

Toronto, Nov. 2.—A preliminary meeting of the shareholders of the Ontario Bank, called by Cephas Goode, was held yesterday afternoon in Mr. Goode's office in the Gooderham Building, when an active effort was made to secure co-operation upon the part of the shareholders.

The shares controlled by those present or heard from amounted to \$440,000.

A committee of five was appointed to take steps to bring about a more satisfactory representation upon the part of the shareholders, and to protect and guard the interests of the shareholders more generally. A fund was subscribed to for the necessary expenses incurred in any action against the Ontario Bank, and for all legal advice.

Mr. Stavert, the curator, yesterday stated that nothing new had developed.

MILLIONS IN BONDS.

Secured By Charles Whitney Norton By Fraud, Chicago Police Say.

Chicago, Nov. 2.—Charles Whitney Norton, said by the police and postal authorities to be responsible for extensive swindling operations, is under arrest here and will be turned over to the federal officers by the local police, who took him into custody.

It is claimed that Norton has defrauded people in all parts of the United States out of bonds and securities amounting to \$3,000,000.

A federal warrant was served upon Norton late in the afternoon, and he was taken to the county jail. He will be arraigned to-morrow before United States Commissioner Foote.

Ottawa Is Aided.

Ottawa, Nov. 2.—The Hydro-Electric Commission will, in a few days, forward to the city corporation a new agreement for power with the Ottawa and Hull Power Co., The Commission, however, has managed to modify the terms somewhat in the city's interest.

Zero Weather at White River.

Toronto, Nov. 2.—The first zero weather this fall was reported from White River, north of Lake Superior. The temperature up there just touched the zero mark the previous night and then rose again to 14 above yesterday.

"Grand Peninsular"

The Ideal Kitchen Range

The "Grand Peninsular" is my ideal of what a perfect cast-iron range should be. It is the most reliable cooker of its kind—because the oven is built exactly like the oven of an expensive steel range.

Steel radiates heat quicker than cast-iron. Instead of using only a steel BOTTOM—I make the ENTIRE OVEN—top, bottom and sides—of patent Levelled Steel Plate.

That's one reason why the "Grand Peninsular" is such a quick, even cooker—and saves so much fuel.

Then I do away with all guess work about the baking, by putting a thermometer on the oven door. The oven is perfectly ventilated—the air kept fresh and dry—thus preventing soggy baking. I make the Grate Bars large and strong and easily removable.

All the ornamentation—the nicked parts—can be lifted off the range when cleaning, without loosening a single bolt. You can see Peninsular Ranges at your local dealer's store.
