Town Improvement

The development of the Town of Wolfville during the past few years has been very marked as compared with other provincial towns. Possessed of a delightful and central location in the centre of the valley it has many things that attract as a residential centre. Besides our advantages led for educating the young, those who possess limited means can make a home here much more attractive than elsewhere, and even the laboring man finds ready employment at good wages.

The town has ambitiously carried out a system of permanent road making that is most commendable. Nearly the whole length of the town from west to near the eastern boundary the permanent road system has been completed. All this has been done at considerable expense, but so carefully are the finances of the town managed that the rate of taxation is kept comparatively low.

Persons who are travelling throughout the Maritime Provinces after a visit to Wolfville are very free to express their opinion of it as a beautiful and ambitious town and tell how great has been its progress compared with other towns of about the same size.

Wolfville is a good town to live in and an excellent town to trade in. A glance over the columns of this issue will show our merchants to be up-to-date in every particular.

Obituaries

Mrs. Stephen W. Tupper

A gloom was cast over the village of Scotts Bay on Nov. 13th, by the death of Mrs. Stephen W. Tupper. She was a faithful worker in her home, a kind and sympathetic friend, a loving and devoted wife and mother. She leaves a sorrowing husband and a baby girl two months of age.

The funeral service was held in the Union Church on Nov. 15th, at 1 o'clock, conducted by Rev. Ritchie Elliott, of Peregé, assisted by Rev. Mr. Brown from U. S. The service was largely attended. The deepest sympathy is felt by all in the community for the sorrowing husband and relatives.

Death of Mr. John DeEll

Mr. John DeEll died at Waterville at the home of his daughter, Mrs. C. I. Wolfe, on Friday, November 7th, at the advanced age of ninety years.

Mr. DeEll was born in England on June 6th, 1823. His parents, Mr. and Mrs. William DeEll, emigrated to America, bringing him with them. They settled in Truro, where they lived till 1841. In that year Mr. DeEll moved to Windermere in Kings County, where he settled upon the farm now owned by Mr. H. M. Keddy. On September 27th 1841, he married Harriet, daughter of James and Susannah Bishop.

Mr. DeEll leaves four children, Mrs. Wilson and Mrs. Wolfe, of Waterville, and Messrs William and Alexander, DeEll of South Berwick. Twenty-four grand children and thirty great grand children are also living.

The deceased had been in failing health during the summer, being confined to his bed for the greater part of the time and the end came as we have said, on Friday, Nov. 7.

Mr. DeEll had been for many years a member of the Berwick Baptist Church. He was during his life, an earnest reader of the Bible, having read it through many times. The funeral services were held on Monday, Nov. 10th.

Temperance Convention

At a representative meeting of the Kings County Temperance Alliance, held at Berwick August 26th, a resolution was passed recommending the petitioning of the Federal Government for the privilege of voting to repeal the Scott Act to allow the N. S. Temperance Alliance to come into force in the County. The Executive was empowered to call a general Convention for the purpose of further considering the advisability of such a course, and in case the action should be confirmed, to take the steps necessary for its accomplishment. At a subsequent meeting of the Executive the work of calling such convention was delegated to the undersigned sub-committee.

The proposed Convention, which will be composed of all members of the Alliance, all first officers of other temperance organizations, all pastors of churches, and all Superintendents of Sunday Schools in the County, will be held in the Kennebec Baptist Church on Tuesday, December 9th. The first session will open at 2 o'clock p. m. for business, and a mass meeting addressed by prominent workers will convene at 7.30.

Tea at 25 cents will be served in the Vestry at 8.30. Visitors will be cordially welcomed at all services.

Wolfville Week

Having forty years experience in the Harness business, we are prepared to give you

Harness

that cannot be beaten for the price. We can make any style you want. The stock is the best in Canada, and no one can beat my price for the same kind of stock. We carry a few FACTORY HARNESSES if you want such trash. We can sell it to you as cheap as anyone. We think we can give you better satisfaction in that line, also because we can tell you whether your harness is sewed or nailed together, which a dealer cannot tell you, because he don't know how a harness is made, or cares, as long as he sells. We have a large stock of

Horse Rugs

to select from. The prices are right as well as the rugs. In fact there is nothing that is required about a horse that W. Regan does not keep.

International Stock Food
